Important information about the Market Linked Investment

Product Disclosure Statement: This product disclosure statement ("PDS") is dated 1 June 2010 and has been prepared by the Issuer. This PDS has not been lodged with the Australian Securities and Investments Commission ("ASIC") and is not required by the Corporations Act to be lodged with ASIC. ASIC takes no responsibility for the contents of this PDS.

Purpose: The Market Linked Investment ("MLI") is issued by Citigroup Global Markets Australia Pty Limited (ABN 64 003 114 832) Australian Financial Services Licence ("AFSL") number 240992 ("Citi", "Issuer", "we" or "us"), a participant of ASX Group. The MLI is an agreement between the Investor and the Issuer governed by the terms set out in the terms and conditions ("Terms") which are contained in Section 10 of this PDS. It is important that Investors and potential Investors read the Terms in full as these set out the Investor's rights and obligations in relation to the MLI.

Capitalised terms: Capitalised words used in this PDS have the meaning given to them in clause 15 of the Terms, unless the context requires otherwise.

Disclaimer: The MLI and any securities recommended, offered, or sold by the Issuer: (i) are not insured or guaranteed by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations or liabilities of any insured depository institution (including Citibank, N.A.); and (iii) are subject to investment risks, including the possible loss of income and the principal amount invested in the event of Early Maturity and possible delays in repayment. The MLI does not represent a deposit or other liability of Citigroup Pty Limited or Citibank, N.A. (Sydney Branch) and these entities do not stand in any way behind the capital value and/or performance of the MLI, or assets held by the Issuer, except as specified in the PDS, nor are these entities issuers of the MLI. The Issuer is not subject to regulatory supervision by APRA.

Variation of times and dates: The Issuer reserves the right to vary the dates and times associated with the offer. This means that the Issuer has the discretion to extend or reduce the length of the offer period by changing any of the relevant dates in the Issuer's absolute discretion. The Issuer may exercise its rights where, for example, the demand for the MLI has been very high and a significant number of customers have requested that the period be extended. However, in exercising its discretion, the Issuer would act reasonably and would not leave the offer period open for an extensive period having regard to standard market practice. The Issuer may also vary the Maturity Date if an Early Maturity Event occurs or if an Investor requests Early Maturity and that request is accepted by the Issuer. The term "Early Maturity Event" is defined in clause 4.1 of Section 10 of this PDS. The risks associated with Early Maturity are more fully discussed in Section 4 of this PDS.

Investment decisions: It is impossible in a document of this type to take into account the investment objectives, financial situation and particular needs of each reader. Accordingly, nothing in this PDS should be construed as a recommendation by the Issuer, or any associate of the Issuer or any other person concerning an investment in the MLI, the Delivery Assets or any other financial product. Readers should not rely on this PDS as the sole or principal basis of a decision to invest in the MLI, Delivery Assets or any other financial product and should seek independent financial, legal and taxation advice before making a decision whether to invest. No person is authorised by the Issuer to give any information or to make any representation not contained in this PDS. Any information or representation not contained in this

PDS must not be relied upon as having been authorised by, or on behalf of, the Issuer. Nothing in this PDS is, or may be relied upon as, a representation as to the future performance of the MLI or the Delivery Assets.

Jurisdiction and selling restrictions: This PDS is not an offer or invitation in relation to the MLI in any place in which, or to any person to whom, it would not be lawful to make that offer or invitation. The distribution of this PDS outside Australia may be restricted by the laws of those places where it is received. Persons into whose possession this document comes should seek advice on and observe those restrictions. The MLI is not available to US persons. Failure to comply with relevant restrictions may violate those laws of the places where the PDS is received.

Updates relating to this PDS: The Issuer may make available updated information relating to this PDS. Investors may access this information at www.citifirst.com.au or, alternatively, may request a paper copy of this information free of charge from their licensed financial adviser or by contacting the Issuer on 1300 30 70 70. The information which the Issuer will make available by way of these updates is subject to change from time to time and will not be information which is materially adverse to Investors. It is recommended that you review any such additional material before making a decision whether to acquire the MLI. If there is any material adverse change, a supplementary product disclosure statement will be issued.

Electronic copies: This PDS is available on the internet at www.citifirst.com.au. Any person receiving this PDS electronically should note that Applications can only be accepted if the Issuer receives an original, completed Application Form which accompanied the electronic or paper copy of this PDS. A paper copy of this PDS (with attached Application Form) will be sent by the Issuer to any person who requests one, free of charge. To obtain a paper copy free of charge, please call 1300 30 70 70. Alternatively, the operator of your master trust or wrap account service will be able to provide you with paper copies free of charge.

Cooling off: Please note that no cooling off rights apply in respect of a purchase of the MLI.

Social or ethical considerations: The MLI does not take into account labour standards or environmental, social or ethical standards.

Nature of Units: Please note that references to a "Unit" throughout this PDS mean an investment in the MLI of an amount equal to the Issue Price. It is not a unit in a managed investment scheme. The MLI is an agreement between the Investor and Issuer under which the Investor agrees to purchase the Delivery Parcel from the Issuer on a deferred basis governed by the Terms.

Section 1 - Introducing the MLI

What is the MLI?

This Market Linked Investment (“MLI”) is linked to the performance of the 3 Month Bank Bill Swap Rate (“BBSW”) (AUD Series) or the 3 Month London Interbank Offered Rate (“LIBOR”) (USD Series) (the “Reference Rate”).

The Interest Rate for the AUD Series and the USD Series is fixed for the first year before switching to floating Interest Rate Payments for the remainder of the life of the Investment.

Series	Reference Rate	Currency	Bloomberg Code	Reuters Code
AUD	3 Month AUD BBSW	AUD	BBSW3M <Index>	.BBSW
USD	3 Month USD LIBOR	USD	US0003M <Index>	.LIBOR

The MLI offers the potential for regular income linked to the performance of the Reference Rate after the first year, along with the safety of Capital Protection on the Maturity Date. Capital Protection only applies to Investments held at Maturity and provided no Early Maturity occurs. All payments, and Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 4 of this PDS.

The MLI is classified as a “security” under the Corporations Act because it gives Investors an equitable interest in a portion of the Delivery Assets for the duration of the Investment. The Portion is a 1/1000th interest in a Delivery Asset, held by the Issuer (or its nominee) for an Investor. The Portion cannot be dealt with separately to the rest of the MLI.

How is the MLI structured?

The MLI is structured as a deferred purchase agreement. Under a deferred purchase agreement, an Investor agrees to purchase the Delivery Assets (including the Portion) and either:

- **Option 1:** elects to accept physical delivery of the Delivery Assets on the Settlement Date; or
- **Option 2:** elects to take advantage of the Agency Sale Arrangement upon physical delivery of the Delivery Assets on the Settlement Date and subsequently receive the Sale Proceeds.

For more details, please refer to the section titled “What happens at Maturity?” in Section 3 of this PDS..

What are the Delivery Assets?

On the Settlement Date, the Issuer will be required to deliver to the Investor ordinary shares in CBA. The value of these shares will be equal to the Final Value per Unit at Maturity (as explained below) multiplied by the number of Units held by an Investor.

The Issuer will only deliver a whole number of Delivery Assets (which will include the Portion). If a fraction of a Delivery Asset would otherwise be transferable by the Issuer to the Investor, the Issuer may keep that fraction of the Delivery Asset (which includes the Portion) and pay an amount equal to the value of the fraction of the Delivery Asset foregone, based on the Official Closing Level on the Trading Day immediately following the Maturity Date (or such later date as determined by the Issuer in its discretion as is reasonably necessary for the Issuer to fulfil its obligations under the Terms in the event of a Call Event), provided that the amount exceeds twenty Australia dollars (AUD 20). If the amount does not exceed twenty Australian dollars (AUD 20), the Issuer is entitled to keep that amount and is under no obligation to the Investor to make any payment for the fraction.

What is the investment strategy of the MLI?

The MLI is designed for Investors who seek Interest Rate Payments that are paid each Quarter throughout the Term of Investment. The MLI delivers this return on each Interest Payment Date with the safety of Capital Protection at the Maturity Date provided no Early Maturity occurs. All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more information on the investment strategy, please refer to Section 3 of this PDS. For more details on the risks, please refer to Section 4 of this PDS.

What are the investment objectives of the MLI?

The investment objective of the MLI does not take into account labour standards or environmental, social or ethical standards.

The following table indicates considerations an Investor should take into account in relation to an investment in the MLI. The MLI may be a suitable investment for an Investor if the following apply to the Investor:

Investor Seeks	Investor Can Accept
Exposure to AUD Interest Rates (AUD Series) or USD Interest Rates (USD Series)	A holding period of up to 5 years, subject to the occurrence of a Call Event
Capital Protection at Maturity, even if a Call Event occurs *	Fixed Interest Rate Payments in year 1 of the investment period before switching to floating Interest Rate Payments in subsequent years
Potential for income in the form of Quarterly Interest Rate Payments	The possibility of losing part of the Investment Amount if the MLI is not held to Maturity
A medium-term market-linked investment	The risks associated with investing in AUD Interest Rates (AUD Series) or USD Interest Rates (USD Series)
	The possibility that returns may be limited or could be less than the return you could earn on other investments
	The possibility of a Call Event occurring and receiving the Investment Amount on a Call Event Observation Date

*Capital Protection only applies to Investments held at Maturity and provided no Early Maturity occurs. Capital Protection is subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. Please refer to Section 4 of this PDS for more details.

When are Interest Rate Payments made?

Interest Rate Payments are made every Quarter in arrears over the full 5 years of the Investment unless a Call Event is declared or Early Maturity occurs. Interest Rate Payments will be paid each Quarter on the Interest Payment Dates.

For the AUD Series, the Interest Payment Date for an Interest Rate Period is the first Business Day in Sydney after that Interest Rate Period. The anticipated schedule of Interest Payment Dates for the AUD Series – based on existing Sydney Business Day calendar – is given below. Note that this Business Day calendar is subject to change without notice.

How are Interest Rate Payments Calculated?

Both the AUD Series and USD Series pay Quarterly fixed Interest Rate Payments in the first year before switching to Quarterly floating Interest Rate Payments in subsequent years of the MLI. The calculation method for each fixed or floating period in relation to each series (AUD or USD) is shown in the table below:

AUD Series		USD Series	
Year 1	Investment Amount x 7.50% p.a. x 90/360	Year 1	Investment Amount x 3.25% p.a. x 90/360
Years 2-5	Investment Amount x 3 Month AUD BBSW + Margin x Actual/365	Years 2-5	Investment Amount x 3 Month USD LIBOR + Margin x Actual/360

Where:

- the Margin is the additional rate of interest paid over and above the Reference Rate;
- 'Actual' is the number of days in the corresponding Interest Rate Period;
- 3 Month AUD BBSW is the 3 Month Bank Bill Swap Rate for the first Business Day of the corresponding Interest Rate Period;
- 3 Month USD LIBOR is the 3 Month London Interbank Offered Rate for the date 2 London Business Days before the first common Sydney, London and New York Business Day of the corresponding Interest Rate Period.

When are Interest Rate Payments calculated?

Interest Rate Payments are calculated every Quarter over the full Term of Investment.

For the AUD Series, Interest Rate Payments are calculated on the first Business Day of the corresponding Interest Rate Period. The anticipated schedule of Interest Calculation Dates – based on the existing Sydney Business Day calendar – is given below. Note that this Business Day calendar is subject to change without notice.

Section 2 – Information about the Reference Rate and the Delivery Assets

At Maturity, the Issuer is required to deliver to Investors the Final Value per Unit multiplied by the number of Units held by the Investor. The Issuer has agreed to deliver that Total Value to the Investor in the form of ordinary shares in CBA (the "Delivery Assets") on the Settlement Date if:

- an Investor does not elect the Agency Sale Arrangement option on the Maturity Notice; or
- the Issuer does not receive from the Investor a Maturity Notice by the Closing Time.

This section of the PDS provides some further information about the Reference Rate and the Delivery Assets.

Information on the Reference Rates

3 Month AUD BBSW

The Bank Bill Swap ("BBSW") rate is the rate of interest at which banks borrow funds from other banks, in marketable size, in the Australian interbank market. BBSW is the average mid-rate for bank bills of exchange having a specified term. BBSW rates for all different terms are set daily at approximately 10:10am Sydney time.

3 Month AUD BBSW is the specific term used as the Reference Rate in the AUD Series of this MLI. The daily 3 Month AUD BBSW setting can be found in a variety of sources including Reuters' "BBSW" page, Bloomberg's "BBSW3M <Index>", AFMA's webpage "www.afma.com.au" and published in the Market Wrap section of the Australian Financial Review.

3 Month USD LIBOR

The London Interbank Offered Rate (“LIBOR”) is a comparable USD benchmark reference rate. LIBOR is a daily reference based on the interest rates at which banks borrow unsecured USD funds in the London wholesale money market. LIBOR rates across many terms are published approximately 11:45am every London Business Day.

3 Month USD LIBOR is the specific term used as the Reference Rate in the USD Series of this MLI. The daily 3 Month USD LIBOR setting can be found in a variety of sources including Reuters’ “LIBOR” page and Bloomberg’s “US0003M <Index>”.

Information about the Delivery Assets

The Delivery Assets are ordinary shares in CBA which is one of Australia’s leading financial services providers. Financial services offered by CBA include retail, institutional and business banking, funds management, superannuation, insurance, investment and broking services. CBA is currently one of the largest listed companies on the Australian Securities Exchange.

The performance of the MLI and the Final Value per Unit are not affected by the performance of the Delivery Assets over the investment period. However, Investors who elect to receive the Delivery Assets at Maturity should be aware that following delivery of the Delivery Assets the value of their Delivery Assets will be affected by changes in the price of CBA ordinary shares as traded on ASX.

For more information on the company, including information about its historical share price performance, pricing and company information, Investors can visit the company’s website at www.commbank.com.au.

CBA is subject to continuous disclosure obligations and makes regular releases to the ASX that are publicly available.

Citi makes no recommendation, representation or assurance about the performance or prospects of CBA.

CBA had no involvement in this PDS

References in this PDS to CBA are included solely for the purpose of identification of the shares that comprise the Delivery Assets and the Delivery Parcel. These references are not an express or implied endorsement by CBA, or any of its related entities, of MLI.

No member of the CBA group of entities has had any involvement in the preparation of any part of this PDS, accepts responsibility for any statement in this PDS, or has been involved in or consented to, the issue of this PDS.

Changes to the Delivery Assets or Reference Rate

If an Adjustment Event occurs, the Issuer may:

- (a) substitute the Delivery Asset with any other security or managed investment product quoted and trading on a Relevant Exchange operated by ASX, where that security or managed investment product is in a class of financial products that is a constituent of the S&P/ASX 200 Price Index; and/or
- (b) substitute the Reference Rate with another reference rate at the discretion of the Issuer. The new reference rate will be chosen by the Issuer to match as closely as possible the old Reference Rate.

The Issuer will notify Investors of any such changes and will carry out the adjustment so as to put both the Investor and the Issuer in substantially the same economic position as if the Adjustment Event had not occurred. If this is not possible, then there may be Early Maturity. Investors should read clause 5 of the Terms to fully understand their rights and obligations if an Adjustment Event occurs.

Part 2 – General Information on the MLI

Section 3 – How does the MLI work?

How does a Call Event work?

The Issuer has the right, at the Issuer's absolute discretion, to declare a Call Event on any Call Event Observation Date. If the Issuer chooses to exercise its right to declare a Call Event, the Maturity Date will be deemed to be the Call Event Observation Date on which the Call Event occurs. The Final Value per Unit will remain protected by the Capital Protection feature of the MLI if a Call Event occurs and will equal the Issue Price (see section "What is the Final Value per Unit at Maturity?" on page 15 below).

If the Issuer declares a Call Event, it will send the Investor a Maturity Notice within 7 Business Days after the Call Event Observation Date on which the Call Event occurred. For more information about what happens at Maturity, please refer to the section "What happens at Maturity?" on page 17 below as well as clause 3 of the Terms.

It is important to note that a Call Event is different to Early Maturity which may occur on dates other than the Call Event Observation Dates and may be initiated by either the Investor or Issuer. For more information on Early Maturity, see the section "Can the MLI be terminated early?" on page 17 below.

When are the Call Event Observation Dates?

The first Call Event Observation Date falls on the one year anniversary of the Issue Date (or the next Business Day if the first anniversary does not fall on a Business Day). Subsequent Call Event Observations Dates will then follow Quarterly (or the next Business Day in the event that the Quarterly date does not fall on a Business Day). The anticipated schedule of Call Event Observation Dates – based on existing Business Day calendars – is given below. Note that these Business Day calendars are subject to change without notice.

Indicative AUD Series and USD Series Call Event Observation Dates		
24 Jun 2011	25 Mar 2013	24 Dec 2014
26 Sep 2011	24 Jun 2013	24 Mar 2015
28 Dec 2011	24 Sep 2013	24 Jun 2015
26 Mar 2012	24 Dec 2013	
25 Jun 2012	24 Mar 2014	
24 Sep 2012	24 Jun 2014	
24 Dec 2012	24 Sep 2014	

Why would the Issuer exercise its right to declare a Call Event?

The Issuer's choice to exercise its right to declare a Call Event depends on the market value of the MLI prior to the Call Event Observation Date in question. In turn, the market value of the MLI is influenced by a number of factors – the most significant of which are outlined in the table below:

Factor	Call Event likelihood
Decrease in AUD Interest Rates (AUD Series) or USD Interest Rates (USD Series)	▲
Increase in the creditworthiness of the Issuer	▲
Decrease in the liquidity of AUD interest rate markets (AUD Series and/or USD interest rate markets (USD Series)	▼

Can the Reference Rate change?

The Reference Rate (AUD Series: 3 Month AUD BBSW or USD Series: 3 Month USD LIBOR) is fixed for the term of Investment. However, if the Reference Rate used becomes unavailable, the relevant Reference Rate may be substituted in whole, or in part, with another reference rate at the discretion of the Issuer. The new reference rate will be chosen by the Issuer to match as closely as possible the existing Reference Rate. Substitution of the Reference Rate may only occur following an Adjustment Event or where the Issuer believes that not doing so would cause or allow the investment exposure to diverge from that described in this PDS, or failing to make such a variation would otherwise result in an Early Maturity Event. If such a substitution occurs, the relevant Reference Rate will be determined by the original Reference Rate up until the time the Reference Rate is substituted, and after this time by the new reference rate.

More information on the Reference Rate can be found in Section 2 of this PDS. Please also see clause 5 of the Terms in relation to Adjustment Events.

What is the Final Value per Unit at Maturity?

At Maturity, provided no Early Maturity occurs (as explained below), the Final Value per Unit will be equal to the Issue Price:

■ **AUD Series:** AUD1.00 per Unit

■ **USD Series:** USD1.00 per Unit

On the Settlement Date, or as soon as possible thereafter, the Issuer will be required to deliver to the Investor ordinary shares in CBA. The value of these shares, provided no Early Maturity occurs (as explained below), will be equal to the Final Value per Unit at Maturity multiplied by the number of Units held by an Investor. The Issuer will only deliver a whole number of Delivery Assets (which will include the Portion).

What factors affect the Margin?

The calculation of the Margin on the Issue Date is influenced by a number of variables that change daily. The major factors and their impact on the Margin are summarised in the table below:

Variable	Change in Variable	Margin
Issue size	▲	▲
Interest rates (both AUD and USD)	▲	▲

Each of the variables mentioned is subject to continuous movement. Hence, the Margin cannot be determined until all Investment Amounts have been received and are available for investment on the Issue Date. Once this has occurred, the Issuer will set the Margin at the same level for all Investors as at the Issue Date and will apply throughout the term of Investment. The Margin will then be communicated to all Investors with a confirmation of investment letter.

The Issuer reserves the right to set the Margin at a rate different from the rate indicated in the Term Sheet. In the event that the Issuer sets the Margin at a rate below the minimum rate indicated in the Term Sheet, the Investor will be given the opportunity to withdraw their Application (and receive a full refund of their Investment Amount) or proceed with the offer at the new margin specified by the Issuer.

What are the significant benefits of investing in the MLI?

The significant benefits that an Investor might expect to receive from an investment in the MLI may include:

- **Capital Protection** – The MLI offers Investors the comfort of Capital Protection, so that the value of each MLI held on the Maturity Date is not less than the Issue Price, provided that no Early Maturity occurs.
- **Income potential** – The MLI returns a stream of Interest Rate Payments linked to AUD Interest Rates (AUD Series) or USD Interest Rates (USD Series). The MLI combines fixed Interest Rate Payments in the first year while providing exposure to floating Interest Rate Payments in subsequent years of the Investment.

All payments, including Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 4 of this PDS.

What are the significant risks of investing in the MLI?

The significant risks that an Investor might expect to receive from an investment in the MLI may include:

- **Early Maturity risk** - In certain circumstances, the MLI may be terminated before Maturity and, where Early Maturity applies, the value of the MLI may be less than the Investment Amount and Break Costs may apply.
- **Call Event risk** – The Issuer may declare a Call Event on a Call Event Observation Date. This will reduce the length of the Investment and will stop further Interest Rate Payments that may have been paid if the MLI had run to its full maturity. See page 15 for factors influencing the Issuer declaring a Call Event.
- **Tax and change of law risk** - Changes to laws or their interpretation in Australia, including taxation and corporate regulatory laws, could have a negative impact on the return for Investors.
- **Market risk** - There is no guarantee that the return of the MLI will exceed the return generated by other investments.
- **Agency Sale Arrangement** – If you elect the Agency Sale Arrangement, the Official Closing Level on the Trading Day immediately following the Maturity Date may not be achievable and you may therefore receive less than the Total Value.
- **Credit risk** - The Investor is exposed to the credit risk of the Issuer and the Guarantor. All payments, and Capital Protection, are subject to the credit worthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 4 of this PDS.

Is the MLI transferable?

The MLI is unlisted and transferable. It cannot be traded on any financial market.

What fees are payable in relation to the MLI?

There are no direct fees or commissions payable by the Investor. The Issuer will pay to distributors an upfront Distributor Fee of up to 2.00% (including GST if applicable) of the Investment Amount. This fee is paid by the Issuer out of its own funds and is not an additional cost to the Investor, nor is it deducted from the Investment Amount. For information on what fees and commissions are payable in connection with an investment in the MLI, please refer to Section 6 of this PDS.

What are the currency risks in relation to the MLI?

For both the AUD Series and USD Series, direct currency risk is minimised since all payments associated with the MLI are denominated in the same currency. Investors in the USD Series that do not elect to take advantage of the Agency Sale Arrangement and accept the Delivery Assets may incur currency risk beyond the Maturity of the MLI. For more details on currency risk, please refer to Section 4 of this PDS.

What are the potential tax implications of investing in the MLI?

Investors who are Australia tax residents for the purposes of Australian income tax should include Interest Rate Payments in their ordinary assessable income when received.

The issuer will withhold interest withholding tax from Interest Rate Payments paid to Investors whose Postal Address or Settlement Account, as provided on the Application Form, is outside Australia..

Investors who hold the MLI on capital account for tax purposes, in certain circumstances, may make a capital gain or loss on Settlement Date even if they hold their Delivery Assets following the Settlement Date. If so:

- A capital gain arising to Investors that are natural persons, trusts, or complying superannuation funds should be eligible for the discount capital gains concession.
- A capital loss is not deductible against assessable income but can be used to offset other current year capital gains or can generally be carried forward to future income years.

It is important that potential Investors carefully review the comments in Section 8, which sets out the general tax implications of investing in the MLI. Investors should be aware Section 8 of this PDS is provided in general terms only and is not tailored to any Investors' specific circumstances. Investors should seek their own independent advice as to the tax consequences of investing in the MLI.

What happens at Maturity?

Approximately 20 Business Days before the Maturity Date, the Issuer will notify Investors of the upcoming Maturity by sending them a Maturity Notice. The Issuer will also send a Maturity Notice to Investors within 7 Business Days after the Call Event Observation Date on which a Call Event occurs.

At Maturity (whether by the occurrence of a Call Event or at the end of the Term), there are two options available to Investors. These options are:

- **Option 1:** elect to accept physical delivery of the Delivery Parcel on the Settlement Date; or

- **Option 2:** elect to take advantage of the Agency Sale Arrangement and receive the Sale Proceeds.

If Investors do not choose any option, the MLI will automatically default to physical delivery of the Delivery Assets.

The option that is best for each individual Investor depends on their preferences.

Option 1 - Taking physical delivery of the Delivery Parcel

If an Investor wishes to take physical delivery of the Delivery Parcel, they do not need to do anything when they receive the Maturity Notice. By doing nothing, physical delivery will automatically apply.

If an Investor takes physical delivery, the Issuer (or its nominee) will purchase the Delivery Assets specified in the Delivery Parcel and register those Delivery Assets in the Investor's name on the Settlement Date in accordance with the CHES details on the Maturity Notice returned by the Investor. If the Investor is not CHES sponsored or does not return the Maturity Notice, the Issuer (or its nominee) will register the Delivery Assets as an issuer-sponsored holding in the Investor's name.

If a fraction of a Delivery Asset (including the Portion) would otherwise be transferable by the Issuer to the Investor, the Issuer may keep that fraction of the Delivery Asset and pay an amount equal to the value of the fraction of the Delivery Asset foregone, based on the Official Closing Level on the Trading Day immediately following the Maturity Date (or such later date as determined by the Issuer in its discretion as is reasonably necessary for the Issuer to fulfil its obligations under the Terms in the event of a Call Event), provided that the amount exceeds twenty Australian dollars (AUD 20). If the amount does not exceed twenty Australian dollars (AUD 20), the Issuer is entitled to keep that amount and is under no obligation to the Investor to make any payment for the fraction.

Option 2 - The Agency Sale Arrangement

To take advantage of the Agency Sale Arrangement and to receive the Sale Proceeds of the Delivery Parcel in cash, an Investor must:

- elect the Agency Sale Arrangement option on the Maturity Notice; and
- return the Maturity Notice to the Issuer by the Closing Time.

Under the Agency Sale Arrangement, the Issuer will accept physical delivery of the Delivery Parcel on the Investor's behalf and will sell the Investor's Delivery Parcel on the Investor's behalf. The Issuer will pay the Investor the Sale Proceeds by cheque or directly into the Investor's nominated Settlement Account. The Sale Proceeds will equal the number of Delivery Assets sold multiplied by the Official Closing Level on the Trading Day immediately following the Maturity Date (see "How is the price of the

Delivery Assets calculated?" below) less any Costs and Taxes. The Investor may therefore receive less than the Total Value. Payment will be made within 10 Business Days after the Settlement Date or as soon as reasonably practicable thereafter.

If the Delivery Parcel would otherwise include a fraction of the Delivery Assets, the Issuer will transfer the equivalent value of the fraction into the Investor's nominated Settlement Account or pay it to the Investor by cheque within 10 Business Days after the Settlement Date or as soon as reasonably practicable thereafter (in effect this is a reimbursement of a portion of the Investment Amount).

How is the price of the Delivery Assets calculated?

The Issuer will calculate the price of the Delivery Assets as either the price paid by the Issuer to acquire the Delivery Assets or the last traded price of the Delivery Assets at or around 4:10 pm Sydney time on the Trading Day immediately following the Maturity Date unless it is not possible to determine the price of the Delivery Asset at that time, in which case the Issuer may either:

- nominate another time to determine the Official Closing Level; or
- determine the Official Closing Level to be the price determined by the Issuer as its best estimate of the Delivery Asset value at or around 4:10 pm Sydney time on the Trading Day immediately following the Maturity Date (or in the case of Early Maturity, the Early Maturity Date).

What happens if an Investor does not make an election or fails to return the Maturity Notice?

Physical delivery will apply if:

- an Investor does not elect the Agency Sale Arrangement option on the Maturity Notice; or
- the Issuer does not receive an Investor's Maturity Notice by the Closing Time.

Can the MLI be terminated early?

Investors may terminate their investment in the MLI before the Maturity Date by submitting a completed Investor Sale Form (located at the back of this PDS or available by contacting the Issuer on 1300 30 70 70) to the Issuer and requesting in writing Early Maturity for the full amount of the Investor's MLI. The Issuer may, in its absolute discretion, accept or reject the Investor's request. If the Issuer accepts, then the Issuer will send the Investor an Early Maturity Notice specifying an Early Maturity Date.

In the Early Maturity Notice, the Issuer will specify whether:

- the normal Maturity process will apply (as set out in "What happens at Maturity?" on page 18); or
- the Issuer will pay an Exit Payment.

If the normal Maturity process applies, then the Investor will receive the Early Maturity Value which means the fair economic value of each Unit at or around 5:00 pm Sydney time on the Early Maturity Date as determined by the Issuer in its absolute discretion, unless it is not possible to determine the fair economic value of the Unit at that time, in which case the Issuer may nominate another time to determine the Early Maturity Value.

Without limiting the above, in determining the "Early Maturity Value" the Issuer may deduct any costs, losses or expenses that it incurs in relation to the Early Maturity including, without limitation, Costs and Taxes, Break Costs, administrative costs, costs of unwinding any hedge put in place for the purposes of meeting its obligations under the Terms, and any cost of funding or any loss of bargain.

If the Issuer elects to pay an Exit Payment, then the Investor will receive the amount determined by the Issuer in its absolute discretion and by whatever means the Issuer deems appropriate. Without limiting the foregoing, in determining the Exit Payment, the Issuer may adjust the Exit Payment for any costs, losses or expenses that it incurs in relation to the Early Maturity including without, limitation, Costs and Taxes, Break Costs, administrative costs, costs of unwinding any hedge put in place for the purposes of meeting its obligations under these Terms, and any cost of funding or any loss of bargain.

The Early Maturity Value or Exit Payment will take into account all accrued (but unpaid) Interest Rate Payments up until the Early Maturity Date. However, Investors will not be paid any interest in respect of the period after the Early Maturity Date.

Can the Issuer change the Terms of the MLI?

Yes. The Terms may be amended or varied if an Adjustment Event or Early Maturity Event occurs or in certain other limited situations such as to comply with the law, or to correct an error or inconsistency in the Terms. Investors will be notified of any such changes. Investors should refer to Section 4 of this PDS which discusses the risks associated with Early Maturity Events or Adjustment Events. Investors should also read clause 5 of the Terms to fully understand their rights and obligations if an Adjustment Event occurs.

Does the MLI offer any Capital Protection?

The obligation to deliver to an Investor the Delivery Assets and any return on the MLI is an obligation of the Issuer. Investors should be aware that Capital Protection does not apply if the MLI is terminated because Early Maturity occurs. The Issuer may terminate the MLI prior to the Maturity Date if an Early Maturity Event occurs. However, Early Maturity Events are generally beyond the Issuer's control and the Issuer will only call for Early Maturity if, in

It is important to note that the Issuer only provides Capital Protection to Investors who hold the MLI at Maturity and provided no Early Maturity occurs. This Capital Protection ensures that the value of each MLI on the Maturity Date will be the Issue Price but Capital Protection is also subject to the creditworthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. If an Investor requests Early Maturity, they may well receive an amount less than the Investment Amount. Investors should refer to Section 4 of this PDS which discusses the risks associated with Early Maturity Events. Investors should also read clause 4 of the Terms to fully understand their rights and obligations if they request Early Maturity.

Please note Capital Protection will not apply to the Early Maturity of the MLI

Can the Issuer terminate the MLI early without Investor approval?

Yes. The MLI may be terminated early by the Issuer if an Early Maturity Event occurs. Investors should refer to Section 4 of this PDS which discusses the risks associated with Early Maturity Events. Investors should also read clause 4 of the Terms to fully understand their rights and obligations if an Early Maturity Event occurs and to understand what events constitute an Early Maturity Event. A Call Event is not an Early Maturity Event.

If an Early Maturity Event occurs, the Capital Protection feature of the MLI will not operate so the number of Delivery Assets or the Sale Proceeds from the Agency Sale Arrangement will be determined by reference to the Exit Payment or the fair economic value of the MLI at or around 5:00 pm Sydney time on the Early Maturity Date as determined by the Issuer in its absolute discretion. The Issuer may also deduct Break Costs in relation to the Early Maturity. The Early Maturity Value or Exit Payment will take into account all accrued Income Amounts owing up until the Early Maturity Date. However, Investors will not be paid any Income Amounts in respect of the period after the Early Maturity Date.

its opinion, such an event has a material impact on the continued viability of the MLI. A Call Event is not an Early Maturity Event. Clause 4 of the Terms (in Section 10 of this PDS) describes the events that constitute an Early Maturity Event.

The MLI may also be terminated early at the Investor's request. Investors should read clause 4 of the Terms and the paragraph titled "Can the MLI be terminated early?" (earlier in this section) to understand their rights and obligations if an Early Maturity Event occurs.

Capital Protection provides that the value of each MLI held at Maturity will be the Issue Price but does not apply where Early Maturity occurs. This Capital Protection is also subject to the creditworthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to Section 4 of the PDS. Capital Protection is also subject to rounding (see "What happens at Maturity?" earlier in Section 3 of this FPDS).

Guarantee

The guarantee given to each Investor by the Guarantor is a continuous, irrevocable and unconditional guarantee of the due and punctual payment of all monies which may become actually or contingently payable to an Investor by the Issuer under, or in conjunction with, the MLI and the due and punctual performance of the Issuer's obligations under the Terms. Each Investor is entitled severally to enforce the guarantee. The guarantee is subject to the credit worthiness of the Guarantor (Citigroup Inc.)

Any payments under the guarantee must be made to Investors in the same manner and currency as the Issuer would be required to make to satisfy its obligations under the MLI. The Guarantor must also pay interest on any amount payable by it under the terms of the guarantee during any period when it remains unpaid. All payments made by the Guarantor under the guarantee will be made free and clear and without any deduction for present or future taxes. If any law requires the Guarantor to withhold on account of any taxes, then the amount payable by the Guarantor will be increased so that after making such withholding the Investor receives the same amount it would have received had no such withholding occurred.

Investors may obtain a copy of the deed of guarantee by contacting the Issuer on 1300 30 70 70.

FOS is an independent dispute resolution scheme. In order for a complaint to be considered by FOS, the claim involved must be under the equivalent of AUD 150,000.

Issue size

The Issuer aims to raise the equivalent of AUD 3 million, taking into account both AUD Series and USD Series of the MLI. If less than the equivalent of AUD 3 million is raised, the Issuer may, in its absolute discretion, issue the MLI anyway. However, the Issuer retains the discretion to reject any Applications. If the Issuer rejects Applications, the Investment Amounts will be returned to Applicants either by bank transfer or by cheque at the risk of the Applicant within 14 Business Days after the Offer Closing Date.

Disputes concerning the MLI

The Corporations Act requires the Issuer to have procedures in place for dispute resolution. The Issuer's process for dispute resolution is available to Investors free of charge.

Investors may make a complaint relating to the MLI directly to the Issuer on 1300 30 70 70. The Issuer will take all steps necessary to investigate any complaint and seek a resolution.

If the outcome is unsatisfactory, Investors may refer their complaint to Financial Ombudsman Service ("FOS") at:

Section 4 – Risks of investing in the MLI

Risk Factors

Early Maturity risk

In certain circumstances, the MLI may be terminated early where an Investor requests Early Maturity or an Early Maturity Event occurs. If an Early Maturity Event occurs, Investors will be given approximately 20 Business Days' notice of any proposed Early Maturity unless it is otherwise impracticable to do so. The Issuer only provides Capital Protection for the MLI at Maturity (whether by the occurrence of a Call Event or at the end of the Term) provided no Early Maturity occurs. Capital Protection is also subject to the creditworthiness of Citigroup Global Markets Australia Pty Limited and Citigroup Inc. For more details, please refer to "Credit risks" below.

Prior to Maturity, Investors will receive the fair economic value of the MLI or the Exit Payment (as determined by the Issuer) which will be based on various market factors such as volatility and time remaining to Maturity. This may result in the value of the MLI being less than the Investment Amount in instances where Early Maturity applies. In determining the fair economic value or the Exit Payment, the Issuer may deduct Break Costs (which may be substantial) in relation to the Early Maturity.

Call Event risk

The Issuer has the right, at the Issuer's absolute discretion, to declare a Call Event on any Call Event Observation Date. If the Issuer chooses to exercise its right to declare a Call Event, the Maturity Date of the MLI will be brought forward to the Call Event Observation Date on which the Call Event occurs. This earlier Maturity Date will reduce the term of the Investment and terminate any Interest Rate Payments that may have been paid if no such Call Event had occurred. Irrespective of the occurrence of a Call Event, the Final Value per Unit will remain protected by the Capital Protection feature of the MLI.

Liquidity risk

It is at the Issuer's absolute discretion to permit Early Maturity once a week. However, the MLI obtains exposure to the Interest Rates using over the counter ("OTC") transactions. These OTC transactions must be unwound to allow Early Maturity and consequently the MLI may be illiquid and Break Costs and Costs and Taxes may be significant.

The MLI is not quoted on the ASX or any other financial market. The MLI is transferable with the consent of the Issuer (for more detail please refer to clause 14.9(b) of the

Terms) but there is no guaranteed ability to sell a MLI before Maturity.

Market risk and economic factors

The value of the MLI at any time will be affected by a number of market variables that change daily, such as volatility, the trading liquidity, prevailing and anticipated economic conditions, technological, legal or political conditions, other inter-related factors which affect the performance of markets generally and the interest rate markets specifically, and time remaining to Maturity.

Credit risk

The Issuer is a wholly owned subsidiary of Citigroup Inc., a diversified global financial services holding company whose businesses provide a broad range of financial services to consumer and corporate customers with more than 200 million customer accounts doing business in more than 100 countries.

Copies of financial statements of Citigroup Inc. can be found at www.citifirst.com.au/about_us.html. Hard copies of those financial statements can be obtained by calling Citi on 1300 30 70 70.

The value of the MLI depends on the ability of the Issuer to perform its obligations under the Terms and the ability of the Guarantor to perform under its guarantee of the Issuer's obligations. These obligations are unsecured contractual obligations of the Issuer and Guarantor and will rank equally with other unsecured obligations and debt of the Issuer and Guarantor other than liabilities mandatorily preferred by law.

Investors must make their own assessment of the ability of the Issuer and Guarantor to meet their obligations in respect of the MLI. Nothing in this PDS is, or may be relied upon as being, a representation as to any future event or a promise as to the future of the ability of the Issuer or Guarantor to perform their obligations.

The Issuer also has the right to transfer its obligations by giving notice to Investors in accordance with the Terms (see clause 14.9(a) of the Terms).

Exercise of discretion by the Issuer

Investors should note that a number of provisions of the Terms confer discretions on the Issuer and its associates which could affect the value of the MLI. These include the right to declare a Call Event on a Call Event Observation Date, powers to nominate Adjustment Events and Early Maturity Events, to substitute the Delivery Assets or Reference Rate, to adjust or modify the method of any calculation as set out or used in the Terms and to make adjustments to the terms of the MLI as contemplated in the Terms.

Adjustment Event risk

There may be adjustments to the Terms of the MLI due to Adjustment Events such as (but not limited to) mergers and disposals, price source disruption, changes to the Issuer's hedging arrangements, trading suspension, material change in the calculation and/or composition of the Reference Rate and/or Delivery Assets and changes in Corporations Act or taxation laws. Investors should read clause 5 of the Terms set out in Section 10 of this PDS.

Tax risk

We recommend that Investors seek independent tax advice before investing in the MLI. The Issuer is not in the business of providing tax advice and cannot be relied upon to advise on, nor takes any responsibility for, the taxation implications in respect of an investment in the MLI.

In particular, Investors should note that Section 8 of this PDS assumes that Investors will take physical delivery of, and hold, the Delivery Assets for the purposes of deriving assessable dividends.

Change of law risk

Changes to laws or their interpretation in Australia, including taxation and corporate regulatory laws, could have a negative impact on the return of Investors.

As set out in the letter in Section 8 of this PDS, the ATO has examined deferred purchase agreements. It is important that potential Investors carefully review the comments in Section 8 as regards the ATO views and implications for the MLI.

Potential conflicts of interest

The Issuer and other Citi companies may be, as a result of investment banking or other engagements, in possession of material price sensitive information relating to the

Delivery Assets. However consistent with our long standing policy to hold in confidence the affairs of our customers, we will not use confidential information obtained from customers, except in connection with our services to that customer. We may also conduct transactions as principal or as agent in various financial instruments, including the Delivery Assets. These investment banking activities, trading activities or any other activities of Citi may affect (positively or negatively) the price at which the Delivery Assets trade at any point in time.

Citi may have a potential conflict of interest of which you are not aware and which we are unable to disclose to you.

Investment decisions

The information in this PDS is intended to provide Investors and their professional advisors with the information they would reasonably require and reasonably expect to find for the purpose of making an informed assessment of the capacity of the Issuer to fulfil its obligations under the MLI and the risks, rights and obligations associated with the MLI. It is impossible in a document of this type to take into account the investment objectives, financial situation and particular needs of each Investor. Accordingly, nothing in this PDS should be construed as a recommendation by the Issuer or any associate of the Issuer or any other person concerning investment in a MLI.

Readers should not rely on this PDS as the sole or principal basis of a decision to invest in the MLI, Delivery Assets or any other financial product and should seek independent financial, legal and taxation advice before making a decision to invest.

Factors affecting the Reference Rate

An Investor in the MLI should be familiar with investments in the interest rate securities markets. In particular, Investors should be familiar with the market in which interest rate securities are traded and the economic, political and other aspects relevant to investments in that market which may have a material effect on those investments.

Performance of the Reference Rate

The value of the Reference Rate will vary over time. The performance of the Reference Rate will have a direct effect on the value of the Interest Rate Payments.

Currency risk

The USD Series is denominated in United States dollars ("USD"). The Issue Price for the USD Series must be paid in USD. Accordingly, if an Investor holds Australian dollars or any other currency which is not USD, that currency will need to be converted to USD before the Investor invests in the USD Series. Such Investors may be subject to

currency risk. Investors in the USD Series that do not elect to take advantage of the Agency Sale Arrangement and accept the Delivery Assets may incur currency risk beyond the Maturity of the MLI as the Delivery Assets are an Australian dollar denominated security. If the Investor chooses to use the Agency Sale Arrangement, there is currency risk if the exchange rate at the time the Issuer purchases and delivers the Delivery Assets and sells those Delivery Assets under the Agency Sale Arrangement are not the same. Currency risk is the risk that the value of an investment in the USD Series in non-USD terms changes relative to its value in USD. In particular, Investors should be aware that if the non-USD currency was to appreciate in value against the USD, the value of the investment in the MLI in non-USD terms would decrease, and vice versa.

Agency Sale Arrangement risk

If an Investor elects the Agency Sale Arrangements, the Issuer may be unable to sell the Investor's Delivery Parcel at the Official Closing Level on the Trading Day immediately following the Maturity Date. Although the Issuer will use its best endeavours to sell the Delivery Parcel as soon as practicable at the best price the Issuer can obtain, there is a risk that Investors may receive less than the Total Value.

Reinvestment risk

An Investor may not be able to reinvest their Interest Rate Payments or Sale Proceeds at, or above, the same Interest Rate offered under this MLI. Each Interest Rate Payment is calculated using the Investment Amount and will not be capitalised.

Section 5 – Scenario analysis

The calculations and charts in this Section are illustrative examples designed to indicate how an investment in the MLI could perform under different scenarios when held to Maturity. The dates shown in each of the examples are based on existing Business Day calendars and are subject to change without notice. For Interest Rate Payment calculations, the scenarios assume an Investment Amount of AUD100,000 (AUD Series) or USD100,000 (USD Series).

These scenarios have been included solely so that Investors may gain insight into the possible Interest Rates and payments under different conditions. These Interest Rates and payments, in the graphs and tables below, are not a forecast, projection or prediction. Investors are cautioned that the Interest Rates and payments are subject to risks and uncertainties, including interest rate risks, and are not a statement about likely future performance. There is no guarantee that the Issuer will pay the interest payments specified in these scenarios.

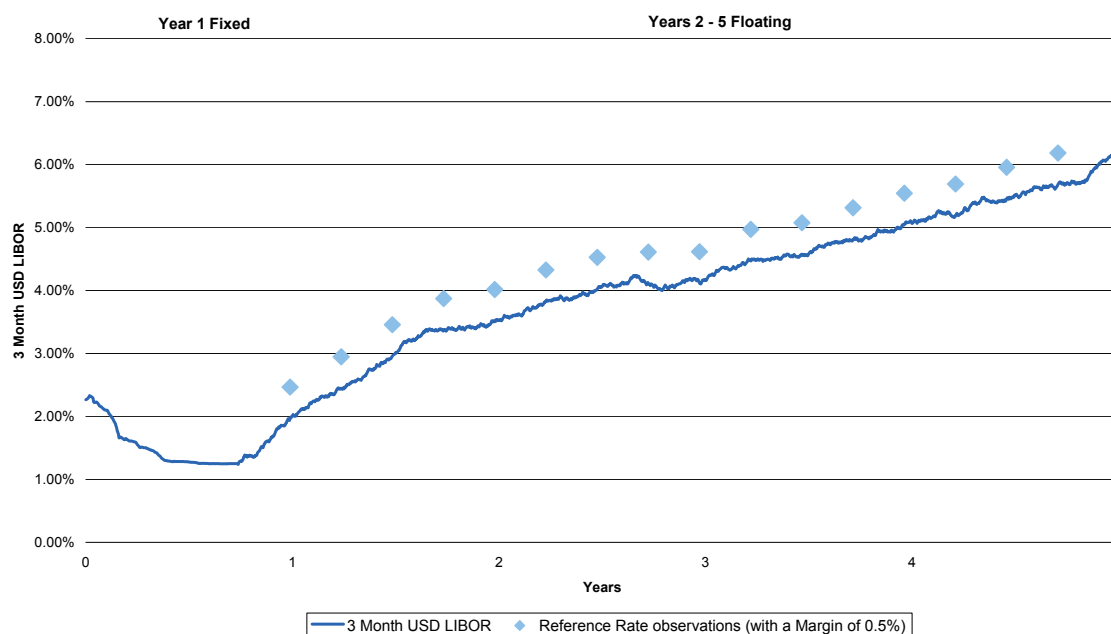

For the purposes of these hypothetical scenarios, we assume the Margin for the AUD Series is set at 0.90% p.a. and the Margin for the USD Series is set at 0.50% p.a. Please see the section “What factors affect the Margin?” on page 15 for further details.

Investors whose Postal Address or Settlement Account, as provided on the Application Form, is outside Australia will be subject to interest withholding tax on Interest Rate Payments paid by the Issuer. The rate of interest withholding tax is currently 10% and will be deducted from the payments shown below.

Example – USD Series – Scenario 1

In this first example, we describe an Investment in the MLI (USD Series) where the hypothetical trend of 3 Month USD LIBOR is to rise consistently over the life of the MLI. In this instance, each observation of the Interest Rate in years 2-5 of the Investment will be higher than the current 3 Month USD LIBOR rate.

The graph for this hypothetical scenario is shown below – illustrating the path of 3 Month USD LIBOR and the subsequent observations of the Interest Rate at each Interest Calculation Date under this scenario. The table below shows the Interest Calculation Date and Interest Payment Date for each Interest Rate Payment over the life of the MLI as well as the subsequent Interest Rate Payments made under this scenario.

Example – USD Series – Scenario 2

In the second example, we describe an Investment in the MLI (USD Series) where the hypothetical trend of 3 Month USD LIBOR is identical to the trend given in Scenario 1, except that the Issuer chooses to declare a Call Event on the fifth possible Call Event Observation Date – 2 years into the Investment.

The graph for this hypothetical scenario is shown below – illustrating the Issuer’s right to declare a Call Event 2 years into the Investment. The table below shows the Interest Calculation Date and Interest Payment Date for each Interest Rate Payment over the life of the MLI as well as the subsequent Interest Rate Payments made under this scenario.

In this scenario, the Investment yields a total return of 6.49% over the 2 year life of the MLI.

Example – USD Series – Scenario 3

In the third example, we describe an Investment in the MLI (USD Series) where the hypothetical trend of 3 Month USD LIBOR is to remain stable around current levels. In this instance, each observation of the Interest Rate in years 2-5 of the Investment will be not be significantly higher or lower than the current 3 Month USD LIBOR rate.

The graph for this hypothetical scenario is shown below – illustrating the path of 3 Month USD LIBOR and the subsequent observations of the Interest Rate at each Interest Calculation Date under this scenario. The table below shows the Interest Calculation Date and Interest Payment Date for each Interest Rate Payment over the life of the MLI as well as the subsequent Interest Rate Payments made under this scenario.

Example – AUD Series – Scenario 4

In the fourth example, we describe an Investment in the MLI (AUD Series) where the hypothetical trend of 3 Month AUD BBSW is to rise consistently over the life of the MLI. In this instance, each observation of the Interest Rate in years 2 - 5 of the Investment will be higher than the current 3 Month AUD BBSW rate.

In this scenario, the Investment yields a total return of 33.86% over the 5 year life of the MLI.

Section 6 – Fees associated with the MLI

Investors do not pay any direct fees to the Issuer associated with an investment in the MLI.

There will be no commission, establishment fee or ongoing management fee payable to the Issuer in respect of the MLI. However, the Issuer reserves the right to pass on to Investors any unforeseen Costs and Taxes (including GST if applicable). The Issuer will notify the Investor of any such Costs and Taxes (including GST if applicable) in the Maturity Notice. At the date of this PDS, the Issuer is not aware of any Costs and Taxes payable.

If Early Maturity occurs, the Issuer may charge the Investor any Costs and Taxes and Break Costs associated with the early termination. The Break Costs may include all costs, expenses and losses incurred by the Issuer and notified by the Issuer as payable by the Investor as a result of the early termination, unwind of a hedge position or any loss of profits that the Issuer may suffer as a result of the early termination. The Break Costs may be substantial. The Issuer will notify the Investor of such Break Costs in the Early Maturity Notice and will also provide indicative Break Costs prior to Early Maturity if requested and where possible.

The Issuer may profit from its ability to manage the underlying risk associated with the investment of the MLI and its responsibilities as Issuer of the MLI. However, the calculation of the Final Value per Unit is as set out in this PDS and is independent of any income or profits earned by the Issuer.

The Issuer will pay to distributors an upfront Distributor Fee* of up to 2.00% (including GST if applicable) of the Investment Amount. This fee is payable by the Issuer out of its own funds and is not an additional cost to the Investor, nor is this fee deducted from the Investment Amount.

* For example, if you invest \$100,000, the Distributor Fee payable to the distributor would be up to \$2,00 (i.e. \$100,000 x 2.00%). This is paid by the Issuer at no additional cost to Investors.

For more details on commission and benefits paid to financial advisors, Investors should refer to the financial services guide or statement of advice prepared by their financial advisor. Financial advisors should follow ASIC guidelines in relation to disclosure of all fees. Investors should always discuss fees and their benefits with an advisor.

Section 7 – Information about the Issuer and Guarantor

Who are the Issuer and the Guarantor?

The Issuer of the MLI is Citigroup Global Markets Australia Pty Limited. The Issuer is a wholly owned subsidiary of Citigroup Inc. and a member of the Citigroup Inc. group of companies ("Group"). Citigroup Inc. guarantees the performance of the Issuer's obligations under this PDS and the Terms, but does not guarantee the performance of the MLI.

The Issuer has previously provided credit rating information in retail disclosure documents. However, due to changes in the regulatory environment, most credit rating agencies are no longer consenting to the inclusion of credit rating information in retail disclosure documents issued in Australia. Therefore no credit ratings have been included in this document.

The Group has been in the Asia Pacific region for more than 100 years and today provides more services in more markets for more clients than any other financial institution. The Group counts as valued clients 10 million customers across 18 countries and territories.

Hard copies of those financial statements can be obtained free of charge by calling Citi on 1300 30 70 70.

No Citi company other than the Issuer makes any statement or representation in this PDS.

Section 8 – Tax considerations

This section is general in nature and does not take into account the specific taxation circumstances of each Investor. The Issuer is not in the business of providing tax advice and cannot be relied upon to do so. Accordingly, Investors should not rely on this section and should obtain specific taxation advice referable to their own circumstances.

This section is a summary of the taxation consequences arising for Investors who are Australian resident taxpayers, including individuals, companies, trusts, and complying superannuation funds, who hold the MLI on capital account, and who take physical delivery of the Delivery Assets on the Settlement Date and hold the Delivery Assets for the purpose of deriving assessable dividends, rather than utilising the Agency Sale Arrangement.

This section is based on the law, and the administrative practice of the ATO, as at the date of this PDS. Subsequent changes in the law or its administration by the ATO may affect the tax consequences to Investors.

Interest Rate Payments

Investors should include the Interest Rate Payments received in a year of income as assessable income. For investors who acquire a USD Series MLI, for tax purposes the investor should translate the USD amount of an Interest Rate Payment to AUD using the USD/AUD spot exchange rate at the time of receipt.

Capital Gains Tax

Based on the approach adopted by the ATO in Taxation Determination TD 2008/21, the gain or loss on Maturity of the MLI should be on capital account and subject to Capital Gains Tax. For Investors in the AUD Series, a capital gain or loss cannot arise on the Maturity Date of the MLI.

For Investors in the USD Series, the amount of the capital gain or loss will be the market value of the MLI at the Maturity Date (expressed in AUD) less the USD denominated Issue Price paid by the Investor on Application translated into AUD using the exchange rate on the Issue Date of the MLI. For Investors in the USD Series, but not the AUD Series, it is possible this calculation could give rise to a capital loss. Capital losses cannot be applied to reduce ordinary income but may only be used to reduce capital gains from other sources in the current or later years.

Investors should note that the gain or loss would not be on capital account where the transaction was entered into as an ordinary incident of carrying on a business or in a business operation or commercial transaction carried out with a profit-making purpose by the Investor. Such Investors should obtain tax advice specific to their circumstances as the comments below do not apply to them.

Based on the approach adopted by the ATO in Taxation Determination TD 2008/22, Investors in the USD Series will be subject to Capital Gains Tax on the Maturity Date of the MLI whether or not they take delivery of the Delivery Assets or elect to sell the Delivery Assets using the Agency Sale Arrangement.

A capital gain computed above should first be reduced by any capital losses from other sources before applying any CGT discount applicable below.

Apart from Investors who made Early Maturity within 12 months of the Issue Date, Investors will hold the MLI for at least 12 months. Accordingly, Investors in the USD Series who are natural persons should apply the 50% CGT discount to the amount of the capital gain computed above. And Investors in the USD Series who are trusts or complying superannuation funds should apply the one-third CGT discount to the amount of the capital gain computed above.

Investors who take delivery of the Delivery Assets on the Settlement Date rather than utilising the Agency Sale Arrangement will also be subject to Capital Gains Tax upon any subsequent sale of those Delivery Assets. Based on the approach adopted by the ATO in TD 2008/22, the amount of that capital gain or loss will be the sale proceeds of the Delivery Assets less the market value of the MLI at the Maturity Date. Accordingly, the capital gain or loss on sale of the Delivery Assets will only reflect the increase in value of the Delivery Assets after the Maturity Date of the MLI. The CGT discount would only apply to this capital gain where Investors held the Delivery Assets for at least 12 months after the Maturity Date of the MLI.

Discount Securities

The return on discount securities is brought to tax on an accruals basis over the life of the security. Based on the approach adopted by the ATO in Taxation Determination TD 2008/21, the MLI should not be regarded a discount security.

Traditional Securities

Gains and most losses on disposal or maturity of Traditional Securities are excluded from being on capital account. However, based on the approach adopted by the ATO in TD 2008/21, the MLI should not be regarded as a Traditional Security.

Financial Arrangements

An investment in the MLI may constitute a financial arrangement. New rules for the taxation of financial arrangements ("TOFA") apply to financial arrangements acquired after 1 July 2010. Investors have the choice to

elect that the TOFA rules apply from 1 July 2009. Investors also have a choice to apply the TOFA rules to financial arrangements acquired prior to whichever of those dates applied to them.

Investors who acquire the MLI before 1 July 2010 should not be subject to the TOFA rules unless they make either of the choices specified above, in which case they should obtain tax advice specific to their circumstances.

Investors who acquire the MLI from 1 July 2010 or who make either of the choices specified above will come within the ambit of the TOFA rules. However, unless investors elect otherwise, on the basis that the MLI is not a discount security, the TOFA rules will not apply to the MLI for those investors who are:

- individuals; or
- superannuation funds, or managed investment schemes, with assets of less than \$100 million; or
- non-financial sector investors with assets of less than \$300 million, financial assets less than \$100 million, and turnover less than \$100 million.

Other investors should obtain tax advice in relation to the application of the TOFA rules specific to their own circumstances.

General Anti-Avoidance Rule

The Tax Act contains a general anti-avoidance rule which gives the ATO power to cancel a tax benefit where a taxpayer enters into a scheme, where there was a dominant purpose of deriving the tax benefit. While the application of this rule can only be determined by considering the specific circumstances of each Investor, in general the rule should not apply to Investors in the MLI.

GST

The MLI should not give rise to any liability for Investors to pay Goods & Services Tax.

issuer of the Delivery Asset. Investors will not be notified of these activities, or the content of such reports; and

- the Issuer, or an associate or related body corporate may, from time to time, hold financial instruments dependent on the Delivery Assets for trading purposes, including market making, or to hedge the MLI. Related bodies corporate of the Issuer may deal in financial instruments dependent on the Delivery Assets, options and other derivative contracts in respect of them.

Section 10 - Terms and conditions

Market Linked Investment ("MLI")

These Terms (including those set out in the Term Sheet) form the terms and conditions on which the person named in the Application Form (the "Investor" or "Applicant") agrees to acquire in the future the Delivery Parcel from the Issuer under the MLI. Capitalised words are defined in clause 15 of these Terms.

1. Applications and Acceptance

1.1. Offer by the Applicant

An Applicant may make an offer to the Issuer to acquire the Delivery Parcel from the Issuer on a deferred basis in accordance with these Terms:

- (a) by completing and returning to the Issuer a valid Application Form before the Offer Closing Time; and
- (b) by ensuring that an amount equal to the Investment Amount is received by the Issuer in cleared funds by the Offer Closing Time; and

1.2. Investor bound by Terms

By signing the Application Form and lodging it with the Issuer, the Investor agrees to be bound by these Terms.

1.3. Acceptance of the offer by the Issuer

- (a) The Issuer may decide, in its absolute discretion, whether or not it will accept the Applicant's offer to acquire the Delivery Parcel from the Issuer.
- (b) If the Issuer decides that it will accept an Application and provided that the Issuer has received the Investment Amount in cleared funds by the Offer Closing Time (or such other time if otherwise accepted by the Issuer in its discretion), acceptance of the Applicant's offer will take place on, and the parties' rights and obligations under these Terms will commence on, the Issue Date.
- (c) For each 1.00 of Investment Amount paid the Applicant will be entitled to one Unit. If the Investment Amount is paid in Australian dollars, then the MLI will be issued in the AUD Series. If the Investment Amount is paid in United States dollars, then the MLI will be issued in the USD Series.

- (d) Within 10 Business Days after the Issue Date, the Issuer will send to the Investor a notice acknowledging either the acceptance or rejection of the Applicant's offer.

2. Deferred purchase of Delivery Assets

2.1. Purchase of Delivery Assets

The Investor agrees to purchase from the Issuer on the Maturity Date the Delivery Parcel for the Investment Amount (which will be paid by the Investor in accordance with clause 2.2 of these Terms). Following Maturity, the Issuer will deliver the Delivery Parcel to the Investor in accordance with clause 3 of these Terms.

2.2. Payment of the Investment Amount

- (a) The Investor must pay the Investment Amount to the Issuer in cleared funds by the Offer Closing Time.
- (b) The minimum Investment Amount that will be accepted by the Issuer under these Terms is the Minimum Investment Amount set out in the Term Sheet.

3. Maturity and Settlement of deferred purchase

3.1. Notice of Maturity

The Issuer will give a Maturity Notice to the Investor approximately 20 Business Days before the Maturity Date.

3.2. Effecting Maturity

- (a) The Investor must complete the deferred purchase of the Delivery Parcel by returning the Maturity Notice to the Issuer on or before the Closing Time, specifying in the Maturity Notice that the Investor will accept physical delivery of the Delivery Parcel or that the Investor will use the Agency Sale Arrangement.
 - (i) If the Issuer:

- i. does not receive the Investor's Maturity Notice by the Closing Time; or
- ii. receives the Investor's Maturity Notice by the Closing Time and the Investor has not elected in the Maturity Notice to accept either physical delivery of the Delivery Parcel or to use the Agency Sale Arrangement,

the Investor will be deemed to have elected physical delivery of the Delivery Parcel and the deferred purchase will complete.

3.3. Physical delivery of the Delivery Assets to the Investor

If the Investor has elected on the Maturity Notice to accept physical delivery of the Delivery Parcel or the Investor is deemed to have so elected under clause 3.2(b):

- (a) the Issuer (either itself or through a nominee) will procure the performance of all acts required of a transferor of marketable securities under the ASTC Settlement Rules to enable the Delivery Parcel to be transferred to the Investor on the Settlement Date or as soon as possible thereafter, free from any security interest or third party interest or restriction on transfer (other than one that has been accepted by the ASX for the purposes of quotation of the property comprising the Delivery Assets); and
- (b) the Investor irrevocably authorises the Issuer (and any of its nominees), at the option of the Issuer, to act as the Investor's agent to do all things required to be done, including but not limited to supplying the Investor's HIN, to effect the delivery of the Delivery Parcel to the Investor.

3.4. Delivery through the Agency Sale Arrangement

If the Investor has elected to use the Agency Sale Arrangement, the Issuer (either itself or through a nominee) will procure the delivery of the Delivery Parcel as follows:

- (a) the Issuer (or its nominee) is irrevocably authorised to accept physical delivery of the Delivery Parcel for, and on behalf of, the Investor on the Settlement Date;
- (b) the Investor irrevocably authorises the Issuer (or its nominee) to sell, and irrevocably directs and authorises the Issuer (or its nominee) to take all actions necessary or desirable to effect the sale by the Issuer (or its nominee) of the Delivery Parcel:

- (c) if the Investor elects the option under the Agency Sale Arrangement to accept the Sale Proceeds in cash, the Issuer (or its nominee) on behalf of the Investor will deliver to the Investor's Settlement Account (or pay by cheque to the Investor if no Settlement Account is nominated) the Sale Proceeds within 10 Business Days after the Settlement Date or as soon as reasonably practicable thereafter; and

- (d) the Investor acknowledges and agrees that:

- (i) the Issuer (or its nominee) to sell the Delivery Parcel on behalf of the Investor for an amount per Delivery Asset equal to the Official Closing Level on the Trading Day immediately following the Maturity Date; and
- (ii) to the maximum extent permitted by law, the Issuer (and its nominee) not responsible for any loss, costs or expense incurred by the Investor as a result of using the Agency Sale Arrangement (whether from negligence or otherwise), except to the extent that such loss, cost or expense arises as a result of the Issuer's (or the nominee's) default, fraud or dishonesty.

The Investor agrees and acknowledges that the Issuer (or its nominee) will use its best endeavours to sell the relevant Delivery Parcel in accordance with clause 3.4(d)(i). If, for any reason whatsoever, the Issuer is unable to sell the relevant Delivery Parcel at the Official Closing Level on the Trading Day immediately following the Maturity Date, the Investor irrevocably authorises the Issuer to use its best endeavours to sell the relevant Delivery Parcel as soon as practicable at the best price the Issuer can obtain.

3.5. Payment by the Issuer

In respect of each MLI, the Issuer must pay to a holder of a MLI on the applicable Interest Payment Dates set out in the Term Sheet for the AUD Series or the USD Series the Interest Rate Payments applicable to that MLI.

3.6. Satisfaction of obligations

Upon delivery of the Delivery Parcel to the Investor in accordance with this clause 3 or payment by the Issuer (or its nominee) to the Investor of the relevant amount in respect of the Delivery Parcel under clause 3.4(c), and any payment of amounts due under clause 3.5, the Issuer's obligations to the Investor under these Terms are satisfied and discharged.

3.7. Delivery of a whole number of Delivery Assets only

The Issuer (or its nominee) will not transfer a fractional Delivery Asset or parts of a Delivery Asset. If a fraction of a Delivery Asset (including the Portion) would otherwise be transferable by the Issuer on the Settlement Date, the Issuer may keep that fraction of the Delivery Asset and cause to be paid to the Investor (within 10 Business Days after the Settlement Date or as soon as reasonably practicable thereafter) an amount equal to the value of the fraction of the Delivery Asset forgone based on the Official Closing Level on the Trading Day immediately following the Maturity Date, provided that such amount exceeds twenty Australian dollars (AUD 20). If the amount does not exceed twenty Australian dollars (AUD 20), the Issuer is entitled to keep that amount and is under no obligation to the Investor to make any payment for the fraction of the Delivery Asset. Upon performance of its obligations under this clause, the Issuer is discharged of its obligation to deliver the fraction of the Delivery Asset.

3.8 Call Events

The Issuer may, in its absolute discretion, declare a Call Event on any Call Event Observation Date and the Maturity Date shall be deemed to be the Call Event Observation Date on which the Call Event occurs.

The Issuer will send a Maturity Notice to an Investor within 7 Business Days after the Call Event Observation Date on which a Call Event occurs.

If a Call Event occurs:

- (a) clauses 3.3 to 3.7 (inclusive) apply as if the Maturity Date is the Call Event Observation Date on which the Call Event occurred; and
- (b) clause 4 of these Terms shall not apply, since a Call Event does not constitute Early Maturity Event.

4. Early Maturity

4.1. Early Maturity by the Issuer

The Issuer may at any time, in its absolute discretion, nominate or declare any of the following events as an Early Maturity Event:

- (a) an event considered to be an Early Maturity Event as described in the PDS;
- (b) an Adjustment Event that occurs or is proposed to occur where, in the Issuer's reasonable opinion, it is not possible or desirable to deal with the occurrence of that event in accordance with clause 5;

- (c) where there is a suspension or material limitation of trading in financial products generally on the Relevant Exchange or any other exchange on which the Delivery Asset is traded for a period of 24 hours or more;
- (d) where there is a suspension or material limitation of trading in the Delivery Assets traded on a Relevant Exchange (or any successor) for a period of 24 hours or more;
- (e) if the Issuer determines in good faith that the performance of its obligations in relation to or under these Terms has or will become, in circumstances beyond the reasonable control of the Issuer, impossible, unlawful, illegal or otherwise prohibited as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any government, administrative, legislative or judicial authority or power;
- (f) a Hedging Event as described in clause 5.2; or
- (g) any actual or proposed event that may reasonably (in the Issuer's opinion) be expected to lead to any of the events referred to in paragraphs (a) to (f) above occurring.

If any event occurs which constitutes both an Adjustment Event as defined in clause 15.1 and an Early Maturity Event as defined in this clause, the Issuer may, in its discretion, treat that event as either an Adjustment Event or Early Maturity Event.

4.2. Early Maturity at the request of the Investor

The Investor may only request Early Maturity on a weekly basis by completing and giving the Investor Sale Form to the Issuer. Early Maturity can only be requested in respect of the full amount of the Investor's MLI. It is in the Issuer's absolute discretion to accept or reject the request for Early Maturity. If the Issuer accepts, the Issuer will in its absolute discretion determine an Early Maturity Date as soon as practicable after the request is received and will complete accordingly.

4.3. Determination that there will be Early Maturity

Where the Issuer has nominated an event as an Early Maturity Event, the Issuer may, in its absolute discretion, determine that there will be Early Maturity and may specify a date as the Early Maturity Date.

4.4. Early Maturity Mechanism

- (a) If the Issuer determines that there will be Early Maturity in accordance with clause 4.1 only, or if the Investor has requested Early Maturity, Early Maturity will take place as follows:

- (i) the Issuer will, before the Early Maturity Date, notify the Investor that Early Maturity will occur on the Early Maturity Date in accordance with clause 3 of these Terms. The notice issued by the Issuer under this clause shall serve as the Maturity Notice. The Issuer will specify in the Maturity Notice whether Early Maturity will occur by the normal Maturity process in accordance with clause 4.4(a)(ii) or by Exit Payment in accordance with clause 4.4(a)(iii);
 - (ii) if specified in the Maturity Notice and subject to clause 4.4(b), Early Maturity will take place in accordance with the procedures set out in clauses 3.2 to 3.6 of these Terms; and
 - (iii) if specified in the Maturity Notice, Early Maturity will occur by the Issuer paying to the Investor the Exit Payment to the Investor's Settlement Account (or by paying the Exit Payment by cheque to the Investor if no Settlement Account is nominated) within 10 Business Days after the Settlement Date or as soon as practicable thereafter.
- (b) After the Delivery Parcel is delivered to the Investor under clause 3.3(a) or after the Issuer (or its nominee) pays the Investor the Exit Payment in accordance with clause 4.4(a)(iii) or after the relevant amount in respect of the Delivery Parcel under clause 3.4(b) is paid to the Investor's Settlement Account as a result of Early Maturity Event occurring, all obligations of the Issuer to the Investor under these Terms are deemed to be satisfied in full and the Issuer is discharged from its obligations under these Terms.
- (c) If there is Early Maturity by the Issuer under clause 4.1 only or if the Investor has requested Early Maturity, for the purposes of determining the Delivery Parcel, the definition of "Delivery Parcel" in clause 15 does not apply and instead the following definition will be applied: "Delivery Parcel" means the number of Delivery Assets to be delivered by the Issuer to the Investor on the Settlement Date as determined by the following formula:

Delivery Parcel =

Early Maturity Value × no. of Units held by Investor

Official Closing Level for the Delivery Asset on the Trading Day immediately following the Early Maturity Date

4.5. Substitution of Delivery Assets

The Issuer may, in its reasonable opinion, determine that it is not possible to transfer the Delivery Assets comprising the Delivery Parcel to the Investor. In this case, Maturity will take place in accordance with clause 3 (or, in the case of Early Maturity, in accordance with clause 4.4(a)) except

that the Issuer may substitute any other security or managed investment product quoted and trading on a Relevant Exchange operated by ASX (including any other security or any other fund or entity listed on ASX, provided that other security or managed investment product is in a class of financial products that is a constituent of the S&P/ASX 200 Price Index) for the Delivery Asset and deliver that substituted security or managed investment product in accordance with these Terms as if the definition of "Delivery Asset" was amended to refer to the substituted security.

4.6. No Capital Protection on Early Maturity

If there is Early Maturity, whether it arises because of Early Maturity Event or because the Investor has requested Early Maturity, Capital Protection will not apply and the Issuer does not guarantee to deliver to the Investor a Delivery Parcel either based on the Final Value per Unit or equal to the Issue Price. For the avoidance of doubt, where there is Early Maturity (and the Issuer elects the normal Maturity processes to apply) the Delivery Parcel will only be determined in accordance with clause 4.4(b).

4.7. Adjustments to this clause

Where the Issuer determines that any of the provisions of this clause 4 are not appropriate in any particular circumstances, or that any event which is not dealt with in clause 4 should have been dealt with, it may make any alterations to the effect of this provision or to any other Term that it considers to be appropriate.

5. Adjustment Events and Hedging Events

5.1. Adjustment Events

If an Adjustment Event occurs or is proposed to occur on or before the Maturity Date, the Issuer may, in its discretion, elect to do any or all of the following:

- (a) substitute the Delivery Assets with any other security or managed investment product quoted and trading on a Relevant Exchange operated by ASX, where that other security or managed investment product is in a class of financial products that is a constituent of the S&P/ASX 200 Price Index; and/or
- (b) substitute the Reference Rate with another reference rate at the discretion of the Issuer; and/or
- (c) adjust or amend any variable, formula, amount or calculation as set out or used in these Terms (including, without limitation, the Term Sheet); and/or

- (d) adjust, amend or substitute the definition of Delivery Asset and/or vary any of the terms referred to in the PDS under the heading "Changes to the Delivery Assets"; and/or
- (e) determine to suspend any of the necessary calculations referred to in these Terms as appropriate until reliable values can be obtained,

in a manner consistent with the PDS provided that in the reasonable opinion of the Issuer the adjustment in accordance with the above paragraphs is appropriate to put both the Issuer and the Investor in substantially the same economic position as the Investor and the Issuer would have been in had the Adjustment Event not occurred. If in the reasonable opinion of the Issuer it is not possible or desirable to deal with the occurrence of the Adjustment Event in accordance with this clause 5, the Issuer may nominate or declare the event as an Early Maturity Event and may deal with that event in accordance with clause 4. The Issuer will notify Investors of any adjustment that it proposes to make under this clause before the adjustment occurs or as soon as reasonably practicable after the adjustment occurs.

5.2. Hedging Event

The Issuer has discretion, to be exercised in good faith and in a reasonably commercial manner, to make such adjustments to the Terms if a Hedging Event occurs or is proposed to occur, where:

- (a) on any day the Issuer is unable, after using commercially reasonable efforts, to
 - (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the MLI, or
 - (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s) (a "Hedging Disruption"); or
- (b) on any day the Issuer would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to:
 - (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of entering into and performing its obligations with respect to the MLI, or
 - (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s) (an "Increased Cost of Hedging" and together with the Hedging Disruption, each a "Hedging Event"),

provided that any such materially increased amount that is incurred solely due to the deterioration of the credit worthiness of the Issuer

shall not be deemed an Increased Cost of Hedging, then the Issuer shall, in its sole and absolute discretion, determine if such Hedging Event has a material effect on the MLI and, if so, the Issuer may make such adjustments (as described in clause 5.1 above) to any of the Terms of the MLI as it determines appropriate to account for any such Hedging Event and determine the date(s) on which any such adjustments will be effective. If in the reasonable opinion of the Issuer it is not possible or desirable to deal with the occurrence of the Hedging Event in accordance with this clause 5, the Issuer may nominate the event as an Early Maturity Event and may deal with that event in accordance with clause 4. The Issuer will notify Investors of any adjustment that it proposes to make under this clause before the adjustment occurs or as soon as reasonably practicable after the adjustment occurs.

6. Accretions

These Terms do not confer on the Investor any right or interest in respect of Accretions to the Delivery Assets. Accretions to the Delivery Assets may lead to adjustments as provided for in clause 5 of these Terms.

7. The Issuer's obligations are unsecured

The Issuer's obligations under these Terms or in relation to the deferred purchase of the Delivery Assets are direct, unconditional and unsecured obligations of the Issuer and these obligations rank equally with the Issuer's existing unsecured debt.

8. Interest in the Delivery Assets

For each MLI an Investor holds, the Investor receives a Beneficial Interest on the Issue Date. The Investor holds the Beneficial Interest until the earlier of Maturity or transfer of each MLI in accordance with clause 14.9.

An Investor may only deal with the Beneficial Interest in accordance with these Terms.

The Issuer (or its nominee) will hold the Portion of the Delivery Assets for the Investor from the Issue Date until Maturity and will be entitled to retain any dividends or other distributions made in connection with those assets, exercise all voting rights and will not be required to pass any notice of meeting or other material in connection with the Delivery Assets to the Investor.

The Issuer (or its nominee) may administer its holding of Portions such that Portions of an Investor or Investors may be aggregated.

The Issuer (or its nominee) has all the powers that a natural person would have in relation to the Portions, subject to these Terms.

The Beneficial Interest for each MLI forms part of that MLI and may not be severed from the balance of the rights in connection with that MLI or dealt with separately in any way.

When an Investor deals with an MLI in any way, then without the need for any additional writing or action, the same dealing between the same parties shall occur in respect of the corresponding Beneficial Interest. When an Investor deals with a Beneficial Interest in any way, then without the need for any additional writing or action, the same dealing between the same parties shall occur in respect of the corresponding MLI. For example, when an Investor (the "old holder") transfers a MLI to another person (the "new holder"):

- (a) all the rights and obligations that attach to that MLI, including the Beneficial Interest, are transferred from the old holder to the new holder;
- (b) the old holder's interest in the MLI will be removed from the Register and the new holder will be added to the Register; and
- (c) the old holder ceases to have any rights in relation to the MLI or the Beneficial Interest.

If any Investor purports to deal with a MLI without an equivalent dealing in the corresponding Beneficial Interest, or if any Investor purports to deal with a Beneficial Interest without an equivalent dealing in the corresponding MLI, or if any Investor purports to contract out of this clause in any way, any such dealing will be void and the MLI and the Beneficial Interest will remain with the Investor recorded on the Register.

At Maturity, the Portion will form part of each Delivery Parcel, and so will either:

- (a) be delivered to the Investor if physical delivery applies; or
- (b) be sold and form part of the Sale Proceeds if the Agency Sale Arrangement applies.

The Investor agrees and acknowledges that the agreement to purchase the Delivery Assets as set out in these Terms and the payment of the Investment Amount does not transfer the legal or beneficial interest in the Delivery Assets to the Investor other than the Beneficial Interest in a Portion of the Delivery Assets. The parties agree and acknowledge that the legal or beneficial interest in the balance of the Delivery Assets will transfer to the Investor only on the Settlement Date. If the Issuer fails to deliver the balance of the Delivery Assets to the Investor in accordance with these Terms, the Investor agrees that it will not be entitled to an injunction, specific performance or any other equitable rights or remedies and will be entitled only to damages.

The Issuer (or its nominee) is indemnified in its capacity as holder of the Portions for all costs, expenses, outgoings, loss or damages paid, suffered or incurred in that capacity, from the Portions so held, unless such cost, expense, outgoing, loss or damage arises by virtue of dishonesty or wilful breach of trust.

The liability of the Issuer (or its nominee) to Investors or any other person in relation to the holding of Portions, is limited to the extent to which the liability can be satisfied out of the Portions held for Investors, unless the liability arises by virtue of dishonesty or wilful breach of trust.

9. Taxes

- (a) The Issuer is not liable for any Taxes or other charges payable by:
 - (i) the Investor in relation to or in connection with these Terms; or
 - (ii) any person on, as a consequence of, or in connection with, the purchase, sale or transfer of, or on the Maturity of the purchase and sale of a Delivery Asset.
- (b) The Investor must pay all Taxes (including GST if applicable) and other charges, if any, payable by:
 - (i) the Investor in relation to or in connection with these Terms; or
 - (ii) any person on, as a consequence of, or in connection with, the purchase, sale or transfer of, or on the Maturity of the purchase and sale of a Delivery Asset.

10. Investor's representations and warranties

By signing the Application Form and submitting it to the Issuer, the Investor represents and warrants to the Issuer (as a continuing representation and warranty) that:

- (a) the Investor has full legal capacity to make the Application and be bound by these Terms and has taken all actions that are necessary to authorise the Application and be bound by these Terms;
- (b) the Investor has reviewed these Terms and has made its own independent investigations and appraisals of the taxation, legal, commercial and credit aspects associated with the purchase of the Delivery Assets;
- (c) the Investor has not relied in any way on any statements made by the Issuer or its related entities or their servants, agents, employees or representatives in relation to these Terms or the deferred purchase of the Delivery Assets and the

Investor acknowledges that the Issuer has not made any representations to the Investor regarding the suitability or appropriateness of the deferred purchase of Delivery Assets pursuant to these Terms;

- (d) the Investor understands that nothing in these Terms or in any marketing material associated with these Terms can be considered investment advice or a recommendation to buy the Delivery Assets;
- (e) the Investor has obtained all consents which may be required by law to enable the Investor to acquire the Delivery Assets and to become registered as the holder of the Delivery Assets and that the registration of the Investor as the holder of the Delivery Assets will not contravene any law, regulation or ruling or the constitution of the issuer of the Delivery Assets;
- (f) the MLI being applied for will not breach or result in a breach of any exchange controls, fiscal, securities or other laws or regulations for the time being applicable to the MLI or the Investor and the Investor is not a resident or national of any jurisdiction where the Application for or the Maturity of the MLI is prohibited by any law or regulation or where compliance with the relevant laws or regulations would require filing or other action by the Issuer or any of its related bodies corporate; and
- (g) the Investor acknowledges that Section 8 of the PDS ("Tax Considerations") is provided only for the benefit of the Issuer and is necessarily general in nature and does not take into account the specific taxation circumstances of each individual Investor. The Investor acknowledges that it has sought its own independent advice on the taxation implications relevant to its own circumstances before making an investment decision.

11. Set off Rights

- (a) All monetary obligations imposed on the Investor under these Terms are absolute, free of any right to counterclaim or set off and may only be satisfied once the payment has cleared.
- (b) The Issuer may set off any amount payable to it by the Investor against any amount payable by the Issuer to the Investor. The Issuer may withhold any amount payable by it to the Investor in satisfaction of any amount payable to it by the Investor.

12. Notices

- (a) Any notice or statement to be given or demand to be made on the Investor under these Terms:

- (i) will be effectively signed on behalf of the Issuer if it is executed by the Issuer, any of its officers, its solicitor or its attorney; and
- (ii) may be served by being delivered personally to, by being left at, by being e-mailed to, or by being posted in a prepaid envelope or wrapper to the Investor's address notified to the Issuer or the Investor's registered office, place of business, or residence last known to the Issuer, or by being sent to the Investor by facsimile transmission.

(b) A demand or notice if:

- (i) posted will be deemed served two Business Days after posting; or
- (ii) sent by facsimile or electronic transmission will be deemed served on conclusion of transmission.

(c) Service by any of these methods will be valid and effectual even if the Investor does not receive the document or if the document is returned to the Issuer unclaimed.

13. Amendment of Terms

The Issuer may, from time to time, by a notice sent to the Investor make any modification, variation, alteration or deletion of, or addition to, these Terms ("Change") where:

- (a) the Change is one determined by the Issuer as being required or permitted under either of clauses 4 or 5 of these Terms;
- (b) the Change is necessary or desirable in the reasonable opinion of the Issuer to comply with any statutory or other requirement of law; or
- (c) the Change is desirable to correct an inconsistency or error in these Terms (but only if such Change does not, in the opinion of the Issuer, materially prejudice the interests of the Investor).

The Issuer will give the Investor notice of any Change to these Terms and the Investor will be bound by any such Change at the time the Investor is served with such notice.

14. General provisions

14.1. Currency

All amounts payable by either party under these Terms will be paid in the corresponding Denomination specified in the

Term Sheet in respect of the AUD Series or USD Series. All calculations will be performed in currency specified as the "Denomination" in the Term Sheet and any necessary foreign exchange will be calculated by applying the AUD/USD spot rate as at the date of that calculation.

14.2. No merger

The Issuer's rights under these Terms are additional to and do not merge with or affect and are not affected by any mortgage, charge or other encumbrance held by the Issuer or any other obligation of the Investor to the Issuer, despite any rule of law or equity or any other statutory provision to the contrary.

14.3. Rounding

All calculations made by the Issuer for the purposes of these Terms will be made to not fewer than two decimal places. Other than as provided in these Terms, rounding of numbers will not occur until the final calculation of a relevant amount or number at which time the Investor's entitlements will be aggregated and that aggregate will be rounded so that all money amounts are rounded down to the nearest whole cent and all numbers of Delivery Assets are rounded down to the nearest whole number.

14.4. Certificates

Any document or thing required to be certified by the Investor or the Issuer must be certified by the Investor (if an individual) or a director, secretary or authorised officer of the Investor (if a company) or director, secretary or authorised officer of the Issuer, as the case requires, or in any other manner that the Issuer may approve.

14.5. Execution by attorneys

Each attorney executing the Application Form which binds the Investor to these Terms states that he, she or it has no notice of revocation or suspension of the power of attorney under which the attorney executes the Application Form.

14.6. Power of attorney

For valuable consideration the Investor irrevocably appoints the Issuer, its nominees and any of their directors and secretaries or any employee whose title includes the words "director", "head" or "manager" severally as attorney of the Investor to do (either in the name of the Investor or the name of the attorney) all acts and things that the Investor is obliged to do under the Terms or which, in the opinion of the Issuer, are necessary or desirable in connection with the Delivery Assets or the protection of the Issuer's interests or the exercise of the rights, powers and remedies of the Issuer including, without limitation, the authority to sell the Delivery Assets on behalf of the Investor in accordance with clause 3.4(b).

14.7. Invalid or unenforceable provisions

If a provision of these Terms is invalid or unenforceable in a jurisdiction, it is to be read down or severed in that jurisdiction to the extent of the invalidity or unenforceability, and that fact does not affect the validity or enforceability of that provision in another jurisdiction or the remaining provisions.

14.8. Waiver and exercise of rights

A single or partial exercise of a right by the Issuer does not preclude another exercise or attempted exercise of that right or the exercise of another right. Failure by the Issuer to exercise or delay in exercising a right does not prevent its exercise or operate as a waiver.

14.9. Assignment and transfer of interests

- (a) The Issuer may transfer its rights and obligations under these Terms at any time by giving notice to the Investor (and in the case of the Issuer transferring obligations, the power of attorney in clause 14.6 will extend to any novation deed or agreement that the Issuer considers desirable to give effect to the transfer of obligations).
- (b) The rights and obligations under these Terms may, with the prior consent of the Issuer:
 - (i) be assigned by the Investor; or
 - (ii) be made the subject of any encumbrance, charge, trust or fiduciary obligation.
- (c) Any action that purports to do so without the prior consent of the Issuer is invalid, void and without effect as between the Investor, the Issuer and any third party.
- (d) When an Investor deals with an MLI in a manner that does not involve the transfer of legal ownership of the MLI, the Issuer has no duty to record the dealing on the Register. Each Beneficial Interest corresponding to a particular MLI will pass to a new investor upon registration of a transfer of the MLI in the Register. The Issuer and the registrar are entitled to rely on the Register as the definitive record of ownership of MLIs.

14.10. Recording conversations

The Investor acknowledges that conversations between the Investor and the Issuer (or any officer of the Issuer) may be tape-recorded. The Investor consents to the tape-recording and to its use (or any transcript of the recording) in any proceedings that may be commenced in connection with these Terms.

14.11. Calculations and references to dates and times

Calculations or determinations made on or by reference to a particular day, are to be made on or by reference to that day in the place and time zone of the Relevant Exchange to which that calculation or determination relates.

14.12. Payments by the Issuer

All amounts payable by the Issuer under these Terms will be paid to the Investor's Settlement Account. If the Investor has not nominated a Settlement Account, payment will be made by the Issuer drawing a cheque made payable to the Investor which will be sent to the Postal Address provided by the Investor on its Application Form, and on doing so the Issuer is discharged of its obligations under these Terms.

14.13. Governing law and jurisdiction

These Terms are governed by the laws of New South Wales. The Investor irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales and waives, without limitation, any claim or objection based on absence of jurisdiction or inconvenient forum.

14.14. PDS prevails

Except for clauses 4 and 5 of these Terms, if there is an inconsistency between these Terms and statements made in the PDS, the statements made in the PDS will prevail. If there is an inconsistency between either or both of clauses 4 and 5 of these Terms and statements made in the PDS, clauses 4 and/or 5 of these Terms will prevail.

Time is of the essence in respect of the obligations of the Investor under these Terms.

Investing through a master trust or wrap account

Applicants investing through master trusts and wrap accounts should not complete the Application Form attached to this PDS. Instead, Applicants should complete the forms the master trust or wrap account operator requires. Any enquiries should be directed to the operator of the master trust or wrap account. If investing through a master trust or wrap account then it is important to remember that it is generally the operator of that service which becomes the Investor in the MLI (not you directly). The Issuer is not responsible for the operation of any master trust or wrap account service through which you may invest. You may however still rely on the information in this PDS. Enquiries and complaints should be directed to the operator of that service, not to us. Reports on your investment will come from the operator of that service, not from us.

In addition to reading this document, you should read the document that explains the master trust or wrap account.
