Investment Overview

Issuer	Citigroup Global Markets Australia Pty Limited
Description	<p>CitiFirst Instalment MINIs are financial products that enable investors to leverage their exposure to Securities admitted to trading on the ASX.</p> <p>By purchasing a CitiFirst Instalment MINI, an investor pays a portion of the upfront cost of the Underlying Share and borrows the balance from Citi (this borrowing gives rise to the Loan).</p> <p>During the term of the investment, investors will be entitled to all ordinary dividends, available franking credits and capital appreciation as if they owned the Underlying Shares outright.</p> <p>Investors have the right to pay the Final Instalment at any time up to the Maturity Date or the occurrence of a Stop Loss Trigger Event and receive the Underlying Shares.</p> <p>Investors also have the right to deliver a Request for Purchase Notice and sell the Underlying Shares to Citi, but only on the Maturity Date.</p> <p>Holders may also sell their CitiFirst Instalment MINIs on Cboe or offer to sell their CitiFirst Instalment MINIs to Citi using an Off Market Redemption Notice.</p> <p>CitiFirst Instalment MINIs have a stop loss trigger event feature which has the potential to terminate the investment early but, in combination with the limited recourse features of the Loan, ensures that you don't lose more than your initial investment.</p> <p>The price of a CitiFirst Instalment MINI is affected by and determined having regard to two factors: the price of the Underlying Share and the Final Instalment. As the CitiFirst Instalment MINI price is just affected by these two factors, the pricing of CitiFirst Instalment MINIs is transparent and straightforward.</p>
Underlying Shares	See the Summary Table.
Gearing	<p>CitiFirst Instalment MINIs – 50% to 80% of the Underlying Share price (as at the date of this PDS).</p> <p>After a CitiFirst Instalment MINI is issued, the level of gearing may vary depending on a number of factors including the price of the Underlying Share.</p>
Limited Recourse Loan	The Loan is limited recourse in nature which means that, in the event of a failure by you to repay your Loan, Citi's ability to recover the amount of the Loan (and any other amounts owing) is limited to Citi's rights to deal with the Underlying Shares and their proceeds.
Stop Loss Trigger Level	The stop loss trigger event feature has the potential to terminate the investment early but, combined with the limited recourse nature of the leverage for a CitiFirst Instalment MINI, has the effect that, regardless of the movements of the Underlying Parcel Price and amount of leverage cost incurred in relation to a CitiFirst Instalment MINI, the price of a CitiFirst Instalment MINI cannot be negative and a Holder cannot lose more than the First Instalment plus any fees that they paid for the CitiFirst Instalment MINI.
Cost of Gearing	<p>The Final Instalment corresponds to the amount of the loan (or gearing) included in a CitiFirst Instalment MINI.</p> <p>Interest is charged at the per annum Interest Rate from time to time. Interest is charged on and added to the Loan amount and the Final Instalment daily, in the form of the Daily Funding Amount, which is only incurred if a Holder holds their CitiFirst Instalment MINI overnight (rather than buying and selling the CitiFirst Instalment MINI in the same day).</p> <p>Fees are also payable on CitiFirst Instalment MINIs – see 'Commission and Fees' below.</p>
Investment Term	See the Maturity Date in the Summary Table
Interest Rate	<p>The Interest Rate is variable and will be determined by Citi from time to time in its discretion having regard to the cost of funds and the risks associated with the Underlying Shares plus a margin.</p> <p>Please contact Citi for more information on current Interest Rates.</p>
Minimum Investment Amount	\$2,500

Self Funding Feature and dividends on the Underlying Shares	<p>The Summary Table identifies whether the Self Funding Feature applies in respect of a Series.</p> <ul style="list-style-type: none"> • Where the Self Funding Feature applies - Holders will not receive cash amounts in respect of any Dividends and Special Dividends payable in relation to the Underlying Shares, but the amount of those Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) will be applied to reduce the Final Instalment. • Where the Self Funding Feature does not apply - Holders will receive cash amounts in respect of any Dividends paid in relation to the Underlying Shares. Where a Special Dividend is payable in relation to the Underlying Shares, Citi may elect to have that amount applied to reduce the Final Instalment or may pay that cash amount to the Holder.
Instalment Payments	<p>First Instalment – This amount is variable and is paid at the time of application or purchase on Cboe. The amount of the First Instalment will depend, at the date of application or purchase, on the price of the Underlying Shares and the Final Instalment.</p> <p>Final Instalment – The amount of the Final Instalment is initially set at the time the CitiFirst Instalment MINI is issued and reflects the amount of the Loan granted by Citi. The Loan Amount and the Final Instalment increases daily by the amount of interest charged on the loan in the form of the Daily Funding Amount. For Series where the Self Funding Feature applies, the Final Instalment is reduced by the amount of Dividends and Special Dividends applied to it (subject to any deduction for tax and closely held trust obligations).</p> <p>The Initial Final Instalment (the Final Instalment calculated as at the date of this PDS) is set out in the Summary Table.</p>

Holders may sell their CitiFirst Instalment

	MINIs on Cboe up to the Maturity Date or may offer to sell their CitiFirst Instalment MINIs to Citi an Off Market Redemption Notice.

Warrants are speculative investments. The price of the CitiFirst Instalment MINIs fluctuates throughout the term and on any future date may be significantly less than the First Instalment that you paid to acquire it or may expire worthless. The Rollover Citi Fee is payable to and retained by Citi to compensate Citi for administrative costs incurred in administering the Rollover Application.</p> <p>Please contact Citi on 1300 30 70 70 to obtain an indication of the Rollover Citi Fee when you complete your Application Form.</p> <p>B. SECTION 1 – KEY INFORMATION

CitiFirst Instalment MINIs, and the rights and obligations of Holders and Citi are governed by this PDS, the Instalment Warrant Deed, the Declaration of Trust, which is summarised in this PDS, the Loan Agreement, a copy of which appears in Section 10 of this PDS and the general law. Investors should read this entire PDS prior to making any decision to invest.

1.1 WHAT ARE CITIFIRST INSTALMENT MINIS?

Investing in CitiFirst Instalment MINIs is a convenient way of leveraging to invest. There are no intrusive credit checks or complicated loan documents to complete, and no margin calls.

The structure of CitiFirst Instalment MINIs involves:

- **two separate “instalment” payments, the First Instalment and the Final Instalment; and**
- **a limited recourse Loan on which interest is payable in the form of a Daily Funding Amount which is added to the Loan amount and the Final Instalment and reflected in the price of the CitiFirst Instalment MINI.**

The First Instalment

The first instalment payment to be made by an investor is the purchase price of the CitiFirst Instalment MINIs and is known as the First Instalment. An investor pays a portion of the upfront cost of the Underlying Shares to acquire the CitiFirst Instalment MINIs, and receives a Loan from Citi to fund the remaining cost of the Underlying Shares. The Underlying Shares are held in trust by the Trustee for the term of the investment as security against the Loan.

Application of Dividends and Special Dividends

During the term of the investment, a Holder is entitled to all the Dividends and Special Dividends, and, depending on their circumstances, available franking credits (if any) payable in relation to the Underlying Share. For Series where the Self Funding Feature applies, the Holder irrevocably directs the Trustee to transfer the amount of the Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) to Citi to pay down the Loan Amount and to reduce the Final Instalment. This reduction will be effective from the ex-dividend date of the Underlying Share. For Series where the Self Funding Feature does not apply, where a Special Dividend is payable in respect of an Underlying Share, Citi may elect to have that amount applied to pay down the Loan Amount and reduce the Final Instalment.

The Final Instalment

The second and final instalment payment to be made by a Holder is known as the Final Instalment, which is equal to the amount of the Loan and increases each calendar day by the Daily Funding Amount. For Series where the Self Funding Feature applies, the Final Instalment is reduced by the amount of Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) applied to pay down the Loan Amount. Investors have the right to pay the Final Instalment at any time on or prior to or on the Maturity Date or the occurrence of a Stop Loss Trigger Event to complete the purchase of the Underlying Shares.

Traded on Cboe

CitiFirst Instalment MINIs also offer an investment product which, once quoted on Cboe, can be bought and sold on a secondary market, Cboe, just like ordinary shares, although the liquidity and size of the market for CitiFirst Instalment MINIs on Cboe is expected to be less than the liquidity and size of the market for the Underlying Shares.

Cboe is not a listing market and warrants admitted to quotation by Cboe are not listed products. The principal difference between listed products and investment products such as warrants that are admitted to quotation, is the level of control and influence that the issuer of the product has over the listed or quoted product. An issuer that has a significant level of control over its securities is required to apply a greater degree of rigour to the disclosure, corporate governance and corporate control relating to those securities than an issuer of a warrant, or other investment product, which tracks another underlying asset.

Tax Consequences

Potential investors should read Section 5 of this PDS which contains a taxation summary and obtain independent taxation advice in relation to an investment in CitiFirst Instalment MINIs.

Issue size

Citi reserves the right to increase the issue size in its absolute discretion, subject to notification to Cboe.

Hedging

Holders should note that any hedging arrangements that Citi may enter into in connection with the CitiFirst Instalment MINIs are entirely at Citi's discretion. Citi is under no obligation to enter into hedging arrangements in relation to the CitiFirst Instalment MINIs.

1.2 HOW MUCH DO CITIFIRST INSTALMENT MINIS COST?

An investment in CitiFirst Instalment MINIs involves a series of payments and a borrowing. The payments required by a Holder are:

- the First Instalment, which is the purchase price of the CitiFirst Instalment MINI;
- for Rollover Applicants, the Rollover Citi Fee;
- the Final Instalment, which is the total amount of the Loan and increases daily by the amount of interest charged on the Loan in the form of a Daily Funding Amount. For Series where the Self Funding Feature applies, the Final Instalment is reduced by the amount of Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) applied to pay down the Loan Amount. The amount of the Final Instalment is reflected in the price of the CitiFirst Instalment MINI; and
- any Service Fee which the Applicant has specified in their Application Form.

In addition, for Series where the Self Funding Feature does not apply, where a Special Dividend is payable in respect of an Underlying Share, Citi may elect to have that amount applied to pay down the Loan Amount and reduce the Final Instalment.

The borrowing made by a Holder is the initial Loan made to an Applicant or Transferee and applied as described in this PDS.

The First Instalment

The First Instalment is the purchase price of the CitiFirst Instalment MINI. This amount is not fixed and will depend on:

- the price at which the Underlying Shares are trading; and
- the Final Instalment.

The effect that the factors listed above may have on the First Instalment is demonstrated in the following table:

Variable	Change in Variable	Effect on First Instalment
Price of Underlying Shares	▲	▲
Final Instalment	▲	▼

For Shareholder Applicants, the First Instalment is satisfied by the transfer to the Trustee of the Securities held by the investor that will become the Underlying Shares in respect of the CitiFirst Instalment MINI. Shareholder Applicants will be entitled to receive a Cashback Amount equal to the Final Instalment at the time the CitiFirst Instalment MINI is issued. If you authorise the payment of a Service Fee in connection with a Shareholder Application, that Service Fee will be paid from the Cashback Amount.

For Rollover Applicants, the First Instalment is satisfied by the surrender of the Rollover Applicant's rights in respect of the Rollover Instalment and the Trustee holding the Securities that make up the underlying parcel of the Rollover Instalments that are "rolled" into and will become the Underlying Shares in respect of the CitiFirst Instalment MINIs,

together with payment to Citi of a Rollover Payment and any Service Fee, if applicable. Rollover Applicants will be required to make a Rollover Payment for the amount by which the Final Instalment on the new series of CitiFirst Instalment MINIs (ie. the new Loan) is less than the Final Payment on the Rollover Instalments. Alternatively, a Cashback Amount will be paid to Rollover Applicants where the Final Instalment on the new series of CitiFirst Instalment MINIs (the new Loan) is greater than the Final Payment on the Rollover Instalments. Rollover Applicants may use any Cashback Amount to pay their Rollover Citi Fee. Further information regarding how the Rollover Citi Fee is paid can be found in Section 6 of this PDS. If you authorise the payment of a Service Fee in connection with a Rollover Application and a Cashback Amount is payable, that Service Fee will be paid from the Cashback Amount. To the extent that the Cashback Amount is insufficient to pay that Service Fee and the Rollover Citi Fee in full, you will be required to make a further cash payment to Citi for that shortfall.

The Final Instalment

The Final Instalment is equal to the amount of the Loan and increases daily by the amount of interest charged on the Loan, in the form of the Daily Funding Amount. All other things being equal, an overnight addition of a Daily Funding Amount to the Final Instalment is economically equivalent to the Holder paying Citi the Daily Funding Amount. For Series where the Self Funding Feature applies, the Final Instalment is reduced from time to time by the amount of Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) applied to pay down the Loan Amount.

Details as to the operation of the Loan and the Daily Funding Amount appear in Section 1.3 of this PDS.

Other Costs

You will be required to pay Exercise Costs if you deliver a Request for Purchase Notice, or if you fail to exercise or rollover your CitiFirst Instalment MINIs prior to the Maturity Date.

Other costs associated with the CitiFirst Instalment MINIs include the Daily Funding Amount on the Loan and a Rollover Citi Fee for Rollover Applicants.

If a Holder sells CitiFirst Instalment MINIs under an Off Market Redemption Notice (rather than selling them on Cboe), as explained in Section 1.16 of this PDS, the amount that a Holder will receive from Citi per CitiFirst Instalment MINI will be net of the Off Market Redemption Fee.

In certain circumstances, Equalisation Amounts may also be payable.

Further details of these costs can be found in Section 1.3 of this PDS below.

1.3 THE LOAN

Each CitiFirst Instalment MINI includes a limited recourse Loan made to a Holder by Citi, pursuant to the terms of the Loan Agreement. The terms of the Loan Agreement appear in Section 10 of this PDS.

The Loan is limited recourse in nature – this means that while a mortgage is granted by the Trustee on the direction of the Holder to Citi as security for the amount of the Loan, Citi's ability to recover that amount is limited to the Mortgaged Property (being the Underlying Shares), and not any other moneys or assets of the Holder. The limited recourse provisions do not apply to any Equalisation Amounts.

If a Holder fails to exercise the CitiFirst Instalment MINI by Closing Time on the Maturity Date, the Underlying Shares may be sold by Citi pursuant to Citi's power of sale under the mortgage. The proceeds of sale will be used to discharge the mortgage by repaying the Loan and paying other Exercise Costs and other amounts payable to Citi or the Trustee in accordance with the Order of Payment.

The description of the provisions of the Loan Agreement in Section 1.3 of this PDS is a summary only. Investors should read the full terms of the Loan Agreement in Section 10 of this PDS prior to making any decision to invest in CitiFirst Instalment MINIs.

Entitlement to Dividends

During the term of the investment, a Holder is entitled to all the Dividends and, depending on their circumstances, available franking tax offsets (if any) paid in relation to the Underlying Shares.

For Series where the Self Funding Feature applies, the Holder irrevocably directs the Trustee to transfer the amount of the Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) to Citi to pay down the Loan Amount and to reduce the Final Instalment.

For Series where the Self Funding Feature does not apply, Citi intends but is not bound to follow the practice of the ASX Clearing Corporation by withholding any Special Dividends paid on Underlying Shares and using those amounts to partly repay the Loan and to reduce the Final Instalment.

The Daily Funding Amount

The interest on the Loan is incurred in the form of a Daily Funding Amount, which is only incurred if a Holder holds their CitiFirst Instalment MINI overnight (rather than buying and selling the CitiFirst Instalment MINI in the same day). The Daily Funding Amount is calculated daily by reference to the Interest Rate, which is a variable per annum rate determined by Citi in its discretion from time to time. The Daily Funding Amount will be added to your Loan Amount and Final Instalment daily, thereby increasing the Final Instalment in respect of each calendar day.

These leverage costs will not require any physical payment by the Holder, but will be added to the Loan Amount and the Final Instalment before trading opens on Cboe each day. Cboe closes over the weekend, on public holidays and other non-Cboe Trading Days. When trading resumes on Cboe after a holiday or after the weekend, the Final Instalment reported by Citi for that day will incorporate and be increased by more than one day's Daily Funding Amount because CitiFirst Instalment MINIs incur a leverage cost for each day of the year. Generally, when the market re-opens on a Monday, the Final Instalment will be increased by three days' of leverage costs. This means that the leverage cost is not smoothly applied to CitiFirst Instalment MINIs each day, and these fluctuations in the Final Instalment will generally be reflected in fluctuations in the First Instalment.

The Summary Table identifies the Initial Final Instalment for each CitiFirst Instalment MINIs, which is the Final Instalment for CitiFirst Instalment MINIs as at the date of this PDS.

In addition to adding Daily Funding Amounts to the Final Instalment, Citi may adjust the Final Instalment for corporate actions, in accordance with the Terms of Issue.

Changes to the Final Instalment for CitiFirst Instalment MINIs will be published on the Cboe website.

What happens to the Loan if a CitiFirst Instalment MINI is sold on Cboe?

On the Transfer of a CitiFirst Instalment MINI on Cboe, a new Loan will be granted to the Transferee by Citi. The proceeds of that Loan will be used to pay the outstanding amount of the Transferor's Loan.

The discharge of the Transferor's Loan and the creation of the new Loan will take place automatically, and will not require any action to be taken by any party.

On the Transfer of a CitiFirst Instalment MINI on Cboe, including after the occurrence of a Stop Loss Trigger Event, the Transferee is taken to pay the First Instalment by the payment of the purchase price to the Transferor.

The examples in Section 1.17 provide an illustration of how this Loan repayment process works.

What happens to the Loan following the occurrence of a Stop Loss Trigger Event or a sale to Citi?

If a Stop Loss Trigger Event occurs, Citi will request that trading in CitiFirst Instalment MINIs is temporarily halted, the Loan Amount becomes immediately due and payable and the Daily Funding Amount will cease to accrue. The Trustee is then directed to sell the Underlying Parcels and Citi will request that trading in CitiFirst Instalment MINIs temporarily resumes (as outlined in Section 1.19 of this PDS).

During this resumption to trading a Holder may sell its CitiFirst Instalment MINIs to Citi on Cboe for the Stop Loss Amount, and upon the payment to the Holder of the Stop Loss Amount, those CitiFirst Instalment MINIs terminate and all amounts payable in relation to the Loan are taken to have been repaid.

If a Holder does not sell its CitiFirst Instalment MINIs to Citi on Cboe during such a resumption to trading then the Trustee will apply the proceeds of sale of the Underlying Parcels in accordance with paragraphs 1 and 2 of the Order of Payment and any shortfall in amount owing under the Loan will be taken to have been satisfied and Citi will pay the Holder the Stop Loss Amount (if any) within ten Business Days after the Cboe Trading Day following the occurrence of the Stop Loss Trigger Event. Any proceeds of sale remaining after application under paragraphs 1 and 2 of the Order of Payment may be retained by Citi for its own account.

If Citi accepts an Off Market Redemption Notice then, on the Off Market Redemption Trading Day, the Loan Amount becomes immediately due and payable and the Daily Funding Amount ceases to accrue. When the Off Market Redemption Price is then paid by Citi to the Holder, the CitiFirst Instalment MINI will terminate, the amounts owing under the Loan are taken to have been repaid and the Security Interest is discharged and Citi is entitled to the Underlying Parcel.

Loan at Exercise or Maturity

Details on how the Loan will be discharged on the exercise or at maturity of a CitiFirst Instalment MINI appear in Section 2.4 of this PDS.

Equalisation Amounts

For Series where the Self Funding Feature applies, the amount of the Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) is applied to reduce the Final Instalment.

For Series where the Self Funding Feature does not apply, Citi may determine that a Special Dividend in respect of the Underlying Parcel is applied towards the reduction of the Final Instalment (subject to any deduction for tax and closely held trust obligations).

Holders who do not provide a TFN or ABN (unless an exemption applies) should be aware that:

- if a cash Dividend or Special Dividend is paid which is not fully franked (where the Self Funding Feature applies); or
- if Citi makes a determination to apply a Special Dividend towards the reduction of the Final Instalment and if a Special Dividend is paid which is not fully franked (where the Self Funding Feature does not apply),

the Trustee may be required to withhold an amount in respect of that Dividend or Special Dividend and pay such amount to the ATO. In such circumstances, Citi will reduce such Holder's Loan amount by an amount equal to the amount withheld by the Trustee for each CitiFirst Instalment MINI (the '**Equalisation Amount**'). The Equalisation Amount is an amount immediately due and payable by the Holder to Citi. Citi has the right to recover this by either receiving payment directly from the Holder or by enforcing its Security Interest and lapsing some or all of the Holder's CitiFirst Instalment MINIs. Citi will notify such Holders as soon as reasonably practicable after the Dividend or Special Dividend is declared if an amount is required to be paid by a Holder and the date by which it is to be paid (being a date 5 Business Days after the ex-dividend date). Where Citi causes a Holder's CitiFirst Instalment MINI to lapse it does so by exercising a power of sale under any Security Interest and deducting the Secured Monies together with any amounts due to the Trustee from the sale proceeds. Any remaining balance will be paid to the Holder.

The Equalisation Amount does not form part of the Loan provided by Citi and is not subject to the limited recourse provisions.

1.4 ARE THERE ANY OTHER AMOUNTS, COMMISSIONS OR FEES PAYABLE?

Citi may pay advisers a trailing fee of up to 1.00% per annum (including GST) of the Final Instalment, payable quarterly in arrears in relation to a CitiFirst Instalment MINI held by a Non-Retail Investor.

An Applicant may authorise:

- Citi to receive and pay to their Adviser the Service Fee specified in their Application Form; and
- their Adviser to hold that Service Fee on trust and pay to the Representative out of that Service Fee the amount (if any) disclosed in the Adviser Disclosure Document.

If you purchase CitiFirst Instalment MINIs on Cboe your broker may also charge you commission.

A Rollover Payment may be incurred when an Applicant submits a Rollover Application Form. Rollover Applicants will be required to make a Rollover Payment for the amount by which the Final Instalment exceeds the Final Payment on the Rollover Instalments. All Rollover Applicants must pay the Rollover Citi Fee.

You will be required to pay Exercise Costs if you deliver a Request for Purchase Notice or if you fail to exercise or rollover your CitiFirst Instalment MINIs prior to the Maturity Date. Exercise Costs means any stamp duty or equivalent government tax, impost or duty, any brokerage, commission or other transaction cost charged on the exercise of a CitiFirst Instalment MINI.

If a Holder sells CitiFirst Instalment MINIs under an Off Market Redemption Notice (rather than selling them on Cboe), the amount that a Holder may receive from Citi per CitiFirst Instalment MINI will be net of the Off Market Redemption Fee.

Please refer to Section 6 of this PDS for detail on fees and commissions that may be payable on the CitiFirst Instalment MINIs.

1.5 WHAT ARE THE KEY BENEFITS A HOLDER MAY RECEIVE?

CitiFirst Instalment MINIs have the following key features and offer investors the following benefits:

- an easy way to leverage your exposure to Securities in leading Australian companies and trusts without the risk of margin calls or complicated loan documentation;
- benefits of Security ownership for a fraction of the upfront cost of the Underlying Shares;
- a stop loss feature which can close out your investment in the event of adverse market movements;
- where the Self Funding Feature applies, use Dividends and Special Dividends to reduce the Final Instalment;
- where the Self Funding Feature does not apply, receive all ordinary dividends, available franking credits and capital appreciation in respect of the Underlying Shares;
- transparent pricing;
- pay the Final Instalment at any time prior to maturity and receive the Underlying Shares, so for example if the Holder acquired the CitiFirst Instalment MINI for \$5.00 and the Final Instalment is \$10.00, by paying the Final Instalment the Holder would acquire the Underlying Shares for a total cost of \$15.00;
- Holders may, depending on their circumstances, be entitled to interest deductions (see the Taxation Considerations in Section 5 of this PDS);
- an eligible investment for self managed super funds (excluding Shareholder Applications and some Rollover Applications). See Section 4.12 of this PDS for further details including as to why superannuation entities should only invest if they provide a TFN or ABN to Citi;
- Daily Funding Amounts that are only incurred if CitiFirst Instalment MINI is held overnight, and which are not added to the Final Instalment for investors who buy and sell their CitiFirst Instalment MINIs on the same day;
- Shareholder Applicants can free-up capital for other investments without crystallising capital gains; and
- a liquid investment that can be traded on Cboe. Holders may also offer to sell their CitiFirst Instalment MINIs to Citi using an Off Market Redemption Notice on or before the Maturity Date but there is no guarantee that an offer to sell under an Off Market Redemption Notice will be accepted.

1.6 IN WHAT CIRCUMSTANCES CAN A HOLDER RECEIVE THESE BENEFITS?

Over the course of the life of the CitiFirst Instalment MINI, a Holder may benefit from an increase in the price of the Underlying Shares.

During the term of the investment, a Holder is entitled to all Dividends and, depending on their circumstances, available franking credits (if any) paid in relation to the Underlying Shares. See Section 1.3 above in relation to how Dividends are treated where the Self Funding Feature applies.

1.7 WHAT ARE THE KEY RISKS ASSOCIATED WITH THE CITIFIRST INSTALMENT MINIS?

Investors in CitiFirst Instalment MINIs may be exposed to the following key risks:

- the value at which a CitiFirst Instalment MINI may be bought or sold on Cboe will vary according to a number of factors, and this means that the value of your CitiFirst Instalment MINI on any future date may be significantly less than the First Instalment you paid to acquire it or may expire worthless. CitiFirst Instalment MINIs are speculative. The price of the CitiFirst Instalment MINIs fluctuates throughout the term and on any future date may be significantly less than the First Instalment paid for the CitiFirst Instalment MINI or may expire worthless. This means that Holders may either lose money or sustain a total loss on their investment;
- there is no firm indication as to how CitiFirst Instalment MINIs will perform in the secondary market. Nor is there any guarantee as to whether that market will be liquid. Trading of CitiFirst Instalment MINIs on Cboe may be halted or suspended by Cboe in certain circumstances;

- there is no guarantee that an offer by a Holder to sell their CitiFirst Instalment MINIs under an Off Market Redemption Notice will be accepted or, if it is accepted, that the Off Market Redemption Price will be more than the sale price the Holder could have achieved if they had sold their CitiFirst Instalment MINIs on Cboe;
- if a Stop Loss Trigger Event occurs, the Stop Loss Amount may be nil causing the Holder to suffer the loss of their entire investment;
- the Interest Rate for different CitiFirst Instalment MINIs may be different from one another and may increase or decrease daily leading to changes in the value of the CitiFirst Instalment MINI and the Daily Funding Amount;
- the leverage incorporated in CitiFirst Instalment MINIs has the potential to magnify losses (as well as gains) and gives rise to leverage costs, where a CitiFirst Instalment MINI is held overnight, in the form of the Daily Funding Amount;
- general movement in local and international stock markets, general economic conditions and interest rates could all affect the market price of CitiFirst Instalment MINIs;
- the value of the CitiFirst Instalment MINIs depends on the ability of Citi to fulfil its obligations under the Terms of Issue on exercise, early termination or expiry;
- companies in the Citigroup Inc. group of companies and Citi itself may buy and sell CitiFirst Instalment MINIs, Underlying Shares and other Securities or interests relating to CitiFirst Instalment MINIs or the Underlying Shares, either as principal or agent. This trading may impact positively or negatively on the price at which CitiFirst Instalment MINIs trade on Cboe;
- investors should note that a number of provisions of the Terms of Issue confer discretions on Citi which could affect the value of CitiFirst Instalment MINIs. These include the powers to nominate Extraordinary Events and to calculate or modify the method of calculation of the Interest Rate, Final Instalment and Stop Loss Trigger Level;
- Citi has the discretion to adjust the Underlying Shares or the Final Instalment upon the occurrence of certain corporate events. Citi may also determine that a Stop Loss Trigger Event has occurred or exercise its discretion to declare an Extraordinary Event to amend the Terms of Issue and to calculate or modify the method of calculation of the Final Instalment and the Stop Loss Trigger Level (including on a Stop Loss Reset Date), and determine the Interest Rate and the Daily Funding Amount, any one of which could affect the value of the CitiFirst Instalment MINIs; and
- the current Australian regulatory environment and any legislative, tax or regulatory changes may impact on a Holder of CitiFirst Instalment MINIs.

A more detailed description of the risk factors relating to investing in CitiFirst Instalment MINIs can be found in Section 4 of this PDS.

Investing in CitiFirst Instalment MINIs involves a significant degree of risk. Like any investment that offers the potential for profit there is a corresponding potential for loss. In particular, investors should be aware that CitiFirst Instalment MINIs may decrease in value at a greater rate than an investment in the Underlying Shares.

Investors should consult their stockbroker or financial adviser to ascertain the suitability of investing in warrants as part of their particular investment strategies.

1.8 ARE CITIFIRST INSTALMENT MINIS A SUITABLE INVESTMENT FOR ME?

Citi has developed a variety of instalment products to suit a range of investors and their financial profiles. CitiFirst Instalment MINIs may suit investors with a moderately positive long-term view on the Underlying Shares, offering gearing levels between 50% to 80% as at the date of this PDS.

CitiFirst Instalment MINIs may be a suitable investment if one or more of the following apply to you:

Are you:
• looking to leverage your medium or long-term view of the Underlying Shares
• seeking a leveraged investment which offers gearing levels of between 50% to 80% as at the date of this PDS and which does not require complicated loan documentation or credit checks
• seeking enhanced dividend yields and franking credits
• seeking to repay the Loan at an accelerated rate using dividend amounts (applicable only to Series to which the Self Funding Feature applies)
• seeking gearing without the risk of a margin call
• reluctant to sell Securities and crystallise capital gains

• an existing holder of Securities wishing to unlock cash while still maintaining exposure to those securities
• experienced in investing in instalment warrant products
• a self managed superannuation fund seeking enhanced capital appreciation, dividend yields and franking credits (see section 12 of this PDS for further details on superannuation fund investors)
• able to accept the fees outlined in Section 6 of this PDS

Before investing in CitiFirst Instalment MINIs you should read this PDS, including section 4 (in relation to risks) and consider carefully the risks that may affect the financial performance of the investment. You should contact your stockbroker or other professional financial adviser before making any decision to invest in CitiFirst Instalment MINIs and take into account your own personal investment objectives and financial situation.

As can be seen from the table below, the greater the degree of gearing and the shorter the time to maturity, the more speculative the investment and the greater the leverage to movements in the Underlying Share price. Conversely, a lesser degree of gearing and longer time to maturity would generally mean that the investment is less speculative and that the investor can be seen to be moderately geared. Note that "LVR" is the loan to value ratio (a measure of gearing) and is the relationship between the Loan amount and the value of the Underlying Share.

1.9 WHAT ARE THE UNDERLYING SHARES?

The Underlying Shares are Securities admitted to trading on the ASX, which may be ordinary shares in the capital of companies, units of listed trusts (which may include exchange traded funds), CHESS depository instruments (**CDIs**) (which may include interests in exchange traded funds) and stapled securities. The Entities' ASX codes appear in the Summary Table as the first 3 letters of the ASX code for a particular Series of CitiFirst Instalment MINIs.

CDIs are ASX quoted financial products which confer a beneficial interest in the foreign securities to which they relate.

The ASX codes in respect of the Underlying Shares or the Entities which issue the Underlying Shares appear in the Summary Table.

Further information on the Underlying Shares and dealings in relation to them appear in Section 3 of this PDS.

Investors should understand that where the Underlying Shares are admitted to trading on more than one exchange, under the Terms of Issue the market price of the Underlying Shares will always be determined by reference to the market price of the Underlying Shares on ASX and will never be determined by reference to the market price of the Underlying Parcel on any other exchange.

1.10 CAN THE TERMS OF ISSUE OF THE CITIFIRST INSTALMENT MINIS CHANGE?

Citi may from time to time change the Terms of Issue. Any changes to the Terms of Issue must be made in accordance with the Operating Rules and will require either:

- the consent of Cboe; or
- the approval of a resolution of 75% or more of the votes validly cast by Holders (excluding Citi and its associates from the denominator in the calculation of that percentage), under clause 5.1 of the Terms of Issue.

The Maturity Date may be varied as outlined in Section 4.8 of this PDS.

The Final Instalment and the Underlying Shares may be varied in accordance with the Terms of Issue in the event of a corporate action in relation to the relevant Underlying Shares. Corporate actions include:

- an entitlements offer, a rights issue, or a bonus issue of Securities relating to the Underlying Parcel;
- a call in respect of Securities relating to the Underlying Parcel which were issued partly paid;
- a reconstruction or the declaration or payment of a Special Dividend, an extraordinary Dividend or a non-cash Dividend in relation to the Underlying Parcel;
- a subdivision, share split or consolidation of Securities relating to the Underlying Parcel;
- a reduction of capital, pro-rata cash distribution, or a buy back offer relating to the Underlying Parcel;
- a demerger, reconstruction, compulsory acquisition, scheme of arrangement or Takeover Bid or similar change of control transaction in relation to the Underlying Parcel;
- the winding up, administration, liquidation or insolvency of the issuer of the Underlying Parcel, including the passing of resolutions to wind up or enter into a compromise with creditors; and
- the nationalisation of the issuer of the Underlying Parcel, including by the acquisition or expropriation of the whole or of a substantial part of that entity's assets or undertakings by a government or a government agency.

Any changes to the Terms of Issue, for example changes resulting from corporate actions, must be made in accordance with the Operating Rules and will require either:

- the consent of Cboe; or
- the approval of a resolution of 75% or more of the votes validly cast by Holders (excluding Citi and its associates from the denominator in the calculation of that percentage).

More information in relation to these variations appears in Section 3 of this PDS.

1.11 WHAT ARE THE TAX CONSEQUENCES OF INVESTING IN THE CITIFIRST INSTALMENT MINIS?

The acquisition, dealing in, and exercise of CitiFirst Instalment MINIs may have income tax or capital gains tax implications for Holders, depending on their own individual circumstances.

Subject to the comments in Section 5 of this PDS and a Holder's individual circumstances, a Holder may be entitled to:

- tax deductions for interest on the Loan;
- utilise franking credits which may be used to offset other tax obligations; and
- convert their existing holding of Securities into CitiFirst Instalment MINIs without triggering a capital gains tax liability in relation to their existing holding of Securities.

A general summary of some of the taxation consequences in respect of an investment in CitiFirst Instalment MINIs can be found in Section 5 of this PDS.

Investors should obtain their own independent taxation advice prior to making any decision to invest in CitiFirst Instalment MINIs.

1.12 WHEN DO THE CITIFIRST INSTALMENT MINIS EXPIRE?

CitiFirst Instalment MINIs expire:

- on the Maturity Date. The Maturity Date for a particular Series of CitiFirst Instalment MINIs appears in the Summary Table; or
- following the occurrence of a Stop Loss Trigger Event, on the payment by Citi of the Stop Loss Amount or, if no Stop Loss Amount is payable, ten Business Days after the Cboe Trading Day after the Stop Loss Trading Close; or
- following the acceptance by Citi of an Off Market Redemption Notice, on the payment by Citi to the selling Holder of the Off Market Redemption Price.

Holdes have the following options in relation to their CitiFirst Instalment MINIs:

- Pay the Final Instalment and receive full ownership of the Underlying Shares up to or on the Maturity Date.

- Defer payment of the Final Instalment on the Maturity Date by rolling into the next series of CitiFirst Instalment MINIS (if available).
- Deliver a Request for Purchase Notice on or before the Maturity Date requiring Citi to purchase the Underlying Shares on the Maturity Date for the greater of the Final Instalment or Market Value and receive the amount (if any) by which the Market Value exceeds the Final Instalment.
- Do nothing. Your Underlying Shares will be sold by the Trustee and you will receive the proceeds of the sale less the amount of the Final Instalment and any costs and expenses in accordance with the Order of Payment.
- Sell your CitiFirst Instalment MINIS. Holders may sell their CitiFirst Instalment MINIS on Cboe before the Maturity Date or may offer to sell their CitiFirst Instalment MINIS using an Off Market Redemption Notice on or before the Maturity Date.

1.13 CAN THE CITIFIRST INSTALMENT MINIS TERMINATE EARLY?

CitiFirst Instalment MINIS will not terminate early unless a Stop Loss Trigger Event occurs or there is an Extraordinary Event declared by Citi. Holders will be provided with notice of the occurrence of the Stop Loss Trigger Event or declaration of an Extraordinary Event by Citi.

1.14 WHAT HAPPENS IF A STOP LOSS TRIGGER EVENT OCCURS?

If a Stop Loss Trigger Event occurs, the CitiFirst Instalment MINI will terminate early.

Section 1.19 of this PDS contains further details and examples of the stop loss feature and the risks associated with a Stop Loss Trigger Event.

1.15 WHAT HAPPENS IF AN EXTRAORDINARY EVENT IS DECLARED?

If an Extraordinary Event is declared by Citi, the CitiFirst Instalment MINI will terminate prior to the Maturity Date. Investors should note that the declaration of an Extraordinary Event by Citi requires the consent of Cboe.

Section 4.9 of this PDS contains further details of the types of events which may constitute Extraordinary Events.

1.16 CAN I TRADE OR SELL MY CITIFIRST INSTALMENT MINIS?

A Holder can buy or sell CitiFirst Instalment MINIS on Cboe at any time prior to the Closing Time on the Maturity Date in the same way as buying or selling ordinary shares. The treatment and operation of the Loan following a sale on Cboe is detailed in Section 1.3 of this PDS and in the examples in Section 1.17 below.

Holders may also offer to Citi to sell their CitiFirst Instalment MINIS under an Off Market Redemption Notice at any time prior to the occurrence of a Stop Loss Trigger Event or the Closing Time on the Maturity Date.

The Off Market Redemption Notice is a request by a Holder that Citi purchase the CitiFirst Instalment MINIS identified in Section C of the Off Market Redemption Notice (**Sale CitiFirst Instalment MINIS**) for the Off Market Redemption Price.

Under the Off Market Redemption Notice, the Holder warrants that it is the registered holder of the Sale CitiFirst Instalment MINIS and offers to transfer the Sale CitiFirst Instalment MINIS to Citi for the Off Market Redemption Price on the Off Market Redemption Trading Day.

Citi has an absolute discretion to accept or reject an Off Market Redemption Notice and the Holder's offer to sell Sale CitiFirst Instalment MINIS for the Off Market Redemption Price. There is no guarantee that:

- Citi will accept an Off Market Redemption Notice; or
- if it is accepted, that the Off Market Redemption Price will be more than the sale price the Holder could have achieved if they had sold their CitiFirst Instalment MINIS on Cboe. Citi may, on the Off Market Redemption Trading Day, notify the Holder giving the Off Market Redemption Notice of the Off Market Redemption Price determined by Citi. The Off Market Redemption Price determined by Citi will be net of the Off Market Redemption Fee, which fee may be up to 1% of the Market Price of the CitiFirst Instalment MINI as at the close of trading on the Off Market Redemption Trading Day.

If Citi receives an Off Market Redemption Notice, Citi undertakes to Holders that:

- Citi will determine, on the Off Market Redemption Trading Day, the Off Market Redemption Price for the Sale CitiFirst Instalment MINIS (and the applicable Off Market Redemption Fee). The Off Market Redemption Price must

not be less than the lowest Market Price for Sale CitiFirst Instalment MINIs on the Off Market Redemption Trading Day and is net of the Off Market Redemption Fee;

- Citi will determine before 4pm (Sydney time) on the Off Market Redemption Trading Day whether to accept or reject the Off Market Redemption Notice; and
- if Citi accepts that Off Market Redemption Notice, Citi will pay to the Holder giving that Off Market Redemption Notice the Off Market Redemption Price (which, for the avoidance of doubt, is net of the Off Market Redemption Fee) in respect of each Sale CitiFirst Instalment MINI no later than 10 Business Days after the Off Market Redemption Trading Day.

By signing the Off Market Redemption Notice, the Holder agrees that the Off Market Redemption Notice is irrevocable and that if the Off Market Redemption Notice is accepted by Citi:

- each Sale CitiFirst Instalment MINI will be transferred to Citi for the Off Market Redemption Price (which is net of the Off Market Redemption Fee);
- the Sale CitiFirst Instalment MINI will terminate on the payment by Citi to the selling Holder of the Off Market Redemption Price;
- subject only to payment by Citi of the Off Market Redemption Price to the selling Holder, on the transfer of each Sale CitiFirst Instalment MINI to Citi, the CitiFirst Instalment MINI will terminate, the Loan will be taken to have been satisfied, the Security Interest will be discharged, Citi will be absolutely entitled to the Trust Property and the Holder will have no further right, title or interest in the Sale CitiFirst Instalment MINI; and
- Citi will be deemed to have been paid the Off Market Redemption Fee in respect of each Sale CitiFirst Instalment MINI.

If Citi accepts an Off Market Redemption Notice then, on the Off Market Redemption Trading Day, the Loan Amount becomes immediately due and payable and the Daily Funding Amount ceases to accrue. When the Off Market Redemption Price is then paid by Citi to the Holder, the CitiFirst Instalment MINI will terminate, the amounts owing under the Loan are taken to have been repaid and the Security Interest is discharged, and Citi is entitled to the Underlying Parcel.

1.17 EXAMPLES OF CITIFIRST INSTALMENT MINIS PRICING

The figures used in the following examples are illustrative only and do not represent in any way the figures that may apply to the actual issue of CitiFirst Instalment MINIs. The examples do not provide an illustration of all of the different types of individual transactions that may be entered into in relation to CitiFirst Instalment MINIs.

Example of Calculations for CitiFirst Instalment MINIs

The following examples are based on a hypothetical CitiFirst Instalment MINI issued over shares in XYZ Limited (**XYZ**) with an Initial Final Instalment of \$10.00. For the following examples we have assumed the XYZ share price is \$20.00 and that the Interest Rate is fixed at 6.7% per annum.

Example 1 - Determining the Daily Funding Amount

The Daily Funding Amount is calculated overnight using the following formula:

$$\begin{aligned} \text{Daily Funding Amount} &= \text{Final Instalment} * \text{Interest Rate\%} * (1 / 365) \\ \text{Daily Funding Amount} &= \$10 * 6.7\% * (1 / 365) \\ &= \$0.0018 \end{aligned}$$

If the investor holds the CitiFirst Instalment MINI overnight, the Final Instalment of this CitiFirst Instalment MINI will increase by the Daily Funding Amount (i.e. by \$0.0021 to \$10.0021).

Example 2 – Sale and Purchase on Cboe

The Daily Funding Amount increases the Final Instalment in respect of each calendar day. The Daily Funding Amounts incurred in relation to the CitiFirst Instalment MINI are reflected in the First Instalment, being the price payable to purchase a CitiFirst Instalment MINI on Cboe, from day to day.

Assume the Holder has held a CitiFirst Instalment MINI overnight (assuming no other fees are included in these calculations):

$$\text{First Instalment}_0 = \text{Underlying Parcel Price} - \text{Final Instalment}$$

$$\begin{aligned}
 \text{First Instalment}_0 &= \$20 - \$10 \\
 &= \$10.0000 \\
 \text{Daily Funding Amount} &= \$0.0018 \text{ (see Example 1 above)} \\
 \text{First Instalment}_1 &= \text{Underlying Parcel Price} - (\text{Final Instalment}_0 + \text{Daily Funding Amount}) \\
 \text{First Instalment}_1 &= \$20 - (\$10 + \$0.0018) \\
 &= \$9.9982
 \end{aligned}$$

If a Transferee were to purchase the CitiFirst Instalment MINI on Cboe, their First Instalment would be \$9.9982. In this Example 2 all references to the First Instalment are references to the expected First Instalment and reflect the expected one for one participation in the movement of the Underlying Parcel Price (or expected delta one exposure).

Example 3 – Cash Application

An investor applies by way of Cash Application for a Series of CitiFirst Instalment MINIs issued over shares in XYZ with a Final Instalment of \$10.00. The First Instalment is the purchase price of the CitiFirst Instalment MINI and will depend on the price at which the Underlying Shares are trading and the Final Instalment. The amount payable in respect of the Cash Application can be calculated as follows:

$$\begin{aligned}
 &= (\text{Underlying Parcel Price (at time of acceptance of the Application)} - \text{Final Instalment}) \\
 &= (\$20.00 - \$10.00) \\
 &= \$10.00
 \end{aligned}$$

For a Cash Application the applicant pays \$10.00 on Application and has a Final Instalment of \$10.00. The Final Instalment of \$10.00 plus the First Instalment of \$10.00 are used to purchase the XYZ share.

Example 4 – Shareholder Application

An investor applies by way of Shareholder Application for a Series of CitiFirst Instalment MINIs issued over XYZ shares. The Cashback Amount payable to the investor in respect of the Shareholder Application can be calculated as follows:

$$\begin{aligned}
 \text{Cashback Amount} &= \text{Final Instalment (Loan amount)} \\
 &= \$10.00
 \end{aligned}$$

The investor will be paid a Cashback Amount of \$10.00 in respect of the Loan and issued a CitiFirst Instalment MINI in return for the XYZ share that formed the basis of the Shareholder Application.

The Cashback Amount is required to be used by the Shareholder Applicant wholly for the purposes of producing assessable income and the Application Form includes a declaration for National Credit Code purposes confirming that the Loan will be applied solely for business or investment purposes.

Example 5 – Rollover and cashback

An investor applies by way of a Rollover Application to roll their existing series of CitiFirst Instalment MINIs over XYZ shares into a new Series of CitiFirst Instalment MINIs issued over XYZ shares. The investor will only receive a Cashback Amount if the Final Instalment on the new series of CitiFirst Instalment MINIs (the new Loan) is greater than the Final Payment on the old series of CitiFirst Instalment MINIs.

Assuming the Final Instalment of the new series is \$15, the final instalment (or Final Payment) of the old series is \$10 and no other fees are payable, the Cashback Amount is calculated as follows:

$$\begin{aligned}
 \text{Cashback Amount} &= \text{Final Instalment of new series} - \text{final instalment (Final Payment) of old series} \\
 &= \$15.00 - \$10.00 \\
 &= \$5
 \end{aligned}$$

The investor will now hold the same number of CitiFirst Instalment MINIs in the new series as they had previously held in the old series of CitiFirst Instalment MINIs, and will receive a cashback payment of \$5 per CitiFirst Instalment MINI.

The Rollover Citi Fee is payable and will be \$15.00 x 0.55% ie \$0.0825 per CitiFirst Instalment MINI and the Rollover Applicant would have used their Cashback Amount to pay their Rollover Citi Fee of \$0.0825 per CitiFirst Instalment MINI.

More information and examples of the calculation of these fees in relation to a Rollover Application are provided in section 6 of this PDS.

Example 6 – Rollover with additional payment

An investor applies by way of a Rollover Application to roll their existing series of CitiFirst Instalment MINIs over XYZ shares into a new Series of CitiFirst Instalment MINIs issued over XYZ shares. The investor will need to make a Rollover Payment if the Final Instalment on the new series of CitiFirst Instalment MINIs (the new Loan) is less than the Final Payment on the old series of CitiFirst Instalment MINIs, in respect of that shortfall.

Assuming the Final Instalment of the new series is \$5, the final instalment (or Final Payment) of the old series is \$10 and no other fees are payable in respect of the Rollover Instalments, the Rollover Payment amount is calculated as follows:

$$\begin{aligned}\text{Rollover Payment} &= \text{Final Payment of old series} - \text{Final Instalment of new series} \\ &= \$10.00 - \$5.00 \\ &= \$5\end{aligned}$$

The investor will now hold the same number of CitiFirst Instalment MINIs in the new series of CitiFirst Instalment MINIs as they had previously held in the old series of CitiFirst Instalment MINIs, and will need to make a Rollover Payment of \$5 per CitiFirst Instalment MINI and, assuming the same Rollover Citi Fee as Example 5, also a Rollover Citi Fee payment of \$0.0825 per CitiFirst Instalment MINI.

1.18 SCENARIO ANALYSES

This section contains some examples of how CitiFirst Instalment MINIs can be traded, and how the purchase price of the CitiFirst Instalment MINI on Cboe (the First Instalment) may change. This Section 1.18 is provided for illustrative purposes only and it is not an indication, projection or forecast by Citi of the performance of any Underlying Share or any CitiFirst Instalment MINI, which may be significantly different from the illustration below.

Example of a CBA CitiFirst Instalment MINI							
	Number	Underlying Parcel Price (CBA)	Final Instalment	CitiFirst Instalment MINI purchase price (First Instalment)	Stop Loss Trigger Level	Profit/Loss ^	Return
Investor buys 500 CitiFirst Instalment MINIs	500	\$80.00	\$60.00	\$20.00	\$66.00		
CBA rises to \$82.00							
Sell (same day)	500	\$82.00	\$60.00	\$22.00	\$66.00	\$1,000	10.00%
Sell (1 week later)	500	\$82.00	\$60.08	\$21.92	\$66.00	\$960	9.60%
CBA falls to \$78.00							
Sell (same day)	500	\$78.00	\$60.00	\$18.00	\$66.00	-\$1,000	-10.00%
Sell (1 week later)	500	\$78.00	\$60.08	\$17.92	\$66.00	-\$1,040	-10.40%

^ Based on total initial investment of \$10,000

In the above example, an investor believes that the price of the Underlying Share (CBA) will increase and so purchases 500 CitiFirst Instalment MINIs. On the first day in this example, the Underlying Parcel Price is \$80 and the CitiFirst Instalment MINI has a Final Instalment of \$60. The First Instalment for the CitiFirst Instalment MINI is calculated as Underlying Parcel Price – Final Instalment and is \$20.

In the above example the Underlying Parcel Price then increases by \$2. If the investor sells that CitiFirst Instalment MINI intra-day, the First Instalment of the CitiFirst Instalment MINI is expected to also increase by \$2.00 because the investor is expected to participate in the movement in the Underlying Parcel Price on a one to one (or delta one) basis. The new First Instalment of the CitiFirst Instalment MINI is \$22.00 and the transaction results in a gain of \$1,000, ie. (500 x (\$22.00 – \$20.00)).

The example above then shows the result if the investor does not trade the CitiFirst Instalment MINI intra-day and instead holds the CitiFirst Instalment MINI for one week. In this case the Final Instalment will increase from \$60.00 to \$60.08 (incorporating one week's worth of Daily Funding Amounts). As a result there will be an increase of \$1.92 in the

First Instalment over that week, (ie. the \$2.00 increase in the Underlying Parcel Price less the \$0.08 Daily Funding Amount). The new First Instalment is \$21.92 and a sale at this price would result in a gain of \$960 ie. $(500 \times (\$21.92 - \$20.00))$.

The example above then shows what could happen if there is a fall in the Underlying Parcel Price by \$2.00 to \$78.00. If the CitiFirst Instalment MINI holder chooses to sell the CitiFirst Instalment MINI intra-day, as the Underlying Parcel Price has decreased by \$2.00, the First Instalment (calculated as the Underlying Parcel Price – Final Instalment) is expected to also decrease by \$2.00 to \$18.00 (again due to the expected one for one participation in the movement of the Underlying Parcel Price or expected delta one exposure). In this case, as the sale occurs on the day of purchase, the Final Instalment does not change. In this example, the sale of 500 CitiFirst Instalment MINI results in a loss of \$1,000 ie. $(500 \times (\$18.00 - \$20.00))$.

If the CitiFirst Instalment MINI holder chooses to hold the CitiFirst Instalment MINI for one week before selling it, the Final Instalment will increase over that one week period, to \$60.08 (incorporating one week's worth of Daily Funding Amounts). As a result the First Instalment is reduced by \$2.08 over that week, (ie less the \$2.00 decrease in the Underlying Parcel Price and less the \$0.08 Daily Funding Amount). The First Instalment is \$17.92 and a sale at this price would generate a loss of \$1,040, ie. $(500 \times (\$17.92 - \$20.00))$.

Example of Underlying Parcel going ex-Dividend – CitiFirst Instalment MINI where the Self Funding Feature does not apply

	Underlying Parcel Price	Dividend	Final Instalment	Stop Loss Trigger Level	CitiFirst Instalment MINI purchase price (First Instalment)
CitiFirst Instalment MINI					
Cum-Dividend	\$80.00	\$1.00	\$60.00	\$66.00	\$20.00
Ex-Dividend	\$79.00	ex-div	\$60.00	\$66.00	\$19.00

The example in the above table shows a CitiFirst Instalment MINI where the Self Funding Feature does not apply with a Final Instalment of \$60.00, over an Underlying Share with a price of \$80.00. Before the Underlying Share commences trading ex-Dividend, the First Instalment is \$20.00 (ie. Underlying Parcel Price of \$80.00 – Final Instalment of \$60.00). When the Underlying Share goes ex-Dividend (where the Dividend is not a Special Dividend and is \$1.00), the Underlying Parcel Price decreases by the Dividend amount to \$79.00.

This example assumes that the fall in the Underlying Parcel Price equals the Dividend but it should be noted that when the Underlying Share commences trading ex-Dividend, the Underlying Parcel Price will not necessarily decrease by the amount of the Dividend, but may fall by more or by less than that amount. This example illustrates that the Stop Loss Trigger Level is unaffected by the Underlying Share going ex-Dividend and that it is the First Instalment that is affected by the Underlying Share going ex-Dividend.

Investors should understand that if:

- the Dividend in this example was a Special Dividend instead of a Dividend; and
- Citi determines to follow the practice of the ASX Clearing Corporation and to withhold the Special Dividend paid on Underlying Shares and uses it to partly repay the Loan and to reduce the Loan amount,

Citi may reduce both the Final Instalment and the Stop Loss Trigger Level by the amount of the Special Dividend on the date that the Underlying Share commences trading ex the Special Dividend.

Example of Underlying Parcel going ex-Dividend – CitiFirst Instalment MINI where the Self Funding Feature applies

	Underlying Parcel Price	Dividend	Final Instalment	Stop Loss Trigger Level	CitiFirst Instalment MINI purchase price (First Instalment)
CitiFirst Instalment MINI					
Cum-Dividend	\$80.00	\$1.00	\$60.00	\$66.00	\$20.00
Ex-Dividend	\$79.00	ex-div	\$59.00	\$65.00	\$20.00

The example in the above table shows a CitiFirst Instalment MINI where the Self Funding Feature applies with a Final Instalment of \$60.00, over an Underlying Share with a price of \$80.00. Before the Underlying Share commences trading ex-Dividend, the First Instalment is \$20.00 (ie. Underlying Parcel Price of \$80.00 – Final Instalment of \$60.00). When the

Underlying Share goes ex-Dividend (where the Dividend is \$1.00), the Underlying Parcel Price decreases by the Dividend amount to \$79.00.

This example assumes that the fall in the Underlying Parcel Price equals the Dividend but it should be noted that when the Underlying Share commences trading ex-Dividend, the Underlying Parcel Price will not necessarily decrease by the amount of the Dividend, but may fall by more or by less than that amount. This example illustrates that the Stop Loss Trigger Level and the Final Instalment are affected by the Underlying Share going ex-Dividend.

Investors should be aware that Dividends (and any Special Dividends) may not always be declared in any given year, in which case the Final Instalment will not be reduced. Even when Dividends or Special Dividends are declared they may not be equal to or greater than the Daily Funding Amounts over the same period in which case your Loan Amount will increase resulting in a decrease in the value of your CitiFirst Instalment MINIs.

1.19 HOW DOES THE STOP LOSS TRIGGER WORK?

What is the Stop Loss Trigger Level and when does it adjust?

Each CitiFirst Instalment MINI has a stop loss trigger event feature. The effect of this stop loss trigger event feature, combined with the limited recourse nature of the leverage for a CitiFirst Instalment MINI, is that regardless of the movements of the Underlying Parcel Price and amount of leverage cost incurred in relation to a CitiFirst Instalment MINI, the price of a CitiFirst Instalment MINI cannot be negative and a Holder cannot lose more than the First Instalment that they paid for the CitiFirst Instalment MINI.

Each CitiFirst Instalment MINI has a Stop Loss Trigger Level. The Initial Stop Loss Trigger Level for each CitiFirst Instalment MINI is set out in the Summary Table (at the front of this PDS). After the date of this PDS the Stop Loss Trigger Level can vary, having regard to movements in the Underlying Parcel Price and the current Stop Loss Trigger Level will be published on the Cboe website and <http://www.citifirst.com.au/>.

Stop Loss Reset Dates include the first Cboe Trading Day of each month. The Stop Loss Trigger Level will be determined by Citi on the first Cboe Trading Day of each month having regard to the Final Instalment as at the relevant Stop Loss Reset Date.

If an Entity announces that a capital reduction will occur in relation to an Underlying Share, a Stop Loss Reset Date may also occur, in Citi's discretion, on the date that the Underlying Share commences trading ex the capital reduction. On such a Stop Loss Reset Date, if Citi determines that it will exercise its discretion to direct that the capital reduction proceeds are paid to Citi and used to reduce the Loan, Citi may also determine on that ex-date to adjust the Stop Loss Trigger Level to take account of that reduction to the Final Instalment, which reduction also takes effect on that ex-date. Investors should understand that when an Underlying Share commences trading ex a capital reduction, the Underlying Parcel Price may adjust by more or less than the amount of the capital reduction.

Also, where the Self Funding Feature does not apply, if an Entity announces that a Special Dividend will be paid in relation to an Underlying Share, a Stop Loss Reset Date may also occur, in Citi's discretion, on the date that the Underlying Share commences trading ex the Special Dividend. On such a Stop Loss Reset Date, if Citi determines that it will follow the practice of the ASX Clearing Corporation and withhold the Special Dividend payable on Underlying Shares and use it to reduce the Loan amount, Citi may also determine on that ex-date to adjust the Stop Loss Trigger Level to take account of that reduction to the Final Instalment, which reduction also takes effect on that ex-date. Investors should understand that when an Underlying Share commences trading ex a Special Dividend, the Underlying Parcel Price may adjust by more or less than the amount of Special Dividend.

Where the Self Funding Feature applies, if an Entity announces that a Dividend or Special Dividend will be paid in relation to an Underlying Share, a Stop Loss Reset Date will also occur on the date that the Underlying Share commences trading ex that Dividend or Special Dividend. On such a Stop Loss Reset Date, Citi may also determine on that ex-date to adjust the Stop Loss Trigger Level to take account of that reduction to the Final Instalment, which reduction also takes effect on that ex-date. Investors should understand that when an Underlying Share commences trading ex a Dividend or Special Dividend, the Underlying Parcel Price may adjust by more or less than the amount of Dividend or Special Dividend.

The Stop Loss Trigger Level will be set by Citi in its absolute discretion at a certain amount above the Final Instalment. How much above the Final Instalment the Stop Loss Trigger Level is set on a Stop Loss Reset Date depends on several factors including:

- the Final Instalment and the Underlying Parcel Price as at the Stop Loss Reset Date;

- the difference between the Final Instalment and the Underlying Parcel Price prior to the Stop Loss Reset Date;
- the volatility of the Underlying Parcel prior to the Stop Loss Reset Date; and
- the expectation of future Dividends (if any) on the Underlying Parcel.

The Stop Loss Trigger Level will not be affected by the Underlying Share going ex-Dividend, as noted above.

Investors should understand that where the Underlying Parcels are admitted to trading on more than one exchange, the Underlying Parcel Price (and whether a Stop Loss Trigger Event has occurred) will always be determined by reference to the market price of the Underlying Parcel on ASX and will never be determined by reference to the market price of the Underlying Parcel on any other exchange (such as Cboe).

What happens if the Stop Loss Trigger Event occurs?

A Stop Loss Trigger Event occurs if the Underlying Parcel Price at any time trades at or below the Stop Loss Trigger Level and a Market Disruption Event is not occurring.

If the Stop Loss Trigger Event occurs at any time then:

- Citi will request that trading in that CitiFirst Instalment MINI is halted by Cboe;
- the Loan Amount becomes immediately due and payable and the Daily Funding Amount will cease to accrue;
- the Holder irrevocably directs the Trustee to sell the Underlying Parcel in accordance with Citi's instructions;
- Citi calculates the Stop Loss Amount (which may be nil) and the Stop Loss Termination Price before 1pm (Sydney time) on the ASX Trading Day after the occurrence of the Stop Loss Trigger Event and announces the Stop Loss Amount on Cboe and on Citi's website;
- Citi will request that trading in that CitiFirst Instalment MINI resumes temporarily, from 2pm (Sydney time) on the Cboe Trading Day after the occurrence of the Stop Loss Trigger Event until 4pm on the following Cboe Trading Day (**Stop Loss Trading Close**);
- during that temporary resumption of trading, the holder of the CitiFirst Instalment MINI can sell their CitiFirst Instalment MINI to Citi on Cboe at the Stop Loss Amount;
- if Holder sells the CitiFirst Instalment MINI to Citi before the Stop Loss Trading Close, upon the payment to the Holder of the Stop Loss Amount on the settlement of that sale in accordance with the ASX Settlement Operating Rules, the CitiFirst Instalment MINIs will terminate, the Secured Monies are taken to have been repaid, the Security Interest is taken to be discharged, Citi becomes absolutely entitled to the Trust Property (including all proceeds of sale of the Underlying Parcels) and neither Citi nor the Trustee will have any further obligations to the Holder in connection with the CitiFirst Instalment MINIs; and
- if the Holder does not sell the CitiFirst Instalment MINI to Citi before the Stop Loss Trading Close:
 - the Trustee will apply the proceeds of sale of the Underlying Parcel in accordance with paragraphs 1 and 2 of the Order of Payment;
 - any shortfall in payment of the Secured Monies out of the proceeds of sale of the Underlying Parcel will be taken to have been satisfied, and the proceeds of sale of the Underlying Parcel that would remain for application under paragraph 3 of the Order of Payment may instead be retained by Citi for its own account and the Holder has no entitlement to them;
 - the Holder will receive the Stop Loss Amount per CitiFirst Instalment MINI within 10 Business Days after the Cboe Trading Day following the occurrence of the Stop Loss Trigger Event and their CitiFirst Instalment MINI will expire when that payment is made by Citi; and
 - when the Stop Loss Amount is paid by Citi to the Holder, or if no Stop Loss Amount is payable, the CitiFirst Instalment MINI will terminate and neither Citi nor the Trustee will have any further obligation to the Holder in connection with the CitiFirst Instalment MINI.

If a Holder sells the CitiFirst Instalment MINI to Citi before the Stop Loss Trading Close, the payment to the Holder of the Stop Loss Amount is consideration for the on-market sale of that CitiFirst Instalment MINI to Citi. If the Holder does not sell the CitiFirst Instalment MINI to Citi before the Stop Loss Trading Close then the payment of the Stop Loss Amount is consideration for the termination of the CitiFirst Instalment MINI.

If the Stop Loss Amount is nil, Citi will meet any additional liability in relation to the CitiFirst Instalment MINI, because the CitiFirst Instalment MINI is a limited recourse investment and a Holder will not be required to pay more than the First Instalment they paid to acquire the CitiFirst Instalment MINI.

How is the Stop Loss Amount calculated?

If a Stop Loss Trigger Event occurs, Citi will determine the Stop Loss Amount using the following formula:

$$\text{Stop Loss Amount} = (\text{Stop Loss Termination Price} - \text{Current Final Instalment})$$

The Stop Loss Termination Price is the average sale price realised by the Trustee, net of the costs and expenses incurred in relation to the sale of the Underlying Parcels at the direction of Citi, during the Stop Loss Termination Valuation Period, on the sale of all the Underlying Parcels for the Series affected by the occurrence of the Stop Loss Trigger Event. The Stop Loss Termination Price may be equal to the Current Final Instalment, but it will never be less than the Current Final Instalment.

The occurrence of a Stop Loss Trigger Event and the calculation of the Stop Loss Amount is illustrated in the following examples, which are provided for illustrative purposes only and are not an indication, projection or forecast by Citi of the performance of any Underlying Share or any CitiFirst Instalment MINI, which may be significantly different from the example below.

Example of a Stop Loss Trigger Level – CitiFirst Instalment MINI					
	Underlying Parcel	Underlying Parcel Price	Final Instalment	Stop Loss Trigger Level	First Instalment
Buy	CBA	\$50.00	\$40.00	\$45.00	\$10.00
Day 1	The issuer of CBA releases negative news to the market. The CBA price falls to or below the Stop Loss Trigger Level of \$45.00, causing a Stop Loss Trigger Event to occur.				
	CBA CitiFirst Instalment MINI trading is halted. The Trustee, at the direction of Citi, sells all the Underlying Parcels for the affected Series, (CBA) at an average price of \$44.80 net of the costs and expenses incurred in relation to the sale of the Underlying Parcels (this is the Stop Loss Termination Price).				
Day 2, 2:00pm	Trading in CBA CitiFirst Instalment MINI resumes temporarily but Holders can only sell them to Citi at the Stop Loss Amount.				
Day 3, 4:00pm	Trading in CBA CitiFirst Instalment MINI ceases.				
	Underlying Parcel	Final Instalment	Stop Loss Termination Price	Stop Loss Amount	Loss on trade
Close-out	CBA	\$40.00	\$44.80	\$4.80	-\$5.20

The example in the table above shows a CitiFirst Instalment MINI with a Final Instalment of \$40.00, over an Underlying Share (CBA) with a price of \$50.00. The Stop Loss Trigger Level in this example is \$45.00. In this scenario, the price of CBA falls below the Stop Loss Trigger Level, at which point a Stop Loss Trigger Event occurs, trading in the CitiFirst Instalment MINI is halted and the Trustee is directed by Citi to sell all of the Underlying Parcels for the affected Series. In selling those CBA, the Trustee achieves an average sale price net of the costs and expenses incurred in relation to the sale of the Underlying Parcels of \$44.80. On the following Cboe Trading Day at 2:00pm, trading in the affected Series of CBA CitiFirst Instalment MINI resumes temporarily, giving Holders the opportunity to sell their CitiFirst Instalment MINIs back to Citi before 4pm on the following Cboe Trading Day at the Stop Loss Amount.

Citi will determine the Stop Loss Amount using the following formula:

$$\text{Stop Loss Amount} = (\text{Stop Loss Termination Price} - \text{Current Final Instalment})$$

Holders of the CBA CitiFirst Instalment MINIs in this example will receive a Stop Loss Amount of \$4.80 per CitiFirst Instalment MINI (\$44.80 - \$40.00), meaning a loss for the Holder of \$5.20 (\$10 - \$4.80) per CitiFirst Instalment MINI.

1.20 WHAT IS THE INSTALMENT WARRANT DEED?

The Instalment Warrant Deed regulates aspects of the trust relationship between a Holder and the Trustee in respect of the Underlying Shares which is created under the Declaration of Trust. The Instalment Warrant Deed also contains provisions in relation to the issue and creation of, and the terms of the CitiFirst Instalment MINIs and is binding on the holders of the CitiFirst Instalment MINIs. The principal terms of the Instalment Warrant Deed are set out in this PDS.

If you wish to view the terms of the Instalment Warrant Deed, you may attend Citi's offices at 2 Park Street, Sydney NSW 2000. Appointments to view the Instalment Warrant Deed must be made in advance, by telephoning 1300 30 70 70. You are not permitted to replicate the Instalment Warrant Deed in any form.

1.21 WHAT IS THE DECLARATION OF TRUST?

The Trustee has executed a Declaration of Trust under which the Trustee undertakes to hold each Underlying Share transferred to the Trustee (or its nominee) by Citi, or an Applicant, as trustee for the holder of the corresponding CitiFirst Instalment MINI on a Separate Trust until the Maturity Date, or if earlier, the exercise of a CitiFirst Instalment MINI.

1.22 WHO IS THE TRUSTEE AND WHAT POWERS DOES IT HAVE?

The Trustee is Citigroup Global Markets Australia Nominees No 2 Pty Limited, a wholly owned subsidiary of Citi.

The Trustee has no powers, duties, rights or discretions in relation to the Separate Trusts except those expressly set out in the Instalment Warrant Deed and Declaration of Trust.

Those powers include:

- the grant of a Security Interest in favour of Citi in relation to the Underlying Shares;
- specific powers of sale in relation to the Underlying Shares in certain circumstances;
- powers in relation to the payment of Dividends, Special Dividends and other distributions;
- certain acts in relation to "closely held trusts"; and
- general powers to administer the Separate Trusts.

2.2 HOW TO APPLY

The Application Forms and instructions on how to apply are contained in Section 11 of this PDS. Citi will only accept applications which are made on the Application Forms which are enclosed with this PDS. Potential investors should lodge their Application Form with their stockbroker or approved financial adviser, or directly with Citi.

Citi may accept or reject any application in its absolute discretion. Citi may also accept an application for a lesser number of CitiFirst Instalment MINIs than the number applied for. Cash Applications, Shareholder Applications and Rollover Applications may only be made by Non-Retail Investors. Retail Investors may not apply for CitiFirst Instalment MINIs but may buy them on market.

Cash Applicants which are rejected or which are for a lesser number of CitiFirst Instalment MINIs will have their application moneys returned without interest.

a) Cash Applicants

For Cash Applicants the First Instalment is the purchase price of the CitiFirst Instalment MINIs, which is not fixed and will depend on the following factors:

- the price at which the Underlying Shares are trading; and
- the Final Instalment.

Cash Applicants must subscribe for the minimum investment amount of \$2,500.

Cash Applicants can obtain an indication of the current amounts of the First Instalment and Final Instalment at any time during the offer period by calling Citi on 1300 30 70 70.

Cash Applicants should apply for CitiFirst Instalment MINIs by completing a Cash Application Form, which nominates the dollar amount that the investor wishes to invest in a Series and pay that amount by cheque, Bpay or provide authorisation for Citi to deduct that amount from their Nominated Account by direct debit.

Following the acceptance of the Applicant's Application, Citi will:

- calculate the relevant First Instalment applicable at that time;
- deduct those amounts from the cash payment or their Nominated Account for each CitiFirst Instalment MINI the Applicant is issued with; and
- issue the Applicant with the maximum whole number of CitiFirst Instalment MINIs (rounded up or down as explained in Section 11) which can be issued for the Applicant's nominated investment amount.

Citi will hold all funds received in a trust account (without interest) for the Cash Applicant until all conditions relating to the issue of the CitiFirst Instalment MINIs have been fulfilled and the Trustee becomes the registered holder of the Underlying Shares.

b) Shareholder Applicants

The transfer of a Shareholder Applicant's existing shareholding of Securities represents the First Instalment. As a result, no cash payment is required on application. Shareholder Applicants must transfer that number of Securities (being those that make up the Underlying Shares of a CitiFirst Instalment MINI) to the Trustee equal to the number of CitiFirst Instalment MINIs for which they are applying.

Following Citi's acceptance of a Shareholder Application, Shareholder Applicants will be entitled to be paid the Cashback Amount equal to the amount of the Loan (the Final Instalment).

This Cashback Amount must be applied by the Shareholder Applicant wholly for the purpose of producing assessable income and the Shareholder Application Form includes a declaration for National Credit Code purposes confirming that the Loan will be applied wholly or predominantly for business or investment purposes (other than investment in residential property). If the Shareholder Application specified a Service Fee, the Cashback Amount will be used to pay that Service Fee.

Shareholder Applicants can obtain an indication of their Cashback Amount at any time during the offer period by calling Citi on 1300 30 70 70.

No Shareholder Applications from superannuation funds.

On 16 December 2002, APRA and the ATO issued guidelines indicating that they considered that it was unlawful for trustees of superannuation funds (including trustees of self managed superannuation funds) to use shares owned by the fund as security over the in-built loan portion of an instalment warrant purchase. Accordingly, Citi will not accept Shareholder Applications from trustees of superannuation funds. For further information see Section 4.12 of this PDS.

c) Rollover Applicants

Holders of Rollover Instalments who are Rollover Applicants are not required to pay a cash amount for the First Instalment. However, where the amount of the new Loan in respect of the CitiFirst Instalment MINIs being applied for is less than the Final Payment for the Rollover Instalments, the Rollover Applicant will be required to provide Citi with a cash payment for the shortfall (the **Rollover Payment**) with the Application Form.

Where the amount of the new Loan is greater than the Final Payment for the Rollover Instalments, Rollover Applicants will receive a Cashback Amount back from Citi. Trustees of superannuation funds should seek their own advice in relation to whether they are permitted to receive any Cashback Amount under the Superannuation Industry (Supervision) Act 1993 (Cth) and related regulations. For further information see Section 4.12 of this PDS.

This Cashback Amount must be applied by the Rollover Applicant wholly for the purpose of producing assessable income and the Rollover Application Form includes a declaration for National Credit Code purposes confirming that the Loan will be applied solely for business or investment purposes (other than investment in residential property). If the Rollover Application specified a Service Fee, the Cashback Amount will be used to pay that

Service Fee. To the extent that the Cashback Amount is insufficient to pay that Service Fee and the Rollover Citi Fee in full, the Rollover Applicant will be required to make a further cash payment to Citi for that shortfall.

Rollover Applicants are required to pay the Rollover Citi Fee (details of which are provided in Section 6 of this PDS) as follows:

- If the Rollover Applicant is entitled to receive a Cashback Amount, the Cashback Amount will be used to pay the Rollover Citi Fee. In this case, the Rollover Applicant will receive the balance of the Cashback Amount (after payment of the Rollover Citi Fee and, if the Rollover Application specified a Service Fee, the Service Fee).
- If the Rollover Applicant is entitled to receive a Cashback Amount, but the Cashback Amount is insufficient to pay the Rollover Citi Fee (and, if the Rollover Application specified a Service Fee, the Service Fee) in full, the Cashback Amount will be used to pay part of the Rollover Citi Fee and Service Fee and the Rollover Applicant will be required to pay the balance of the Rollover Citi Fee and Service Fee by cheque, Bpay or direct debit.
- If the Rollover Applicant is required to make a Rollover Payment to Citi, the Rollover Applicant will pay the Rollover Citi Fee and, if the Rollover Application specified a Service Fee, the Service Fee, by cheque, Bpay or direct debit (with the Rollover Payment).

Rollover Applicants can obtain an indication of any Cashback Amount, Rollover Payment and their Rollover Citi Fee at any time during the offer period by calling Citi on 1300 30 70 70.

2.3 CITIFIRST INSTALMENT MINIS ISSUED FOR THE PURPOSES OF INVENTORY AND MARKET MAKING

In addition to the CitiFirst Instalment MINIs that are issued to investors pursuant to the Application Forms accompanying this PDS, CitiFirst Instalment MINIs will also be issued to Calex Nominees Pty Limited, a related party of Citi.

Investors should note that the CitiFirst Instalment MINIs issued to Calex Nominees Pty Limited will be used as inventory for the sale of CitiFirst Instalment MINIs to investors via Cboe and for market making purposes. Citi will act as market-maker. Upon accepting an order from a secondary purchaser, Citi will direct Calex Nominees Pty Limited to transfer a CitiFirst Instalment MINI that it holds to the secondary purchaser. See Section 4.3 of this PDS for some of the risks that exist in relation to market making.

2.4 HOW DO YOU EXERCISE CITIFIRST INSTALMENT MINIS?

Paying the Final Instalment by delivering an Exercise Notice

A Holder may exercise a CitiFirst Instalment MINI at any time prior to the Closing Time on the Maturity Date or the occurrence of a Stop Loss Trigger Event by delivering an Exercise Notice attached to this PDS and paying the Final Instalment (plus any Exercise Costs), which will be used to repay the outstanding amount of the Loan (and, to the extent of any excess, constitutes a fee payable to Citi). The Loan and the Security Interest will then be discharged and the legal title to the Underlying Shares will be transferred from the Trustee to the Holder. A Holder may exercise the CitiFirst Instalment MINI in this way at any time during the life of the CitiFirst Instalment MINI and prior to the occurrence of a Stop Loss Trigger Event, but may not be entitled to any refund of interest or fees if they do so.

You should read the taxation considerations in Section 5 of this PDS for the tax implications of early repayment.

Delivering a Request for Purchase Notice

A Holder may also deliver a Request for Purchase Notice to Citi on or before the Maturity Date requiring Citi to purchase the Underlying Shares on the Maturity Date from the Holder for the Request for Purchase Price (being the greater of the Market Value and the Final Instalment). Those moneys will then be used to discharge the Security Interest by repaying the Loan and paying the Exercise Costs, with the balance of the proceeds of sale going to the Holder. The Request for Purchase Notice forms part of the Exercise Notice.

Investors should note that the Request for Purchase Notice is only effective on the Maturity Date. Holders must deliver the Request for Purchase Notice prior to 12pm Sydney time on the Maturity Date.

Holders may wish to sell their CitiFirst Instalment MINIs on Cboe or offer to sell their CitiFirst Instalment MINIs under an Off Market Redemption Notice, rather than seek to exercise their CitiFirst Instalment MINIs. More information in relation to selling CitiFirst Instalment MINIs is provided in section 1.16 of this PDS.

2.5 EXERCISE NOTICES

A copy of the Exercise Notice is attached to this PDS and must be completed in accordance with the instructions set out on the notice.

Exercise Notices are irrevocable, subject only to no other Exercise Notice being given in respect of the same CitiFirst Instalment MINI. Citi retains certain discretions with respect to the treatment of partially valid Exercise Notices.

If Citi or the Trustee fail to perform any of their obligations upon delivery of a valid Exercise Notice, the Holder may give a default notice to Citi and Citi must within 10 Business Days after the date on which it receives such notice, pay to the Holder by cheque a liquidated damages amount.

Following delivery of a valid Exercise Notice, if the Holder has paid the Final Instalment (plus any Exercise Costs) and the Trustee fails to arrange delivery of the Underlying Shares to the Holder, the liquidated damages amount will be determined as follows:

$$\text{LDA} = 1.1 \times \text{Market Value of Underlying Shares}$$

In these circumstances, the Market Value of the Underlying Shares is the Weighted Average Sale Price of the Underlying Shares on the ASX on the 5 ASX Trading Days following the date the Exercise Notice was given.

If the Holder delivers a Request for Purchase Notice and Citi fails to distribute the amount of the Request for Purchase Price in accordance with the Order of Payment, the liquidated damages amount will be determined as follows:

$$\text{LDA} = (1.1 \times \text{Request for Purchase Price}) - (\text{Final Instalment} + \text{Exercise Costs})$$

Once the liquidated damages amount is paid by Citi, the relevant CitiFirst Instalment MINI shall be cancelled, the beneficial interest of the Holder in respect of the Underlying Share will be extinguished and Citi and the Trustee will have no further obligations to the Holder.

2.6 ROLLOVER

A Holder may also be able to “rollover” their holding of CitiFirst Instalment MINIs into future instalment warrant products issued by Citi. Holders will be advised by Citi if a further series of instalment warrant products will be available for rollover.

2.7 WHAT HAPPENS IF I DO NOT EXERCISE?

If a Holder fails to exercise the CitiFirst Instalment MINI by Closing Time on the Maturity Date, the Underlying Shares may be sold by Citi pursuant to Citi's power of sale. The proceeds of sale will be used to discharge the Security Interest by repaying the Loan and paying other Exercise Costs in accordance with the Order of Payment. However, where the Intrinsic Value of the CitiFirst Instalment MINI is equal to or greater than 5% of the Final Instalment then the disposal proceeds shall be paid in accordance with the Revised Order of Payment. Any payment due to the former Holder in accordance with the Order of Payment (or the Revised Order of Payment, as applicable) will be made within 10 Business Days of calculating that payment.

SECTION 3 – THE UNDERLYING SHARES

3.1 INTRODUCTION

The Underlying Shares are Securities admitted to trading on the ASX. This includes both ordinary shares in the capital of companies, units of listed trusts (which may include exchange traded funds), CDIs (which may include interests in exchange traded funds) and stapled securities. Stapled securities consist of two or more securities that are quoted and traded as if they were a single security (for example, a stapled security may consist of a unit in a listed trust stapled to a share in a company).

The Entities which issue the Underlying Shares are subject to the continuous disclosure requirements imposed by ASX and by the Corporations Act. The issuers of foreign securities are also registered as foreign bodies under the Corporations Act and subject to the continuous disclosure obligations imposed by ASX on foreign issuers and by any continuous disclosure obligations applying in their home jurisdiction.

The ASX codes in respect of the Underlying Shares or the Entities which issue the Underlying Shares appear in the Summary Table as the first three letters of the Cboe code for a particular Series of CitiFirst Instalment MINIs.

Investors should understand that where the Underlying Parcels are admitted to trading on more than one exchange, under the Terms of Issue the market price of the Underlying Parcels will always be determined by reference to the market price of the Underlying Parcel on ASX and will never be determined by reference to the market price of the Underlying Parcel on any other exchange (such as Cboe).

Information (including historical data and trading information) about these Entities and the Underlying Shares can be obtained from a variety of sources including ASX, the Entities themselves, brokers and investment advisers and the issuers of foreign securities. Information may also be found on the websites of the Entities, the ASX website and related sites.

Citi takes no responsibility and accepts no liability for, and makes no representation or warranty (whether express or implied) as to the accuracy or completeness of any information obtained by an investor about an Entity or an Underlying Share or the issuers of foreign securities. Investors should make their own inquiries and where appropriate, obtain advice in relation to any investment decisions.

The initial Underlying Parcel for each Series of CitiFirst Instalment MINIs is one Underlying Share. During the investment term of the CitiFirst Instalment MINI, however, this may be adjusted to take into account corporate actions that may affect the Securities that comprise the Underlying Parcel.

3.2 VARIATION TO FINAL INSTALMENT AND UNDERLYING SHARES AS A RESULT OF A CORPORATE ACTION

The Final Instalment and the Underlying Shares may be varied in accordance with the Terms of Issue in the event of various corporate actions by the Entity which issued the relevant Underlying Shares. The effect of each corporate action is set out below.

If the application of these provisions is inappropriate in particular circumstances, Citi may, with the consent of Cboe, adopt an alternative treatment to preserve the interests and economic position of Holders under the CitiFirst Instalment MINIs.

In relation to corporate actions such as bonus issues, rights issues and capital reconstructions, CDI holders will generally receive equal treatment to that of holders of foreign securities because under the ASX Settlement Operating Rules, all economic benefits such as dividends, bonus issues, rights issues or similar corporate actions must flow through to the CDI holders as if they were the holders of the corresponding foreign securities.

TAKEOVER BID

If the Securities that comprise the Underlying Parcels are subject to a Takeover Bid each Holder directs the Trustee not to accept any offer in respect of the Securities that comprise the Underlying Parcels.

If Citi has not declared an Extraordinary Event in respect of a Takeover Bid and the Takeover Bid proceeds to compulsory acquisition, the following will apply:

- 1 the Trustee will direct a Qualified Sale Agent to sell any security, asset or right (other than cash) received in consideration for the acquired Securities comprising the Underlying Parcels;

- 2 the Trustee will apply the net proceeds of the sale or cash receipts in accordance with the Order of Payment; and
- 3 the CitiFirst Instalment MINIs corresponding to the Underlying Parcels the subject of the compulsory acquisition shall be cancelled.

SCHEME

If a Scheme occurs and Citi has not declared an Extraordinary Event, the following will apply:

- 1 the Trustee will direct a Qualified Sale Agent to sell any security, asset or right (other than cash) received in consideration for the acquired Securities comprising the Underlying Parcels;
- 2 the Trustee will apply the net proceeds of the sale or cash receipts in accordance with the Order of Payment; and
- 3 the CitiFirst Instalment MINIs corresponding to the Underlying Parcels the subject of the compulsory acquisition, shall be cancelled.

ENTITLEMENTS OFFER

Under the terms of the Instalment Warrant Deed, if an Entity makes an Entitlements Offer in respect of Securities comprising an Underlying Parcel, the Trustee is not obliged to respond in any way to the Entitlements Offer nor to notify the Holders of that offer.

However, if it chooses to do so, the Trustee may take such reasonable action as is prudent to confer the benefit of that Entitlements Offer on Holders.

RECONSTRUCTIONS

Under the terms of the Instalment Warrant Deed, if an Underlying Parcel is the subject of a reconstruction, the Underlying Parcel will be adjusted thereafter to comprise the Securities issued in substitution for the prior Underlying Parcel. The Final Instalment will not change.

CAPITAL REDUCTIONS

Under the terms of the Instalment Warrant Deed, if an Entity reduces its share capital without making a capital distribution or cancelling any Securities comprising an Underlying Parcel, neither the Trustee nor Citi is obliged to take any action.

However, if as a result of a capital reduction an Entity makes a capital distribution a Qualified Sale Agent will be appointed to sell any non-cash distribution and the net proceeds of the sale or cash distribution will be applied in accordance with the Order of Payment. In this case the proceeds retained by Citi may in Citi's absolute discretion be utilised to reduce the Final Instalment. If Citi exercises its discretion to apply the capital reduction proceeds to reduce the Final Instalment, the Final Instalment and the Stop Loss Trigger Level will both be reduced by the amount of the capital reduction on the date that the Underlying Share commences trading ex the capital reduction. Where the Entity also cancels some or all of the Securities comprising an Underlying Parcel, there shall be a corresponding cancellation of the relevant CitiFirst Instalment MINIs and Underlying Parcels.

BONUS ISSUES

Under the terms of the Instalment Warrant Deed, where an Entity makes a Bonus Issue of securities identical to the Securities comprising the Underlying Parcel, the Holder will irrevocably make an offer for the maximum whole number of CitiFirst Instalment MINIs as can be issued with those additional Securities as Underlying Parcels. Citi may accept all or none of such applications. If there is another type of Bonus Issue or Citi does not accept a Holder's application for additional CitiFirst Instalment MINIs, the Holder irrevocably instructs the Trustee to direct a Qualified Sale Agent to sell any Security forming part of the Bonus Issue and the net proceeds could either be used to reduce the Holder's Final Instalment or be distributed to investors.

Any bonus CitiFirst Instalment MINIs issued by Citi will be registered and subject to the same terms as all other CitiFirst Instalment MINIs. The amount of the Final Instalment will be reduced, and all other terms of the Loan will be adjusted on a pro rata basis having regard to the increased number of CitiFirst Instalment MINIs.

SHARE BUY-BACKS

Under the terms of the Instalment Warrant Deed, if an Entity makes a Buy-Back Offer in relation to all or any of its Securities before the Maturity Date:

- 1 the Trustee will reject that Buy-Back Offer and will not be required to notify any Holder of the Buy-Back Offer; and
- 2 Citi may nominate an Extraordinary Event.

OTHER CORPORATE EVENTS

Under the terms of the Instalment Warrant Deed, if an Entity or a third party takes action in respect of the capital of an Entity or Underlying Parcel other than as set out above, Citi may, with the consent of Cboe, determine the appropriate reasonable action to be taken in respect of the relevant CitiFirst Instalment MINIs.

3.3 VARIATION TO FINAL INSTALMENT AND STOP LOSS TRIGGER LEVEL AS A RESULT OF THE APPLICATION OF DIVIDENDS AND SPECIAL DIVIDENDS

For Series where the Self Funding Feature applies:

- 1 adjustment of the Final Instalment and the Stop Loss Trigger Level may also take place in circumstances where an Entity declares a Dividend or a Special Dividend; and
- 2 the Holder irrevocably directs the Trustee to transfer the amount of the Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) to Citi to pay down the Loan Amount and to reduce the Final Instalment.

For Series where the Self Funding Feature does not apply:

- 1 adjustment of the Final Instalment may also take place in circumstances where an Entity declares a Special Dividend and Citi exercises its discretion to require the Special Dividend to be applied to reduce the Loan; and
- 2 if a Special Dividend is paid by an Entity in respect of an Underlying Share, Citi may direct that the Special Dividend be paid to Citi and be used by Citi to reduce the Loan and the Final Instalment in respect of the particular Series of CitiFirst Instalment MINIs to which the Special Dividend relates. If Citi determines to make such a direction, the Final Instalment and the Stop Loss Trigger Level will both be reduced by the amount of the Special Dividend on the date that the Underlying Share commences trading ex the Special Dividend.

3.4 BUYBACK AND CANCELLATION OF CITIFIRST INSTALMENT MINIS

Citi may buy-back CitiFirst Instalment MINIs and become the holder of CitiFirst Instalment MINIs, which shall not be deemed to lapse or be cancelled on buy-back unless Citi cancels the CitiFirst Instalment MINI.

Citi may cancel the CitiFirst Instalment MINI if Citi is the holder of the CitiFirst Instalment MINI.

Citi and its related bodies corporate and officers are not prohibited from holding CitiFirst Instalment MINIs, entering into financial transactions with any Holder, or acquiring Underlying Shares nor are any such persons liable to account to Holders for profits or benefits derived as a result of those activities or other such business activities.

3.5 VOTING THE UNDERLYING SHARES

The terms of the Instalment Warrant Deed provide that Holders irrevocably direct the Trustee, as legal holder of the Securities that comprise the Underlying Shares, not to vote in respect of any of those Securities at any meetings of members or Security holders. The Instalment Warrant Deed also provides that the Trustee is not required to send to any Holder any notice of meeting, annual report or similar documents distributed by an Entity.

3.6 DIVIDEND REINVESTMENT PLANS

Under the terms of the Instalment Warrant Deed, each Holder instructs the Trustee not to participate in any dividend reinvestment plan or other arrangement for the reinvestment or receipt of benefits in lieu of Dividends.

SECTION 4 – RISK FACTORS

SUBSCRIPTION FOR, OR THE PURCHASE OF, THE CITIFIRST INSTALMENT MINIS IS CONSIDERED BY CITI TO BE SUITABLE ONLY FOR INVESTORS WITH EXPERIENCE IN, OR ON THE ADVICE OF PROFESSIONAL ADVISERS WITH EXPERIENCE IN, DERIVATIVE TRANSACTIONS. POTENTIAL INVESTORS SHOULD REACH AN INVESTMENT DECISION ONLY AFTER CAREFULLY CONSIDERING, WITH THEIR ADVISERS, THE SUITABILITY OF THE CITIFIRST INSTALMENT MINIS IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES, TAKING INTO ACCOUNT THE RISK FACTORS RELATING TO THE CITIFIRST INSTALMENT MINIS SET OUT BELOW.

4.1 FACTORS AFFECTING THE VALUE OF CITIFIRST INSTALMENT MINIS

The value at which a CitiFirst Instalment MINI may be bought or sold on Cboe is expected to be dependent upon such factors as the price at which the Underlying Shares are trading on ASX and the amount of the Final Instalment.

Investment in CitiFirst Instalment MINIs is speculative. The price of the CitiFirst Instalment MINIs fluctuates throughout the term and on any future date may be significantly less than the First Instalment that you paid to acquire it and CitiFirst Instalment MINIs may expire worthless. This means that Holders may either lose money or sustain a total loss on their investment.

Investors should note that the CitiFirst Instalment MINIs will terminate following the occurrence of a Stop Loss Trigger Event. Holders should understand that the Stop Loss Amount may be less than the price they paid to acquire the CitiFirst Instalment MINI. See Section 1.19 for more information.

Investors should understand the differences between an investment in a CitiFirst Instalment MINI and a direct investment in an Underlying Share including in relation to risk and leverage and potential returns. These differences include that a Holder has no voting rights in relation to the Underlying Shares and is not entitled to receive any notices of meeting or attend any general meetings of holders of Underlying Shares and will not be able to participate directly in relation to any corporate actions regarding the Underlying Shares (except as explained in section 3).

While it is expected that a change in the Underlying Parcel Price will result in the same change to the First Instalment due to the expected one for one participation in the movement of the Underlying Parcel Price (or expected delta one exposure), such a delta one exposure is not guaranteed and there may be variations in the First Instalment which do not track variations in the Underlying Parcel Price on a one for one basis.

4.2 STOP LOSS TRIGGER EVENT

If a Stop Loss Trigger Event occurs, trading in the relevant CitiFirst Instalment MINI will halt and then trading will resume temporarily from 2pm on the Cboe Trading Day after the Stop Loss Trigger Event occurs until the Stop Loss Trading Close. The relevant CitiFirst Instalment MINI will terminate and Citi will pay the Holder the Stop Loss Amount within 10 Business Days of the Stop Loss Termination Valuation Date.

If a Stop Loss Trigger Event occurs, investors may receive less than the First Instalment they paid to acquire the CitiFirst Instalment MINI and could lose their entire investment.

While the stop loss trigger feature and the limited recourse nature of the leverage in a CitiFirst Instalment MINI ensure that the value of a CitiFirst Instalment MINI cannot be negative, potential investors should note an investment in a CitiFirst Instalment MINI may cause an investor to lose more of their investment than would be the case in a direct investment in the Underlying Parcel, including an investment which gave an entitlement to any Dividends paid on the Underlying Parcel.

If a Market Disruption Event occurs, the occurrence of a Stop Loss Trigger Event may be delayed or deferred.

4.3 POSSIBLE ILLIQUIDITY OF TRADING MARKET

Investors should be aware that there is no firm indication as to how the CitiFirst Instalment MINIs or the Underlying Shares will trade in the secondary market. Nor is there any guarantee as to the size or liquidity of that market.

Citi is a Cboe participant and will conduct market making activities in relation to the CitiFirst Instalment MINIs by the provision of bids and offers made in a spread around the prevailing market price to help ensure liquidity in the market for the CitiFirst Instalment MINIs.

However, there are no spread obligations applied to the market making requirements. The quality of market making will depend on competitive pressures. In times of extreme volatility the ability of market makers to maintain a market will be put under stress. Investors should be aware that in these situations, the presence of quotes suitable to your particular requirements in the market cannot always be assured.

Holders may offer to sell their CitiFirst Instalment MINIs to Citi using the Off Market Redemption Notice at any time prior to the occurrence of a Stop Loss Trigger Event or the Closing Time on the Maturity Date. Investors should understand that there is no guarantee that an offer by a Holder to sell their CitiFirst Instalment MINIs under an Off Market Redemption Notice will be accepted or, if it is accepted, that the Off Market Redemption Price will be more than the sale price the Holder could have achieved if they had sold their CitiFirst Instalment MINIs on Cboe. If it is accepted, the Holder may not receive the Off Market Redemption Price until 10 Business Days after the Off Market Redemption Trading Day. The Off Market Redemption Price will be determined by Citi in its absolute discretion, but cannot be less than the lowest Market Price for Sale CitiFirst Instalment MINIs on the Off Market Redemption Trading Day, and is net of the Off Market Redemption Fee.

4.4 GEARED PRODUCTS

The Loan provides leverage, which has the potential to magnify losses (as well as gains) in relation to the CitiFirst Instalment MINIs and gives rise to gearing costs, including the Daily Funding Amounts where a CitiFirst Instalment MINI is held overnight.

The Interest Rate is variable and will be determined from time to time having regard to the cost of funds and the risks associated with the Underlying Shares plus a margin.

As at the date of this PDS, the CitiFirst Instalment MINIs are geared to 50% to 80% of the Underlying Share price, but the level of gearing in relation to CitiFirst Instalment MINIs will vary over time.

Investors should be aware that an investment in CitiFirst Instalment MINIs may increase or decrease in value at a greater rate than an investment in the Underlying Shares.

4.5 DAILY FUNDING AMOUNT

If a Holder chooses to hold their CitiFirst Instalment MINI beyond the day on which it was acquired:

- a Daily Funding Amount will be added to the Final Instalment of the CitiFirst Instalment MINI, which (all other things being equal) may cause the CitiFirst Instalment MINI to decline in value; and
- Citi has an absolute discretion in setting the Interest Rate and thereby, the Daily Funding Amount. Citi may exercise its discretion to increase (including substantially increase) the Interest Rate of any or all CitiFirst Instalment MINIs and thereby change the Daily Funding Amounts for any Series of CitiFirst Instalment MINIs.

The daily addition of the Daily Funding Amount to the Final Instalment and any changes to the Daily Funding Amount may lead to daily changes in the value of the CitiFirst Instalment MINIs.

4.6 GENERAL MARKET RISKS

General movement in local and international stock markets, prevailing and anticipated economic conditions and interest rates, investor sentiment and general economic conditions could all affect the market price of CitiFirst Instalment MINIs (in the same way that they affect other investments).

Investors are warned that the price of CitiFirst Instalment MINIs may fall in value as rapidly as it may rise and Holders may sustain a total loss of their investment. Prospective investors should therefore ensure that they understand the nature of CitiFirst Instalment MINIs and carefully study the risk factors set out in this PDS before they invest in CitiFirst Instalment MINIs.

4.7 INVESTMENT DECISIONS

The information in this PDS is intended to provide investors and their professional advisers with the information they would reasonably require and reasonably expect to find for the purpose of making an informed assessment of whether to acquire a CitiFirst Instalment MINI and the capacity of Citi to fulfil its obligations under CitiFirst Instalment MINIs and the risks, rights and obligations associated with CitiFirst Instalment MINIs. It is impossible in a document of this type to take into account the investment objectives, financial situation and particular needs of each investor. Accordingly, nothing in

this PDS should be construed as a recommendation by Citi or any associate of Citi or any other person concerning investment in CitiFirst Instalment MINIs. The past performance of a CitiFirst Instalment MINI or an Underlying Share is not a likely indicator of their future performance, including in relation to the amount and frequency of any Dividends on the Underlying Shares.

Readers should not rely on this PDS other than in respect of those matters referred to above, and should not rely on it as the sole basis for any investment decision in relation to CitiFirst Instalment MINIs, or any other Security.

4.8 EXERCISE OF DISCRETION BY CITI

Investors should note that a number of provisions of the Instalment Warrant Deed confer discretions on Citi which could affect the value of CitiFirst Instalment MINIs. These include the powers to determine that a Stop Loss Trigger Event has occurred and to declare an Extraordinary Event and the rights to reset the Stop Loss Trigger Level on a Stop Loss Reset Date, to determine the Interest Rate and the Daily Funding Amount from time to time and to adjust the Underlying Shares or the Final Instalment upon the occurrence of certain corporate events.

Holders do not have the power to direct Citi concerning the exercise of any discretion. However, in relation to many of these discretions, Citi may only exercise those discretions with the consent of Cboe.

The fact that CitiFirst Instalment MINIs may become significantly less valuable over their term and in certain circumstances automatically terminate or expire worthless, means that a Holder of CitiFirst Instalment MINIs may lose some or all of the purchase price paid for the CitiFirst Instalment MINIs.

4.9 EXTRAORDINARY EVENTS

If the Underlying Shares are subject to a compulsory acquisition notice (in either a takeover or scheme of arrangement context), are withdrawn from quotation, are suspended, are the subject of a Buy-Back Offer, or if the CitiFirst Instalment MINIs are withdrawn from admission to quotation or suspended, or a Trust Tax Change occurs (or is expected to occur), Citi may with the consent of Cboe declare such an event to be an Extraordinary Event. Investors should note that the occurrence of a Stop Loss Trigger Event is not, of itself, an Extraordinary Event.

In such circumstances Citi may fix an earlier Maturity Date, or in respect of a Trust Tax Change terminate the trust relationship governed by the Instalment Warrant Deed. Citi shall give written notice to each Holder within 10 Business Days of declaring an Extraordinary Event.

4.10 LEGISLATIVE RISKS

A number of risks may exist and impact on a Holder of a CitiFirst Instalment MINI as a result of Australian legislation, including taxation law.

The acquisition and/or exercise of a CitiFirst Instalment MINI may have implications for Holders under Chapter 6 of the Corporations Act, in particular those provisions that relate to an acquisition by a person of shares or other securities that would give rise to a relevant interest (as defined in the Corporations Act).

The issues raised by Chapter 6 of the Corporations Act in the context of warrants are complex and are dependant on individual circumstances and the interpretation of the law in this area. Holders should obtain their own legal advice on this issue.

The acquisition and/or exercise of a CitiFirst Instalment MINI may also have implications for certain Holders under the provisions of the Foreign Acquisitions and Takeovers Act 1975 (Cth). Prospective Holders should seek independent legal advice on these matters.

4.11 TAX CHANGES

Section 5 of this PDS contains a taxation summary based on current Australian taxation laws. Prospective Holders should read this carefully and also monitor any taxation changes.

4.12 SUPERANNUATION FUNDS

Superannuation entities, such as regulated superannuation funds and trustees of approved deposit funds and pooled superannuation trusts, are subject to restrictions on entering into borrowing arrangements and on the types of investments that can be made.

The Australian Prudential Regulation Authority and the Australian Taxation Office have released guidelines dated 16 December 2002 which provide that superannuation funds are not permitted, under the terms of the Superannuation Industry (Supervision) Act 1993 (Cth) and related regulations, to invest in CitiFirst Instalment MINIs by way of a Shareholder Application. The guidelines also contain information for trustees and superannuation entities as to the matters that should be considered by these entities before any decision is made to invest in CitiFirst Instalment MINIs.

On 24 September 2007, amendments to the Superannuation Industry (Supervision) Act 1993 (Cth) took effect to allow superannuation funds to invest in instalment warrants of a limited recourse nature over any asset a fund would be permitted to invest in directly. These amendments, however, do not extend to allow superannuation funds to transfer existing security holdings in application for instalment warrants.

Any trustees or superannuation entities considering an investment in CitiFirst Instalment MINIs should obtain their own advice as to whether CitiFirst Instalment MINIs are an appropriate and permissible investment, including on any rollover of a Rollover Instalment.

Citi makes no representation or warranty, express or implied, that trustees or superannuation entities may invest in CitiFirst Instalment MINIs under the terms of the Superannuation Industry (Supervision) Act 1993 (Cth) and related regulations.

In addition, Shareholder Applicants represent and warrant that the Shareholder Application is not being made by or on behalf of a superannuation fund or entity.

In particular, superannuation entities must provide to Citi a TFN or ABN (otherwise their Application will not be accepted), to ensure no Equalisation Amounts are withheld if Citi determines to apply Special Dividends to reduce the Final Instalment, where such withholdings could be prohibited borrowings for the purposes of section 67 of the Superannuation Industry (Supervision) Act 1993 (Cth).

4.13 COMPENSATION

Retail clients who suffer loss as a result of misappropriation of money or property or fraudulent misuse of money, property or authority by a Cboe participant may be eligible to make a claim under one of the two compensation arrangements in place at Cboe: National Guarantee Fund (**NGF**) arrangements or Division 3 arrangements.

On 26 October 2020, Cboe became a member of the Securities Exchanges Guarantee Corporation (**SEGC**), which operates the NGF, and so from that date NGF arrangements apply to trading on Cboe in the circumstances set out on the SEGC's website at www.segc.com.au.

Where a retail investor suffers a loss in respect of conduct, a transaction or insolvency that occurred before 26 October 2020, that loss may be covered by the Division 3 compensation arrangements. Rule 11 of the Operating Rules outlines the Division 3 compensation arrangements.

4.14 POTENTIAL CONFLICTS OF INTEREST

Companies in the Citigroup Inc. group of companies and Citi itself may, in their absolute discretion, buy and sell CitiFirst Instalment MINIs, Securities and other financial products relating to CitiFirst Instalment MINIs or the Securities, either as principal or agent. This trading may impact positively or negatively on the price at which CitiFirst Instalment MINIs trade on Cboe.

In addition, companies in the Citigroup Inc. group of companies and Citi itself may have material price sensitive information relating to the Underlying Shares, where the individuals conducting market making activities in relation to CitiFirst Instalment MINIs are prevented from knowing or taking into account such information by reason of information barriers. Citi may have a potential conflict of interest of which you are not aware and which it is unable to disclose to you.

The rights of Holders against Citi are set out in the Instalment Warrant Deed. Citi is not in a fiduciary relationship with Holders. Any profits earned and losses incurred by Citi in its trading activities in CitiFirst Instalment MINIs will accrue entirely to it independent of Citi's obligations to Holders.

4.15 SUSPENSION OF TRADING IN CITIFIRST INSTALMENT MINIS

Trading of CitiFirst Instalment MINIs on the market conducted by Cboe may be halted or suspended by Cboe. This may occur whenever Cboe deems such action appropriate having regard to protection of investors and to ensure a fair, orderly and transparent market in CitiFirst Instalment MINIs. Matters that may be considered by Cboe also include circumstances where Citi becomes unable or unwilling or fails to comply with the ASIC Market Integrity Rules or the Operating Rules or if Cboe in its absolute discretion thinks fit.

Except where it is determined to be an Extraordinary Event, the CitiFirst Instalment MINIs will continue to exist notwithstanding any delisting, withdrawal of quotation or suspension of the CitiFirst Instalment MINIs from Cboe.

4.16 CREDIT AND COUNTERPARTY RISK OF CITI

The value of the CitiFirst Instalment MINIs depends on, among other things, the ability of Citi to perform its obligations in accordance with the Instalment Warrant Deed and the Terms of Issue.

If you invest in CitiFirst Instalment MINIs, you will be exposed to counterparty risk and credit risk of (and the credit worthiness of) Citi. You should be aware that between the date of the PDS and the date on which you acquire CitiFirst Instalment MINIs, Citi's financial position may change and it may undertake corporate actions that may detrimentally affect its credit worthiness.

Citi's obligations in relation to CitiFirst Instalment MINIs are not guaranteed and are unsecured and will rank equally with its other unsecured obligations. More information in relation to Citi is provided in Section 7 of this PDS.

4.17 APPLICATIONS

Investors may call Citi on 1300 30 70 70 before submitting your Application Form to obtain an indication of the amounts of the First Instalment, Final Instalment and Rollover Citi Fee (as applicable) for the CitiFirst Instalment MINIs you intend to apply for. Please note that the actual amounts payable by you in relation to your Application may differ from the indicative amounts given to you by phone by Citi.

4.18 VOLATILITY OF THE UNDERLYING SHARES

Past performance of the Underlying Shares is not necessarily a guide to their future performance. Movements in the Underlying Shares can be volatile and vary considerably during the term that you hold your investment in the CitiFirst Instalment MINIs.

4.19 REDUCTION OF THE LOAN AND FINAL INSTALMENT

For Series where the Self Funding Feature applies, it is intended that the Final Instalment will be reduced by the amount of Dividends and Special Dividends (subject to any deduction for tax and closely held trust obligations) paid in a given year.

However, Investors should be aware that Dividends (and any Special Dividends) may not always be declared in any given year, in which case the Final Instalment will not be reduced. Even when Dividends or Special Dividends are declared they may not be equal to or greater than the Daily Funding Amounts over the same period in which case your Loan Amount will increase resulting in a decrease in the value of your CitiFirst Instalment MINIs.

SECTION 5 – TAXATION CONSIDERATIONS

This section is intended only as a general summary of some of the taxation consequences arising for potential Holders who are Australian resident taxpayers including individuals, companies and complying superannuation funds who hold CitiFirst Instalment MINIs on capital account (ie not on revenue account or as trading stock) for tax purposes. Whether CitiFirst Instalment MINIs are held on capital account or revenue account will depend on the Holder's individual circumstances. (For example, Holders who acquire CitiFirst Instalment MINIs for the purpose of exercising them and holding the Underlying Parcel for long term investment will generally hold CitiFirst Instalment MINIs on capital account. In contrast, Holders who acquire CitiFirst Instalment MINIs in the ordinary course of their business or, for the purpose of disposing of them at a profit, will generally hold them on revenue account).

This section is necessarily general in nature and does not take into account the specific taxation circumstances of each potential Holder. Potential Holders should not rely on this section and should obtain specific taxation advice referable to their own circumstances prior to making any investment decision.

Except as specifically indicated below, this section is based on law and Australian Taxation Office (**ATO**) practice that is current as at the date of this PDS. Potential Holders should seek their own advice on any changes in the law or administrative interpretation after the date of this PDS which may affect the tax consequences of investing in CitiFirst Instalment MINIs.

The Taxation of Financial Arrangements (**TOFA**) regime applies on a mandatory basis from 1 July 2010 for qualifying taxpayers and financial arrangements. Where it applies, the TOFA regime may impact on the tax character and tax timing of gains and losses arising from those financial arrangements. However, exceptions to the TOFA regime would be expected to apply to most retail investors. Investors who are subject to the TOFA regime, or who are considering electing into the TOFA regime, are advised to obtain independent tax advice as to its potential impact upon the taxation consequences discussed in this section.

This section does not cover the taxation consequences of extraordinary events occurring in relation to the Underlying Shares, including Special Dividends, Corporate Actions, Takeover Bids and reconstructions of the CitiFirst Instalment MINIs.

Finally, the comments below are premised on the basis that, notwithstanding that the Underlying Shares are held on trust by the Trustee, the Holder is effectively treated as holding the Underlying Shares for capital gains tax purposes. The ATO has released a draft public ruling (TR 2004/D25) which casts some doubt as to whether this will be the case for Holders in all circumstances. However, the ATO has accepted in product rulings that holders under other instalment warrants are effectively treated as holding the Underlying Shares for capital gains tax purposes. Submissions have been made to the ATO seeking clarification on this issue generally, but certainty as to the ATO approach will only be achieved when a final ruling is issued.

5.1 ACQUIRING YOUR CITIFIRST INSTALMENT MINIS

a) Issue of CitiFirst Instalment MINIs

Applying for and being issued CitiFirst Instalment MINIs does not give rise to any immediate tax consequences for a Holder (for example, a Holder cannot deduct any amount for acquiring the CitiFirst Instalment MINIs). Rather, the Holder should generally be treated as acquiring two assets for capital gains tax (**CGT**) purposes, being the beneficial interest in the Underlying Shares and the right to deliver a Request for Purchase Notice. However, Citi has confirmed that the right to deliver a Request for Purchase Notice has no market value separate to the CitiFirst Instalment MINIs. Accordingly, no further CGT consequences should arise for these Holders in relation to that right.

Acquiring CitiFirst Instalment MINIs establishes the cost base for a Holder's beneficial interest in the Underlying Shares. The cost base will be relevant to the CGT consequences for the Holder when the CitiFirst Instalment MINIs are sold, exercised, terminated, expire, the Holder sells the Underlying Parcel pursuant to a Request for Purchase Notice or if Citi exercises its power of sale under the Security Interest. The Holder's cost base for their beneficial interest in the Underlying Shares will include:

- for Cash Applicants, the First Instalment and the amount of the Loan applied to purchase the Underlying Shares.
- for Shareholder Applicants, the Holder's existing cost base for the Underlying Shares.
- for Rollover Applicants, the Holder's existing cost base for the beneficial interest in the Underlying Shares of the Rollover Instalment plus the Rollover Citi Fee. That cost base would not be affected by payments made to Citi or received from Citi in respect of the Loan.

For Cash Applicants, Shareholder Applicants and Rollover Applicants, the Holders' cost base of the Underlying Shares will also include any amount deemed to be incurred for a put option (see below) if the right to deliver a Request for Purchase Notice is ultimately exercised.

Depending on the circumstances, an amount may be treated under s.247-20 of the Income Tax Assessment Act 1997 (the "capital protected borrowing provisions") as being incurred for a put option. Broadly, this will be the case if the interest charged on the Loan exceeds interest computed using the average of the benchmark rate over the period of the Loan. The benchmark rate is the Reserve Bank of Australia's Indicator Rate for Standard Variable Housing Loans plus 1% (the **Current Benchmark Rate**).

If a Holder pays any Service Fee, as the fee is paid for the services of a broker or consultant in respect of acquiring the CitiFirst Instalment MINIs, the Service Fee should be added to the Holder's cost base for their beneficial interest in the Underlying Shares as incidental costs of acquiring the beneficial interest in the Underlying Shares arising under the CitiFirst Instalment MINIs.

b) Purchasing your CitiFirst Instalment MINIs on Cboe

Purchasing CitiFirst Instalment MINIs on Cboe gives rise to similar consequences to those for a Cash Applicant. That is, purchasing the CitiFirst Instalment MINIs establishes the cost base for the Holder's beneficial interest in the Underlying Shares and the right to deliver a Request for Purchase Notice.

The cost base of the Underlying Shares will be relevant to the CGT consequences for the Holder when the CitiFirst Instalment MINIs are sold, exercised, terminated, expire, the Holder sells the Underlying Shares pursuant to a right to deliver a Request for Purchase Notice or if Citi exercises its power of sale under the Security Interest. The Holder's cost base for their beneficial interest in the Underlying Shares will include the purchase price of the CitiFirst Instalment MINI, any brokerage and the amount of the Holder's Loan that is applied to repay the transferring of the Holder's Loan.

Citi has confirmed that the right to deliver a Request for Purchase Notice has no market value separate to the CitiFirst Instalment MINIs. Accordingly, no further CGT consequences should arise for these Holders in relation to that right.

Depending on the circumstances, an amount may be treated under s.247-20 of the capital protected borrowing provisions as being incurred for a put option. Broadly, this will be the case if the interest charged on the Loan exceeds interest computed using the average of the benchmark rate over the period of the Loan (see 5.1.1 above).

5.2 HOLDING YOUR CITIFIRST INSTALMENT MINIS

a) Interest deductibility

Taxpayers are generally entitled to deductions for interest on borrowed funds that are used for income producing purposes such as acquiring income producing assets like Australian shares.

The Loan to Cash Applicants and Holders who acquire CitiFirst Instalment MINIs on Cboe is applied to acquire a beneficial interest in the Underlying Shares. Those Securities typically produce dividends and/or distributions which are included in the assessable income of the Holder. Accordingly, subject to the comments below, if the CitiFirst Instalment MINIs are acquired by a Holder for the purpose of deriving assessable dividends and/or distributions, then interest on the Loan should be deductible to the Holder. Also, interest on the Loan should be deductible for:

- Shareholder Applicants provided that the borrowed funds are used wholly for income producing purposes; and
- Rollover Applicants provided that, if the Loan exceeds the total of the Final Payment on the Rollover Instalment, then the excess is used wholly for income producing purposes.

Interest on the Loan will not be deductible if incurred by the Holder solely for the purpose of deriving capital gains.

Some part of the Daily Funding Amount may be denied deductibility if it is treated under the capital protected borrowing provisions as being incurred for a put option (see 5.1.1 and 5.1.2).

Depending on the Holder's personal circumstances, there remains a residual risk that some part of the Daily Funding Amount may be denied deductibility if the Daily Funding Amount for a particular income year exceeds the assessable amount of dividends or distributions, grossed up for any franking tax offsets, paid in respect of the Underlying Shares.

Finally, no part of the Daily Funding Amount should be denied deductibility under the general deduction provisions on the basis that any part of the Daily Funding Amount should be characterised as being paid for the grant of the right to deliver a Request for Purchase Notice (as Citi has confirmed that this right has no market value separate to the CitiFirst Instalment MINIs).

b) Distributions on the Underlying Parcel

Under the terms of the CitiFirst Instalment MINIs and the relevant Instalment Warrant Deed, Holders are presently entitled to income from the Underlying Shares regardless of whether they are applied to reduce the Loan and Final Instalment. The tax consequences to the Holder depend on whether the Underlying Shares comprise a share or a unit in a trust.

i. Dividends

A Holder's assessable income will include dividends paid on the Underlying Shares where the Security is a share in a company. A Holder's assessable income will also include the amount of any franking tax offsets on those dividends, but the Holder would generally be entitled to tax offsets equal to the amount of the franking tax offsets. Broadly, under the franking provisions, only Holders with marginal tax rates above 30% will effectively pay additional tax on franked dividends. If a Holder's marginal tax rate is less than 30% then certain Holders, including individuals and superannuation funds, will be entitled to a refund of the amount of the excess franking tax offsets.

However, a Holder's entitlement to franking tax offsets can be affected by complex "franking credit trading" provisions. These provisions are designed to ensure that a Holder is only entitled to franking tax offsets if the Holder has sufficient economic exposure to the Underlying Shares. A Holder's right to deliver a Request to Purchase Notice on Maturity and the Holder's right to receive a Stop Loss Amount in the event of a Stop Loss Trigger Event are positions with a delta in respect of the Underlying Shares for the purposes of the franking credit trading provisions, however Citi has determined that, at the date of this PDS, the CitiFirst Instalment MINIs give a Holder sufficient economic exposure to be entitled to the franking tax offsets.

Nevertheless, the Holder's economic exposure to the Underlying Shares can be affected by the Holder's other dealings (eg, entry into options, warrants, contracts for sale and so on). Holders should seek their own specific advice on this issue.

Holders who are individuals and whose franking tax offsets do not exceed \$5,000 in a tax year are generally entitled to franking tax offsets for that tax year, regardless of their actual economic exposure to the Underlying Shares.

Generally, no Australian franking tax offsets will arise where the Underlying Share is in a company that is not a resident of Australia for Australian income tax purposes. However, in certain circumstances, dividends paid by New Zealand tax resident companies may be franked with Australian franking tax offsets.

ii. Unit trust distributions

Subject to the comments below, a Holder's assessable income will include distributions received on the Underlying Shares where the Security is a unit in a unit trust.

Certain distributions from unit trusts may be "tax deferred". A Holder's assessable income will not include "tax deferred" amounts when they are received. Instead, these distributions generally reduce the cost base of the Holder's interest in the Underlying Shares, and so may increase any capital gain (or decrease any capital loss) on a subsequent disposal of the Underlying Shares. If the total of these "tax deferred" distributions exceeds the cost base for the Holder's interest in the Underlying Shares, then the excess will be taxed as a capital gain to the Holder in the tax year the excess is distributed.

A Holder's assessable income will include a share of dividends distributed by the unit trust. A Holder's assessable income will also include the amount of any franking tax offsets on those dividends, but the Holder would generally be entitled to tax offsets equal to the amount of the franking tax offsets. Where the Underlying Shares are units the application of the franking credit trading provisions is even more complicated than where they are shares for two reasons. Firstly, the trust must also satisfy the franking credit trading provisions and secondly the Holder's economic exposure to the Underlying Parcel may be affected by the terms of the relevant trust deed. Again, Holders should seek their own specific advice on this issue.

Broadly, if the unit trust makes a capital gain, then Holders can offset the amount of their distribution attributable to the capital gain against their capital losses. If the unit trust makes a discount capital gain, then Holders are treated as having made a capital gain equal to double the amount of their distribution attributable to the discount capital gain, which effectively negates the discount capital gain applying at the trust level. Certain Holders (individuals, trustees and complying superannuation entities) are then entitled to the CGT discount on that capital gain in their hands.

A Holder's assessable income will include any foreign tax paid on foreign income derived by the trust. The Holder will then generally be entitled to a tax offset for the foreign tax, capped at the lesser of the amount of Australian tax payable on the total of that type of foreign income and the foreign tax.

If the trust is a public trading trust, the trust will be treated as a company and distributions will be deemed to be dividends so that the tax consequences described in the Section 5.2.4(a) "Dividends" above will generally apply.

5.3 SELLING YOUR CITIFIRST INSTALMENT MINIS

When a Holder sells their CitiFirst Instalment MINIs on Cboe, or under an Off Market Redemption Notice, for CGT purposes they dispose of their beneficial interest in the Underlying Shares.

The Holder will make a capital gain to the extent that the total of the sale price and the amount of the Holder's Loan that is repaid by the purchaser exceeds the cost base of their beneficial interest in the Underlying Shares.

Further, although the capital protected borrowing provisions are not entirely clear on this issue, and there is no case law or ATO guidance on point, consistent with the policy intention of the capital protected borrowing provisions, if a Holder is deemed under the capital protected borrowing provisions to have incurred an amount for a put option (see 5.1.1 and 5.1.2), then the Holder should also realise a capital loss when they sell their CitiFirst Instalment MINIs equal to the amount they are treated as having incurred for it.

A capital gain may be eligible to be a discount capital gain if the Holder is an individual, trust or a complying superannuation entity and the CitiFirst Instalment MINIs are disposed of at least 12 months after the Holder acquired them. Capital gains made by companies and other taxpayers are not discounted. Capital gains are only discounted after a Holder's other capital losses and carried forward net capital losses have been applied. If a capital gain is eligible to be discounted, then only 50% of the amount of the capital gain is included in the assessable income of a Holder who is an individual or a trust, and 66⅔% for a Holder that is a complying superannuation entity.

A Holder will make a capital loss to the extent that the total of the cost base of the Holder's beneficial interest in the Underlying Shares exceeds the total of the sale price and the amount of the Holder's Loan that is repaid by the purchaser. If a Holder makes a capital loss, then the loss can only be used to reduce the Holder's other capital gains. If there are insufficient capital gains to absorb the capital losses, the Holder will have a net capital loss for the income year which can generally be carried forward to offset future capital gains.

5.4 EFFECT OF A STOP LOSS TRIGGER EVENT

If a Stop Loss Trigger Event occurs then a Holder's Underlying Shares will be sold and, where Holders do not sell their CitiFirst Instalment MINIs on Cboe before the Stop Loss Trading Close, the proceeds of sale of the Underlying Shares will be applied by the Trustee in repayment of the Loan and nothing further will be payable under the Loan. The Holder will not be entitled to any excess after that application but will be entitled to receive the Stop Loss Amount.

- The sale of the Underlying Shares will be a disposal for CGT purposes. The capital proceeds will be the lesser of the proceeds of sale and the Loan Amount. The Holder will realise a capital gain or loss accordingly, and a capital gain may be a discount capital gain in the circumstances described in 5.3 above.
- Where the average proceeds of sale exceed the Loan Amount such that Holders receive a Stop Loss Amount then Holders will derive a capital gain equal to the Stop Loss Amount.
- If a Holder is deemed under the capital protected borrowing provisions to have incurred an amount for a put option (see 5.1.1 and 5.1.2), then the Holder should also realise a capital loss equal to the amount they are treated as having incurred for it.

If the sale price is less than the amount of the Holder's Loan, then Citi cannot recover the shortfall from the Holder. In these circumstances:

- consistent with existing product rulings for similar products, the ATO would be expected to maintain that the cost base of the Holder's beneficial interest in the Underlying Shares is reduced by the amount of the shortfall, so reducing the Holder's capital loss;
- the shortfall should not generally be assessable income or give rise to a capital gain for the Holder; and
- there should be no adverse consequences for the Holder under the commercial debt forgiveness provisions.

5.5 EXERCISING YOUR CITIFIRST INSTALMENT MINIS

A Holder can exercise a CitiFirst Instalment MINI by paying the Final Instalment or exercising the right to deliver a Request for Purchase Notice.

a) Paying the Final Instalment

If a Holder pays the Final Instalment plus the estimated Exercise Costs (if any), the Trustee will procure the delivery of the Underlying Shares to the Holder and the right to deliver a Request for Purchase Notice will expire. In these circumstances:

- based on the position taken by the ATO in product rulings relating to similar instalment warrants, the delivery of the Underlying Shares will not give rise to any immediate tax consequences for the Holder;
- the Holder's cost base for the Underlying Shares will equal the cost base for the Holder's beneficial interest in the Underlying Shares plus any Exercise Costs; and
- if a Holder is deemed under the capital protected borrowing provisions to have incurred an amount for a put option (see 5.1.1 and 5.1.2), then the Holder should also realise a capital loss equal to the amount they are treated as having incurred for it.

b) Exercising the right to deliver a Request for Purchase Notice

If the Holder exercises the right to deliver a Request for Purchase Notice, then Citi must purchase the Underlying Shares from the Holder for the greater of the Market Value and the Final Instalment. The sale price will first be used to pay any amounts due to the Trustee and any amounts outstanding under the Loan. Any excess will be paid to the Holder.

The sale of the Underlying Shares on exercise of the right to deliver a Request for Purchase Notice will be a disposal for CGT purposes. The Holder's cost base for the Underlying Shares will include the amount (if any) deemed under the capital protected borrowing provisions (see 5.1.1 and 5.1.2) to be incurred for a put option. The capital proceeds will be the sale price of the Underlying Shares (regardless of whether the Holder actually receives all of this amount or, for example, part of it is used to repay the Holder's Loan). The Holder will realise a capital gain or a capital loss accordingly.

5.6 FAILURE TO EXERCISE YOUR CITIFIRST INSTALMENT MINIS BY THE MATURITY DATE

If a Holder does not exercise their CitiFirst Instalment MINIs by the Maturity Date, then Citi may sell the Underlying Shares. The sale price will first be used to pay any amounts outstanding under the Loan and any excess will be paid to the Holder. In these circumstances:

- The sale of the Underlying Shares will be a disposal for CGT purposes. The capital proceeds will be the sale price of the Underlying Shares (regardless of whether the Holder actually receives all of this amount). The Holder will realise a capital gain or loss accordingly, and a capital gain may be a discount capital gain in the circumstances described in 5.3 above.
- If a Holder is deemed under the capital protected borrowing provisions to have incurred an amount for a put option (see 5.1.1 and 5.1.2), then the Holder should also realise a capital loss equal to the amount they are treated as having incurred for it.

If the sale price is less than the amount of the Holder's Loan, then Citi cannot recover the shortfall from the Holder. In these circumstances:

- consistent with existing product rulings for similar products, the ATO would be expected to maintain that the cost base of the Holder's beneficial interest in the Underlying Shares is reduced by the amount of the shortfall, so reducing the Holder's capital loss;
- the shortfall should not generally be assessable income or give rise to a capital gain for the Holder; and
- there should be no adverse consequences for the Holder under the commercial debt forgiveness provisions.

5.7 GST

No GST is payable on the following supplies and acquisitions:

- the issue or creation of CitiFirst Instalment MINIs;
- the on-market transfer of a CitiFirst Instalment MINI as a consequence of an on-market sale or purchase of a CitiFirst Instalment MINI;
- any transfer of an Underlying Share to the Trustee on acceptance of a Shareholder Application by Citi;
- the transfer of an Underlying Share to a Holder on payment of the Final Instalment; or
- the making of a loan or the granting of a security.

However, it is usual for GST to be payable on supplies in consideration for commissions or fees payable to intermediaries, such as financial advisers. In general, this GST may be passed on to you as part of the commission or fee, or as an additional amount.

5.8 STAMP DUTY

The purchase, sale, expiry or termination of the CitiFirst Instalment MINIs should not be liable to stamp duty in any Australian jurisdiction.

No stamp duty should be payable by the Holder on giving an Exercise Notice or acquiring or disposing of the listed Securities comprising an Underlying Parcel.

That is on the basis that at the time of the relevant transaction:

- the CitiFirst Instalment MINI will be quoted on Cboe and the Security will be quoted on the ASX;
- there will be at least 300 holders of the Securities in any trust Entity (where associates are treated as a single holder);
- no person (together with their associates) will hold 20% or more of the Securities of any trust Entity; and
- all of the shares in any company Entity will be quoted on the ASX (that is, there will be no unquoted class of shares in any company Entity).

SECTION 6 – FEES AND OTHER COSTS

6.1 SUMMARY OF FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment value rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

Ask Citi or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

This Section 6 of this PDS shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or added to your Final Instalment. Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

2 The amounts of the fees in this table are GST inclusive amounts and have not been reduced by the amount of any reduced input tax credit (or RITC) because it is not expected that investors will be entitled to claim RITC in respect of these fees. Investors would only be entitled to claim the amount of the RITC applicable to the Rollover Citi Fee if the investor is registered for GST and holds a tax invoice from Citi in respect of the Rollover Citi Fee.

6.2 EXAMPLE OF ANNUAL FEES AND COSTS

This table gives an example of how the fees and costs for this product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

EXAMPLE – CitiFirst Instalment MINIs		BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING YEAR
Contribution Fees	nil	For each additional \$5,000 you put in you will be charged nil.
PLUS Management Costs	nil	And , for every \$50,000 you have invested in CitiFirst Instalment MINIs, you will be charged \$nil for each year.*
EQUALS Cost of fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$nil* What it costs you will depend on the investment option you choose and the fees you negotiate.

*Additional fees may apply:

See "Additional Explanation of Fees and Costs" in Section 6.3 of this PDS below.

6.3 ADDITIONAL EXPLANATION OF FEES AND COSTS

Certain fees and costs are incurred by investors. These include interest costs in the form of the Daily Funding Amount.

a) Daily Funding Amount

The interest on the Loan is incurred in the form of a Daily Funding Amount, which is only incurred if a Holder holds their CitiFirst Instalment MINI overnight (rather than buying and selling the CitiFirst Instalment MINI in the same day). The Daily Funding Amount is calculated in respect of each calendar day by reference to the Interest Rate, which is a variable rate. Please contact Citi for the current Interest Rate.

The Daily Funding Amount will be added to your Final Instalment amount daily, thereby increasing the Final Instalment in respect of each calendar day. These leverage costs will not require any physical payment by the Holder, but will be added to the Final Instalment before trading opens on Cboe each day except that when trading resumes on Cboe after a

holiday or after the weekend, the Final Instalment reported by Citi for that day will incorporate and be increased by more than one day's Daily Funding Amount. Generally, when the market re-opens on a Monday, the Final Instalment will be increased by three days' of leverage costs added to it. This means that the leverage cost is not smoothly applied to CitiFirst Instalment MINIs each day.

A worked example of the calculation of the Daily Funding Amount is provided in Section 1.17, Example 1.

b) Exercise Costs

You will be required to pay Exercise Costs of up to 1% if you deliver a Request for Purchase Notice or if you fail to exercise or rollover your CitiFirst Instalment MINIs prior to the Maturity Date. Exercise Costs means any stamp duty or equivalent government tax, impost or duty, any brokerage, commission or other transaction cost charged on the exercise of a CitiFirst Instalment MINI.

c) Off Market Redemption Fee

If a Holder sells CitiFirst Instalment MINIs under an Off Market Redemption Notice (rather than selling them on Cboe), the amount that a Holder may receive from Citi per CitiFirst Instalment MINI will be the Off Market Redemption Price, which is net of the Off Market Redemption Fee.

The Off Market Redemption Fee will be paid to Citi to compensate Citi for the operational costs and expenses it incurs in connection with the transfer of CitiFirst Instalment MINIs under an Off Market Redemption Notice and which may be influenced by market volatility and the liquidity of the Underlying Shares.

The Off Market Redemption Fee will be as specified as Citi and may be up to 1% of the Market Price of the CitiFirst Instalment MINI as at the close of trading on the Off Market Redemption Trading Day.

d) Trailing Fees

Citi may pay advisers a trailing fee of up to 1.00% per annum (including GST) of the Final Instalment, payable quarterly in arrears in relation to a Citi Instalment MINI held by a Non-Retail Investor.

e) Service Fee

An Applicant may authorise:

- Citi to receive and pay to their Adviser a Service Fee specified in their Application Form; and
- their Adviser to hold that Service Fee on trust and pay to the Representative out of that Service Fee the amount (if any) disclosed in the Adviser Disclosure Document.

The Service Fee is payable:

- for a Cash Applicant, in cash in addition to their First Instalment;
- for a Shareholder Applicant, out of their Cashback Amount; and
- for a Rollover Applicant, in cash in addition to their Rollover Payment or out of their Cashback Amount (as applicable). To the extent that the Cashback Amount is insufficient to pay that Service Fee and the Rollover Citi Fee in full, the Rollover Applicant will be required to make a further cash payment to Citi for that shortfall.

If Citi does not accept your Application, any amount received by Citi in relation to the Service Fee you specified in your Application will be repaid to you.

f) Worked examples of the Service Fee

The figures used in the following examples are illustrative only and do not represent in any way the figures that may apply to the actual issue of CitiFirst Instalment MINIs. The examples do not provide illustration of all of the different types of individual transactions that may be entered into in relation to CitiFirst Instalment MINIs.

An investor applies by way of Cash Application for 1,000 CitiFirst Instalment MINIs issued over shares in BHP with a First Instalment (F1) of \$25.846 and a Final Instalment (F2) of \$10.00. The total First Instalment is therefore \$25,846.

- If the investor authorises Citi to receive and pay to their Adviser a Service Fee of \$550 (inclusive of GST), the upfront cost of the investment is \$26,396.
- If, alternatively, the investor authorises Citi to receive and pay to their Adviser a Service Fee of 0.5% of the First Instalment (or \$0.0517 per CitiFirst Instalment MINI, totalling \$129.23 (plus \$12.92 GST)). The upfront cost of the investment is therefore \$25,975.23 (plus \$12.92 GST).

The quantum of any Service Fee is a matter for you to discuss (and agree) with your Adviser. There is no minimum Service Fee.

g) Rollover Citi Fee

Rollover Applicants will be required to pay the Rollover Citi Fee as follows:

- If the Rollover Applicant is entitled to receive a Cashback Amount, the Cashback Amount will be used to pay the Rollover Citi Fee. In this case, the Rollover Applicant will receive the balance of the Cashback Amount (after payment of the Rollover Citi Fee and if the Rollover Application authorised a Service Fee, the Service Fee).
- If the Rollover Applicant is entitled to receive a Cashback Amount, but the Cashback Amount is insufficient to pay the Rollover Citi Fee (and if the Rollover Application authorised a Service Fee, the Service Fee) in full, the Cashback Amount will be used to pay part of the Rollover Citi Fee and the Rollover Applicant will be required to pay the balance of the Rollover Citi Fee in cash.
- If the Rollover Applicant is required to make a Rollover Payment to Citi, the Rollover Applicant will pay the Rollover Citi Fee and any Service Fee specified in the Rollover Application in cash (with the Rollover Payment).

h) Cash Applicants and Shareholder Applicants are not required to pay the Rollover Citi Fee.

The amount of the Rollover Citi Fee is up to 0.55% (including GST), as determined by Citi when accepting the Application Form, of the Final Instalment as at the time the CitiFirst Instalment MINI is issued. It is payable to and will be retained by Citi to compensate Citi for the administrative costs Citi incurs in administering the Rollover Application. Rollover Applicants may contact Citi on 1300 30 70 70 before submitting their Rollover Application Form to obtain an indication of the percentage of their Rollover Citi Fee at that time. Citi will advise successful Rollover Applicants of the actual percentage of their Rollover Citi Fee after their Application has been processed.

i) Worked example for Rollover Citi Fee

The following example is based on a hypothetical scenario where a Rollover Applicant wishes to rollover for BHPJCA CitiFirst Instalment MINIs and has agreed with their financial adviser, as at the time the Application is accepted by Citi.

The investor calls Citi and informs Citi of their intention to make a Rollover Application, where the Final Instalment for each BHPJCA CitiFirst Instalment MINI at that time is \$50. On this basis, Citi advises the investor that if their Application was accepted (and the CitiFirst Instalment MINIs are issued) at the time of the call:

- on the basis of the Final Instalment at that time, the investor would be entitled to be issued with 1,000 BHPJCA CitiFirst Instalment MINIs; and
- the indicative Rollover Citi Fee is 0.55% of the Final Instalment which, on the basis of the Final Instalment at that time, would be \$0.275 per CitiFirst Instalment MINI, and the total amount of the Rollover Citi Fee would be \$275 for 1,000 BHPJCA CitiFirst Instalment MINIs.

The next Cboe Trading Day, the investor completes their Application Form and submits it to Citi.

The Application is accepted by Citi two Cboe Trading Days after submission of the Application Form and the investor is issued with the relevant number of CitiFirst Instalment MINIs. However, at the time those CitiFirst Instalment MINIs are issued, the Final Instalment is \$55. This means that the investor will actually pay a higher Rollover Citi Fee per CitiFirst Instalment MINI (\$0.3025) than the indicative Rollover Citi Fee the investor was advised of by Citi three Cboe Trading Days prior. In this scenario, the investor would actually be charged a Rollover Citi Fee of \$302.50.

SECTION 7 – CITI AND GROUP DETAILS

The CitiFirst Instalment MINIs issued under this PDS will be issued by Citigroup Global Markets Australia Pty Limited which is a wholly owned subsidiary of Citigroup Inc., and a member of the Citigroup Inc. group of companies (**Group**).

The Group has been in the Asia Pacific region for more than 100 years and today provides more services in more markets for more clients than any other financial institution.

7.1 CITI IN AUSTRALIA AND NEW ZEALAND

The Group established a presence in Australia in 1971 and in New Zealand in 1982. In 1984, the Group's securities and investment banking business commenced operations and in 1985 Citibank Pty Limited (now Citigroup Pty Limited) became the first foreign bank to be granted an Australian banking licence.

Today, the Group provides financial services to more than 1 million consumers and over 900 corporate clients in Australia and New Zealand.

7.2 FINANCIAL INFORMATION ABOUT CITI

The net asset position of Citi as stated in its most recent audited financial statements was \$326.2 million as at 31 December 2021.

Copies of financial statements of Citi can be obtained free of charge by calling Citi on 1300 30 70 70.

Due to the current regulatory environment, most credit rating agencies are no longer consenting to the inclusion of credit rating information in retail disclosure documents issued in Australia. As a consequence, Citi is not able to provide information in relation to its credit rating.

7.3 DISCLAIMER

No circumstance has arisen and no information has become available except as disclosed in this PDS or to Cboe that would materially affect an investor's decision for the purpose of making an informed assessment of the capacity of Citi to fulfil its obligations under the Terms of Issue, or the risks, rights or obligations associated with the CitiFirst Instalment MINIs since 31 December 2021.

SECTION 8 – ADDITIONAL INFORMATION

8.1 STATUS OF CITIFIRST INSTALMENT MINIS

4 SPECIAL DIVIDENDS

For Series where the Self Funding Feature does not apply, if a Special Dividend is declared on the Underlying Parcel and Citi exercises its discretion to require all or part of the Special Dividend (or proceeds of sale of the securities or assets comprising the Special Dividend) be paid to Citi to be used by Citi to reduce the Final Instalment, or if Citi requires any cash proceeds of any corporate or other action to be paid to and used by Citi to reduce the Final Instalment as described in clause 11 of the Instalment Warrant Deed, then a portion of the Loan equal to the amount to be paid to Citi is immediately due and will be satisfied out of the amount paid to Citi.

Assume that the First Instalment is AUD 26.00.

The Total Investment Amount for one of the CitiFirst Instalment MINIs you applied for is AUD 26 (First Instalment).

The total number of CitiFirst Instalment MINIs to be issued to you (**N**) by Citi is calculated by dividing your Total Investment Amount per Series (**T**) by the total cost of one CitiFirst Instalment MINI in that Series (consisting of the relevant First Instalment) (**C**), which can be expressed in the following formula:

$$N = T / C$$

In example 1 above, N is equal to approximately 1,923.08 (to 2 decimal places).

However, Citi will not issue to you and you will not be entitled to receive any fraction of a CitiFirst Instalment MINI. Citi will either:

- round N up to the nearest whole number (where the decimal component of N is greater than or equal to 0.5); or
- round N down to the nearest whole number (where the decimal component of N is less than 0.5),

and you will then be issued with the relevant rounded whole number of CitiFirst Instalment MINIs.

In circumstances where N is rounded down, you agree that Citi is under no obligation to make any payment or provide any refund to you in respect of any fraction of a CitiFirst Instalment MINI you have not received.

In example 1 above where N is equal to approximately 1,923.08, the decimal component of N is approximately 0.08, which is less than 0.5. Therefore, Citi will round down N (or the number of CitiFirst Instalment MINIs which you are entitled to receive) and you would be issued with a total of 1,923 XXXJCA CitiFirst Instalment MINIs. You would not be entitled to receive any refund in respect of the 0.08 of a CitiFirst Instalment MINI you have not received.

Cash Application Form Instructions

This guide is for investors wishing to purchase CitiFirst Instalment MINIs for cash and pay by cheque, BPAY or direct debit.

By not providing your TFN, you accept that part or all of your holding may be sold sufficient to pay the withholding tax.

Alternatively, Applicants may enter their ABN if applicable.

Non residents or an exempt entity for Australian taxation purposes must declare their status and provide an exemption number, if applicable.

C Postal Address for Correspondence

- Enter the **amount of money** you would like to invest in each Series in column E1. This is the Total Investment Amount per Series.
- Add the amounts in column E1 to obtain your **Total Investment Amount** and enter it in the space provided at the bottom of the table.

Investors will be issued with a number of CitiFirst Instalment MINIs in each Series applied for (**N**), which is determined by Citi by dividing the Total Investment Amount per Series (**T**) by the total cost of one CitiFirst Instalment MINI in that Series (consisting of the relevant First Instalment) (**C**) and can be expressed in the following formula:

$$N = T / C$$

However, Citi will not issue to you and you will not be entitled to receive any fraction of a CitiFirst Instalment MINI. Citi will either:

- round **N up** to the nearest whole number (where the decimal component of N is greater than or equal to 0.5); or
- round **N down** to the nearest whole number (where the decimal component of N is less than 0.5),

and you will then be issued with the relevant rounded whole number of CitiFirst Instalment MINIs.

In circumstances where N is rounded down, you agree that Citi is under no obligation to make any payment or provide any refund to you in respect of any fraction of a CitiFirst Instalment MINI you have not received.

An example is provided in Section 11 to further demonstrate how these calculations will be determined by Citi.

Applicants whose Application is accepted will receive the following from Citi as soon as reasonably practicable after the issue of their CitiFirst Instalment MINIs:

- a notice identifying the number of CitiFirst Instalment MINIs in each Series issued to them; and
- the amounts of their First Instalment and Final Instalment for each Series issued to them.

COMPENSATION ARRANGEMENTS

Citigroup Inc. has provided a guarantee in respect of Citi's liabilities to customers due to breaches by Citi or its current representatives of their relevant obligations under Chapter 7 of the Corporations Act. The guarantee also covers liabilities in relation to the conduct of representatives and/or employees who no longer work for Citi (but who did at the time of the relevant conduct). The guarantee is approved by ASIC as an alternate compensation arrangement put in place instead of professional indemnity insurance. The guarantee satisfies the requirements under section 912B of the Corporations Act. The guarantee reduces the risk that Citi cannot pay customer claims because of insufficient financial resources.

HOW WE ARE REMUNERATED FOR THE SERVICES WE PROVIDE

Citi will charge you a fee for the services provided to you.

Transaction based fee arrangement

Under a transaction based fee arrangement, Citi will charge you a commission on transactions undertaken based on the value of the securities bought or sold. You will be advised of the rate of commission when you open an account with us and of any changes to our commission rates from time to time. A minimum charge, of which you will be advised before you make a transaction, may apply to some transactions. Details of these commissions and fees are set out in the confirmation or PDS for that particular financial product.

Other

Fees may also be payable for the provision of services such as the provision of custody arrangements. Your representative will inform you of these in advance. GST is levied on fees charged to Australian residents.

Citi may also receive commissions, volume bonuses and other incentives from fund managers and product issuers (including Citi and/or its associates) whose products we recommend to you. Your representative will explain to you the level of commissions at the time of making the recommendation.

The commissions we receive are usually a percentage of the fund manager's initial and/or ongoing fees. Commissions received by Citi are described in the PDS for those products that we recommend. Your representative will explain to you how those commissions are calculated at the time of making the recommendation.

WILL ANYONE BE PAID FOR REFERRALS?

Where you have been referred to us by a third party such as a financial planning group or accountant, we may pay an introductory fee or commission rebate in relation to the referral. Please refer to the financial services guide or statement of advice provided by the relevant third party for more detailed information on payments (if any) that may be payable.

HOW ARE OUR REPRESENTATIVES REMUNERATED?

Representatives are remunerated on a salary and bonus basis. The bonus is entirely at the discretion of management. Citi employees and directors receive salaries, bonuses based on performance criteria and other benefits from us.

The PDS for the particular product may disclose further details of remuneration received by Citi employees or paid to representatives.

PARTICULARS OF REMUNERATION

You may request particulars of the remuneration (including commissions) or other benefits received by Citi, its related bodies corporate, and/or a director or employee of Citi or its related bodies corporate that relate to the provision to you of a financial service. However, that request must be made within a reasonable time after you are provided with a copy of this FSG and before any financial services identified in this FSG are provided to you.

PRIVACY PROTECTION AT CITI

Information in relation to our Privacy Policy and about our collection, use, disclosure and management of your personal information is provided in section 8.15 of the PDS to which this FSG is annexed.
